

PROSPECTUS

TELIA COMPANY AB (publ)

(incorporated as a company with limited liability in Sweden)

€12,000,000,000

Euro Medium Term Note Programme

Under this €12,000,000,000 Euro Medium Term Note Programme (the "**Programme**"), Telia Company AB (publ) (the "**Issuer**" or "**Telia Company**") may from time to time issue notes (the "**Notes**") denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

The maximum aggregate nominal amount of all Notes from time to time outstanding will not exceed €12,000,000,000 (or its equivalent in other currencies calculated as described herein).

The Notes may be issued on a continuing basis to one or more of the Dealers and any additional Dealer appointed under the Programme from time to time, which appointment may be for a specific issue or on an ongoing basis (each a "**Dealer**" and together the "**Dealers**"). References in this Prospectus (the "**Prospectus**") to the "**relevant Dealer**" shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to purchase such Notes.

This Prospectus has been approved as a base prospectus by the *Commission de Surveillance du Secteur Financier* (the "**CSSF**"), as competent authority under Regulation (EU) 2017/1129 (as amended, the "**Prospectus Regulation**"). The CSSF only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Approval by the CSSF should not be considered as an endorsement of the Issuer or of the quality of the Notes. Investors should make their own assessment as to the suitability of investing in the Notes.

In accordance with Article 6(4) of the Luxembourg Law on Prospectuses dated 16 July 2019, the CSSF assumes no responsibility for the economic and financial soundness of the transactions contemplated by this Prospectus or the quality or solvency of the Issuer. Application has been made to the Luxembourg Stock Exchange for Notes (other than Swedish Registered Notes, as defined below) issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange's regulated market and to be listed on the Official List of the Luxembourg Stock Exchange. The CSSF has neither reviewed nor approved any information in this Prospectus relating to Swedish Registered Notes.

References in this Prospectus to Notes being "**listed**" (and all related references) shall mean that such Notes have been admitted to trading on the Luxembourg Stock Exchange's regulated market and have been admitted to the Official List of the Luxembourg Stock Exchange. The Luxembourg Stock Exchange's regulated market is a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2014/65/EU (as amended, "**MiFID II**")).

This Prospectus (as supplemented as at the relevant time, if applicable) is valid for 12 months from its date in relation to Notes which are to be admitted to trading on a regulated market in the European Economic Area (the "EEA") and, accordingly, ceases to be valid from 8 May 2026. The obligation to supplement this Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Prospectus is no longer valid.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined under "*Terms and Conditions of the Notes*") of Notes will be set out in final terms (the "**Final Terms**") which, with respect to Notes to be listed on the Luxembourg Stock Exchange, will be filed with the CSSF. Copies of Final Terms in relation to Notes to be listed on the Luxembourg Stock Exchange will also be published on the website of the Luxembourg Stock Exchange (www.luxse.com).

The Programme provides that Notes may be listed and/or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the Issuer and the relevant Dealer. The Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market.

The Notes of each Tranche (except (i) Notes which are to be cleared through the Swedish Central Securities Depository & Clearing Organisation, Euroclear Sweden AB and which are in registered form in accordance with the Swedish Financial Instruments Accounts Act (SFS 1998:1479) ("**Swedish Registered Notes**" and "**Euroclear Sweden**" respectively) and (ii) Notes which are to be cleared through the Norwegian Central Securities Depository (formally named Verdipapirsentralen ASA, trading as Euronext Securities Oslo) ("**Euronext VPS**") and which are in uncertificated and dematerialised book entry form ("**VPS Notes**") will initially be represented by either a temporary global Note or, if so specified in the applicable Final Terms, a permanent global Note, which will be deposited on the issue date thereof with a common depositary, or common safekeeper, as the case may be, on behalf of Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking

S.A. ("**Clearstream, Luxembourg**"), and/or any other agreed clearing system. A temporary global Note will be exchangeable, as specified in the applicable Final Terms, for either a permanent global Note or Notes in definitive form, in each case upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury regulations. The applicable Final Terms will specify that a permanent global Note either (i) is exchangeable (in whole but not in part) for definitive Notes upon not less than 60 days' notice or (ii) is only exchangeable (in whole but not in part) for definitive Notes following the occurrence of an Exchange Event (as defined under "*Form of the Notes*"), all as further described in "*Form of the Notes*" below. Swedish Registered Notes and VPS Notes will be issued in uncertificated and dematerialised book entry form as more fully described in "*Form of the Notes*" below.

The Issuer may agree with any Dealer that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes herein (the "**Conditions**" and references to a numbered "**Condition**" shall be construed accordingly), in which event a supplement to the Prospectus or a new Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes. The Issuer has been rated BBB+ for long term borrowings and A-2 for short-term borrowings by S&P Global Ratings Europe Limited ("**Standard & Poor's**") and Baa1 for long term borrowings by Moody's Investors Service España, S.A. ("**Moody's**"). The Programme has been rated (P)Baa1 by Moody's and BBB+ by Standard & Poor's. Each of Moody's and Standard & Poor's is established in the EEA and is registered under Regulation (EC) No. 1060/2009 (as amended) (the "**CRA Regulation**"). As such each of Moody's and Standard & Poor's is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at <https://www.esma.europa.eu/credit-rating-agencies/cra-authorisation>) in accordance with the CRA Regulation. Moody's is not established in the United Kingdom ("**UK**") and has not applied for registration under the CRA Regulation as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**EUWA**") (the "**UK CRA Regulation**"). However, Moody's Investors Service Ltd., which is established in the UK and registered under the UK CRA Regulation, has endorsed the global sale ratings assigned by its non-UK affiliates, including Moody's. Standard & Poor's is not established in the UK and has not applied for registration under the UK CRA Regulation. However, S&P Global Ratings UK Limited, which is established in the UK and registered under the UK CRA Regulation, has endorsed the global sale ratings assigned by its non-UK affiliates, including Standard & Poor's. Notes issued under the Programme may be rated or unrated by any one or more of the rating agencies referred to above. Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms and will not necessarily be the same as the rating assigned to the Programme by Moody's and Standard & Poor's. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Amounts payable under the Notes may be calculated by reference to one or more "benchmarks" (the "**Programme Benchmarks**") for the purposes of Regulation (EU) No. 2016/1011 of the European Parliament and of the Council of 8 June 2016 (as amended) (the "**Benchmarks Regulation**"), as specified in the applicable Final Terms. As at the date of this Prospectus: (i) the administrators of EURIBOR, NIBOR and STIBOR are included in ESMA's register of administrators under Article 36 of the Benchmarks Regulation; and (ii) the administrator of the Secured Overnight Financing Rate ("**SOFR**") is not included in ESMA's register of administrators under Article 36 of the Benchmarks Regulation. As far as the Issuer is aware, the transitional provisions in Article 51 of the Benchmarks Regulation apply, such that the Federal Reserve Bank of New York (as administrator of SOFR) is not currently required to obtain recognition or endorsement, or to benefit from an equivalence decision.

The Issuer accepts responsibility for the information contained in this Prospectus and the Final Terms for each Tranche of Notes issued under the Programme. To the best of the knowledge of the Issuer (having taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Prospectus is to be read in conjunction with all information which is deemed to be incorporated herein by reference (see "*Documents Incorporated by Reference*" below). This Prospectus shall be read and construed on the basis that such information is incorporated in and forms part of this Prospectus.

Other than in relation to the information which is deemed to be incorporated by reference (see "*Documents Incorporated by Reference*"), the information on the websites to which this Prospectus refers does not form part of this Prospectus and has not been scrutinised or approved by the CSSF.

No representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers as to the accuracy or completeness of the information contained in this Prospectus or any other information provided by the Issuer in connection with the Programme or the Notes or their distribution. The statements made in this paragraph are made without prejudice to the responsibility of the Issuer under the Programme.

No person is or has been authorised to give any information or to make any representation not contained in or not consistent with this Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers.

Neither this Prospectus nor any other information supplied in connection with the Programme or any Notes (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation or constituting an invitation or offer by the Issuer or any of the Dealers that any recipient of this Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Prospectus nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer by or on behalf of the Issuer or any of the Dealers to any person to subscribe for or to purchase any Notes.

Neither the Issuer nor any Dealer nor any of their respective affiliates makes any representation or warranty or assurance as to the suitability of any Notes to fulfil any environmental criteria required by any prospective investors regarding "green", "sustainable", "social" or similar labels (including in relation to Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the so-called "**Taxonomy Regulation**") and any related technical screening criteria, Regulation (EU) 2023/2631 on European Green Bonds and optional disclosures for bonds marketed as environmentally sustainable and for sustainability-linked bonds (the so-called EU Green Bond Regulation), Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector (the so-called "**SFDR**") and any implementing legislation and guidelines, or any similar legislation in the United Kingdom) or any requirements of such labels as they may evolve from time to time. None of the Dealers nor any of their respective affiliates have undertaken, nor are they responsible for, any assessment of the Issuer's Green Bond Framework (as defined in "*Use of Proceeds*") or the monitoring of the use of proceeds (or amounts equal thereto), including without limitation in connection with any Eligible Green Projects (as defined under the Issuer's Green Bond Framework) ("**Eligible Green Projects**"), or the allocation of an amount equal to the proceeds of any issue of Notes to any Eligible Green Projects, nor do any of the Dealers undertake to ensure that there are at any time sufficient Eligible Green Projects to allow for allocation of a sum equal to the net proceeds of the issue of the relevant Notes in full. Neither the Issuer nor any Dealer nor any of their respective affiliates

makes any representation as to the suitability of the Issuer's Green Bond Framework and none of the Dealers nor any of their respective affiliates makes any representation as to the content of the Issuer's Green Bond Framework or any opinion or certification of any third party (whether or not solicited by the Issuer) (including, without limitation, the Second Party Opinion (as defined in "*Use of Proceeds*") which may or may not be made available in connection with the issue of any Notes. The Issuer's Green Bond Framework may also be subject to review and change and may be amended, updated, supplemented, replaced and/or withdrawn from time to time and any subsequent version(s) may differ from any description given in this Prospectus. For the avoidance of doubt, the Issuer's Green Bond Framework and the Second Party Opinion are not, nor shall they be deemed to be, incorporated in and/or form part of this Prospectus. Any Green Bonds issued under the Programme are not issued in compliance with the Taxonomy Regulation and are only intended to comply with the requirements and processes in the Issuer's Green Bond Framework.

The delivery of this Prospectus does not at any time imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme. Investors should review, inter alia, the documents deemed incorporated herein by reference when deciding whether or not to purchase any Notes.

The distribution of this Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer and the Dealers do not represent that this Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer or the Dealers which is intended to permit a public offering of any Notes or distribution of this Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations and the Dealers have represented that all offers and sales by them will be made on the same terms. Persons into whose possession this Prospectus or any Notes come must inform themselves about, and observe, any such restrictions. In particular, there are restrictions on the distribution of this Prospectus and the offer or sale of Notes in the United States, the EEA, the UK, Japan, Belgium, Norway and Singapore (see "*Subscription and Sale*" below).

ESG RATINGS – The Issuer's exposure to Environmental, Social and Governance ("**ESG**") risks and the related management arrangements established to mitigate those risks has been assessed through ESG ratings. Please refer to the information incorporated under the section "*Documents Incorporated by Reference*" for further information. ESG ratings may vary amongst ESG ratings agencies as the methodologies used to determine ESG ratings may differ. The Issuer's ESG ratings are not necessarily indicative of its current or future operating or financial performance, or any future ability to service the Notes and are only current as of the dates on which they were initially issued. Prospective investors must determine for themselves the relevance of any such ESG ratings information contained in the Prospectus or elsewhere in making an investment decision. Furthermore, ESG ratings shall not be deemed to be a recommendation by the Issuer, the Dealers or any other person to buy, sell or hold the Notes. Currently, the providers of such ESG ratings are not subject to any regulatory or other similar oversight in respect of their determination and award of ESG ratings. For more information regarding the assessment methodologies used to determine ESG ratings, please refer to the relevant ratings agency's website (which website does not form a part of, nor is incorporated by reference in, the Prospectus).

IMPORTANT – EEA RETAIL INVESTORS – If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered,

sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97 (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS – If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (as amended, the "**FSMA**") and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA ("**UK MiFIR**"); or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA (the "**UK Prospectus Regulation**"). Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MiFID II product governance / target market – The Final Terms in respect of any Notes may include a legend entitled "MiFID II product governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MiFIR product governance / target market – The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate, subject to the distributor's suitability and appropriateness obligations under FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**"), as applicable. Any distributor should take into consideration the target market assessment; however, a distributor subject to the UK MiFIR Product Governance Rules is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such

Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of financial markets; and
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

PRODUCT CLASSIFICATION PURSUANT TO SECTION 309B OF THE SECURITIES AND FUTURES ACT 2001 OF SINGAPORE - The Final Terms in respect of any Notes may include a legend entitled "Singapore SFA Product Classification" which will state the product classification of the Notes pursuant to section 309B(1) of the Securities and Futures Act 2001 (2020 Revised Edition) of Singapore, as modified or amended from time to time (the "**SFA**").

The Issuer will make a determination in relation to each issue under the Programme of the classification of the Notes being offered for purposes of section 309B(1)(a) of the SFA. Any such legend included on the relevant Final Terms will constitute notice to each of the "relevant persons" for purposes of section 309B(1)(c) of the SFA.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended, (the "**Securities Act**") and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (see "*Subscription and Sale*" below).

All references in this document to "**U.S. dollars**" refer to the currency of the United States of America, those to "**Swedish Kronor**", "**SwKr**" and "**SEK**" refer to the currency of Sweden, those to "**Sterling**" and "**£**" refer to pounds sterling, those to "**NOK**" refer to the currency of the Kingdom of Norway and those to "**EUR**", "**€**" and "**euro**" refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European

Union, as amended. In this Prospectus, unless the contrary intention appears, a reference to a law or a provision of a law is a reference to that law or provision as extended, amended or re-enacted.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment shall be conducted by the relevant Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

Where a Series of Notes is rated, such rating will be disclosed in the applicable Final Terms and will not necessarily be the same as the ratings assigned to the Programme. RISK FACTORS

In purchasing Notes, investors assume the risk that Telia Company may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in Telia Company becoming unable to make all payments due. Telia Company may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside Telia Company's control. Telia Company has identified in this Prospectus a number of factors which could materially adversely affect its business and ability to make payments due.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

References in this Prospectus to "Telia Company" shall be construed as references to the Issuer.

Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

1. FACTORS THAT MAY AFFECT TELIA COMPANY'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER NOTES ISSUED UNDER THE PROGRAMME

Telia Company operates across six geographical markets, offering a broad range of products and services spanning telecommunication, IT and media. These markets are competitive and highly regulated. As a result, Telia Company is subject to a variety of risks and uncertainties. Telia Company defines risk as anything that could have a material adverse effect on the achievement of Telia Company's goals. Risks can be threats, uncertainties or lost opportunities relating to the company's current or future operations or activities. Set forth below is a description of some of the factors that may affect its business, brand perception, financial position and results of operations.

(i) Strategic risks

Execution and transformation

To effectively execute its strategy, Telia Company invests in business transformation programs that aim to enhance agility and flexibility, reduce costs and simplify operations, ultimately boosting Telia Company's competitiveness.

In September 2024, Telia Company launched a major change program aimed at supporting commercial excellence and profitable growth. The program includes the implementation of a country-based operating model, and a reset of the company's cost base through a reduction of 3,000 positions. The success of these transformation programs relies on Telia Company's ability to execute effectively, as well as global economic conditions ("*Risk Factors – Factors that may affect Telia Company's ability to fulfil its obligations under Notes issued under the Programme – Macroeconomic and geopolitical*"), Telia Company's suppliers and partners delivering on their obligations, internal capability shifts and competitor reactions as well as the dynamics of fast-shifting customer behaviour.

The growth of Telia Company's connectivity business is also dependent on current and future regulation as well as the outcome and prices set in spectrum permit auctions (as to which please see below under "*Risk Factors – Factors that may affect Telia Company's ability to fulfil its obligations under Notes issued under the Programme – Legal and regulatory risks – Regulation and licences*").

Telia Company transformation and growth initiatives set out a series of financial and non-financial benefits to be achieved across Telia Company. Failure to execute such transformation and growth

initiatives could have a negative impact on Telia Company's business, potentially deferring revenue upside and delaying cost reductions and efficiency gains from transformed operations.

(ii) Financial risks

Commercial and business model disruption

The geopolitical situation remains uncertain and requires continued monitoring, this situation has driven demand for trusted and secure communication solutions. The macroeconomic situation also continues to be challenging, which in turn has created a market trend of business-to-consumer customers migrating to low-cost brands and business-to-consumer customers scrutinising their telecom and IT budgets.

The telecommunication, information technology and media sectors are undergoing a technology-led transformation, and there is an increasing need for innovation in how Telia Company conducts business, competes with existing and new players, and delivers profitable growth. The TV advertising business is cyclical and business-to-customer customers continue to scrutinise the cost of streaming services which continues to be a concern, alongside illegal television.

Failure to anticipate and respond to the economic headwinds and changes in industry dynamics, and to continue to drive a change agenda that meets developing demands in the market, may adversely affect Telia Company's customer relationships, service offerings, position in the value chain and financial results. Competition from a variety of sources, including current market participants, new entrants and new products and services, continues to intensify and may also adversely affect Telia Company's results.

Impairment losses and restructuring charges

Factors affecting the markets in which Telia Company operates, as well as changes in the economic, regulatory, business, political or societal environment, may negatively affect management's expectation of future cash flows. Telia Company may then be required to recognise asset impairment losses, including but not limited to goodwill.

Significant adverse changes in the economic, regulatory, business, political or societal environment, as well as in Telia Company's business plans, may require Telia Company to recognise asset impairment losses with a negative effect on operating income. In addition, costs associated with dismantling and handling of assets may exceed the estimated asset retirement obligations, with a negative impact on operating income and cash flow.

(iii) Operational and societal risks

Macroeconomic and geopolitical

The current uncertain macroeconomic and geopolitical situations continue to create heightened financial risks for Telia Company. Business-to-customer customers have seen reducing buying power. Interest rates, although decreasing, remain elevated, along with increased costs for IT services. There is also an ongoing risk of geopolitical events that could drive up the prices of raw materials and energy. Telia Company sees only a limited direct effect of the current international trading tariffs being imposed in particular in the United States, but there is an indirect effect for its customers. Furthermore the length, impact and outcome of ongoing geopolitical conflicts such as the war in Ukraine and the Israel-Gaza crises are highly unpredictable. Tensions between China and Taiwan are contributing to increasing supply-chain uncertainties that may develop into a global semiconductor shortage.

Macroeconomic effects impact Telia Company in several ways, including increased costs for funding, supply chains and personnel, and changes in customer buying patterns and negative impacts on the advertising business. Increased geopolitical tensions may increase the risk of cyberattacks that directly

target the operations of Telia Company and its customers, or other critical infrastructure in society, thereby having an indirect impact on Telia Company.

Cybersecurity, network quality, and resilience

Telia Company's ability to deliver high-quality and secure services is fundamental to its customers and societies that Telia Company serves, as well as for Telia Company's commercial success. Maintaining this ability requires networks and systems that are stable, secure and resilient. Today, hybrid warfare is a reality, and geopolitics and cybersecurity are inextricably linked, as evidenced by an increased number of cyberattacks aimed at Telia Company and its customers. As a provider of critical services, Telia Company is subject to a large amount of new security legislation, such as the European Union's Network and Information Security Directive 2 (NIS2) and Digital Operational Resilience Act (DORA).

Successful cyberattacks may lead to loss of data and disturbances in service delivery. Failure to meet Telia Company's customers' quality requirements may lead to sanction costs, fines, contract penalties, damage to Telia Company's reputation and/or customer churn which, in each case, may have an adverse impact on Telia Company's business.

Failure to transform legacy technology and platforms in Telia Company's value chains will result in decreased service quality and increased cybersecurity vulnerabilities.

Supply chain and third-party management

Telia Company relies on a vast network of suppliers, partners and customers. Despite due diligence and audits, there is a risk that suppliers and business partners may violate Telia Company's Supplier Code of Conduct, other requirements, or applicable laws and regulations. Additionally, third parties may also be subject to national or international sanctions, which could negatively impact Telia Company's business operations. The global supply chain is currently affected by volatility, meaning that certain product categories require heightened attention. Furthermore, ongoing global challenges such as geopolitical tensions, elevated inflation and cyberthreats continue to pose significant risks to supply chain stability.

The failure of Telia Company's suppliers and partners to adhere to relevant laws, regulations and supplier requirements may violate human and labour rights. Such failures or perceived failures may also damage the reputation of Telia Company among customers or other stakeholders and potentially result in regulatory consequences for Telia Company. In addition, there is a related supply chain risk, as suppliers that do not comply with laws and regulations may need to terminate their operations, which may lead to Telia Company needing to seek new suppliers. This may have a negative impact on costs and/or delivery times. Violation of national or international sanctions programmes by third parties that Telia Company contracts with may result in penalties and damage to Telia Company's brand and reputation.

Privacy

Ensuring the privacy of Telia's customers and employees is vital for Telia Company's business. Vast amounts of data are generated in and through Telia Company's services and networks and Telia Company has a responsibility to ensure that it processes this data in accordance with all applicable laws while protecting it from misuse, loss, unauthorised disclosure or damage. Data protection regulations are becoming increasingly strict, while technological developments are enabling new, efficient and cost-effective cloud-based solutions. Privacy questions are also relevant for the increased use of artificial intelligence, and it is important that Telia Company manages how personal data is used in this context.

Potential issues related to privacy compliance or personal data breaches may lead to violation of data subjects' privacy. Failing to comply with national and EU legislation may result in significant financial penalties and loss of trust, which in turn may negatively impact Telia Company's business.

Corruption and unethical business practices

Telia Company is exposed to the risk of corruption in its business operations despite a strong and prioritised anti-bribery and corruption program. The risk of corruption – including conflicts of interest – arises, for example, in relation to contracting with third parties and third-party management, the complexity and length of Telia Company's supply chains, and the geographical reach of Telia Company's global business. There is also the inevitable risk of wrongly motivated human factors in business operations. Together, this leads to a risk of non-compliance with applicable regulations and Telia Company's internal rules. The risk is elevated given the current macroeconomic landscape and living costs.

Actual or perceived corruption or unethical business practices may damage Telia Company's reputation. Actual corruption may result in loss of trust and customers, financial penalties, and debarment from procurement and institutional investment processes, which may, in each case, have a negative impact on Telia Company's business. As corruption is often a barrier for human rights and equal opportunities, actual corruption or fraud may lead to Telia Company being associated with human rights violations (please see "*Risk Factors – Factors that may affect Telia Company's ability to fulfil its obligations under Notes issued under the Programme – Social and ethical*").

Social and ethical

Human rights are universal, indivisible, and interdependent, making them challenging to rank and compare. Telia Company continuously works to identify the most material human rights risks in its markets and value chain. Telia Company applies continuous human rights due diligence and conduct human rights impact assessments when there is a need for greater insight into the risk in question. Telia Company sees growing stakeholder expectations from investors, business/public customers and regulators, including in relation to legislation on human rights due diligence and a social taxonomy (such as the Corporate Sustainability Reporting Directive (CSRD), the Corporate Sustainability Due Diligence Directive (CSDDD) and the Norwegian Transparency Act).

Actual or perceived failure in respecting human rights or to comply with ethical standards and social responsibilities may result in human rights violations in the value chain, like health and safety incidents, and a lack of freedom or rights in various respects. This risk can in turn expose the organisation to reputational damage, legal and regulatory consequences, stakeholder dissatisfaction and erosion of trust, which may negatively affect Telia Company's reputation.

Capabilities, skills, competence and leadership

People are at the core of everything Telia Company does, and their engagement, efforts and talents enable Telia Company to execute its strategy. Key risks in this area include talent attraction and retention, developing skills and competences, employee engagement and productivity, fostering a strong culture based on Telia Company's purpose and values, developing leaders, and providing a working environment that is safe, both physically and psychologically. Risk is currently heightened following the change programme announced in September 2024, which included a reduction of 3,000 positions across Telia Company (please see "*Risk Factors – Execution and transformation*").

A shortage of skills and competences could lead to a shift in workforce composition and limit the progress of transformation for Telia Company. In addition, disengaged employees are less productive, less loyal and more likely to leave. The high pace of change, cost pressures and uncertainty within Telia Company could have a negative impact on employee health and well-being and in turn create challenges for retaining employees. A shortage of skills and competences could lead to a shift in workforce composition and limit the progress on transformation and result in costs for Telia Company.

Environment and climate change

Increasing requirements and expectations are applied to Telia Company by customers, policy makers, legislators, investors and others to manage Telia Company's negative impacts on the climate and environment, and to show Telia Company's preparedness for climate change. This is becoming formalised with the introduction of the CSRD and the CSDDD. Because of climate change, increasing numbers of extreme weather events pose risks to Telia Company's infrastructures and services, which, in turn, are vital for societies to function.

Failure to deliver on Telia Company's goals and meet stakeholders' requirements and expectations may lead to reputational damage, loss of revenues, inability to attract talent or limited access to capital. Fluctuating electricity prices, scarcity of renewable energy certificates or the introduction of carbon taxation may increase operational costs. Extreme weather may lead to operational disruptions and drive the need for additional investments.

(iv) Legal and regulatory risks

Regulation and licenses

Telia Company operates in the highly regulated telecommunication industry and it must navigate a landscape of evolving legislation and court precedents. In recent years, the regulatory focus in the EU has moved away from primarily concentrating on network competition to place greater emphasis on sustainability, the digital economy and security. The risks within this regulatory framework encompass various aspects, including competition-related challenges, potential litigations, contractual obligations and other legal compliance issues.

Regulatory changes, fragmented local implementation and interpretation, as well as decisions by regulatory authorities or courts, including the granting or amending of telecommunication licences and spectrum permits and increasing national security requirements, may affect Telia Company's strategy, ability to conduct business and financial results. Furthermore, non-compliance with competition laws and regulations could lead to legal sanctions, financial penalties, reputational harm and disruption of business operations.

Legal, governmental and administrative proceedings

There is always a risk that actions may be taken by the police, prosecution or regulatory authorities in other jurisdictions against Telia Company's operations or transactions, or against third parties, whether they be Swedish or non-Swedish individuals or legal entities, and that this might directly or indirectly harm Telia Company's business, results of operations, financial position, cash flows or brand reputation.

(v) Actions by the largest shareholder

As of 31 December 2024, the Swedish State held 41.06 per cent. of Telia Company's outstanding shares. Accordingly, the Swedish State, acting alone, may have the power to influence any matters submitted for a vote of shareholders. The interests of the Swedish State in deciding these matters could be different from the interests of Telia Company's other shareholders or from the interests of Noteholders.

(vi) Financial risk management

Telia Company is exposed to financial risks such as credit risk, liquidity risk, currency risk, interest rate risk, financing risk and pension obligation risk. Financial risk management is centralised in the Group Treasury unit and is described more fully in "*Telia Company AB (publ) – Financial risk management*". Failure to effectively manage and hedge these financial risks could have a negative impact on Telia Company's financial position and results of operations.

2. FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME

(i) Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider the reinvestment risk in light of other investments available at that time.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes are Notes which bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market in, and the market value of, such Notes as the change of interest basis may result in a lower interest return for Noteholders. Where the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

The regulation and reform of "benchmarks" could adversely affect the value of any Notes linked to or referencing such "benchmarks"

Benchmark reform in general

Interest rates and indices which are deemed to be "benchmarks" (including Programme Benchmarks) are the subject of national and international regulatory guidance and reform aimed at supporting the transition to robust benchmarks. Most reforms have now reached their planned conclusion (including the transition away from LIBOR), and "benchmarks" remain subject to ongoing monitoring. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or

have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a "benchmark".

The Benchmarks Regulation applies, subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of "benchmarks" of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed). Regulation (EU) 2016/2011 as it forms part of domestic law by virtue of the EUWA (the "**UK Benchmarks Regulation**") among other things, applies to the provision of benchmarks and the use of a benchmark in the UK. Similarly, it prohibits the use in the UK by UK supervised entities of benchmarks of administrators that are not authorised by the FCA or registered on the FCA register (or, if non-UK based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, could have a material impact on any Notes linked to or referencing any Programme Benchmark, in particular, if the methodology or other terms of the relevant Programme Benchmark are changed in the future in order to comply with the requirements of the Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, or other similar legislation, or if a critical benchmark is discontinued or is determined by a regulatory to be "no longer representative". Such factors could, among other things, have the effect of reducing, increasing or may otherwise affect the volatility of the published rate or level of the relevant Programme Benchmark or have other consequences which cannot be predicted.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements.

Such factors may have (without limitation) the following effects on certain benchmarks: (i) discouraging market participants from continuing to administer or contribute to a benchmark; (ii) triggering changes in the rules or methodologies used in the benchmark and/or (iii) leading to the disappearance of the benchmark. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to, referencing, or otherwise dependent (in whole or in part) upon, a Programme Benchmark (including potential rates of interest thereon).

Benchmark discontinuation under the Conditions

The Conditions provide for certain fallback arrangements in the event that a Benchmark Event or a Benchmark Transition Event (as applicable) occurs in respect of the Original Reference Rate for the relevant Series of Notes.

Such fallback arrangements include the possibility that the Rate of Interest could be set by reference to a Successor Rate, an Alternative Rate or a Benchmark Replacement (as applicable and each as defined in the Conditions), with the application of an adjustment spread (if any such adjustment spread is determined) or Benchmark Replacement Adjustment (as defined in the Conditions), and may include amendments to the Conditions to ensure the proper operation of the successor or replacement benchmark, as further described in Conditions 4(b)(ii)(D) and 4(b)(ii)(E).

An adjustment spread, if determined, or a Benchmark Replacement Adjustment could be positive, negative or zero and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of an Original Reference Rate (as defined in the Conditions). However, it may not be possible to determine an adjustment spread and, even if an adjustment spread

or a Benchmark Replacement Adjustment is applied, it may not be effective to reduce or eliminate economic prejudice to investors. If no adjustment spread can be determined, a Successor Rate or Alternative Rate may nonetheless be used to determine the Rate of Interest.

The use of a Successor Rate, Alternative Rate or Benchmark Replacement (including with the application of an adjustment spread or a Benchmark Replacement Adjustment (as applicable)) may still result in any Notes linked to or referencing an Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would if the Original Reference Rate were to continue to apply in its current form.

If, following the occurrence of a Benchmark Event or a Benchmark Transition Event (as applicable), no Successor Rate, Alternative Rate or Benchmark Replacement is determined, the Rate of Interest on Notes which reference the Original Reference Rate will be determined for the relevant period by the fallback provisions applicable to such Notes. Depending on the manner in which the Original Reference Rate is to be determined under the Conditions, this may in certain circumstances (i) be reliant upon the provision by reference banks of offered quotations for the Original Reference Rate which, depending on market circumstances, may not be available at the relevant time or (ii) result in the effective application of a fixed rate for Floating Rate Notes. Due to the uncertainty concerning the availability of Successor Rates, Alternative Rates and Benchmark Replacements, the involvement of an Independent Adviser and the potential for further regulatory developments, there is a risk that the relevant fallback provisions may not operate as intended at the relevant time.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation or any of the international or national reforms and the possible application of the benchmark replacement provisions of Notes in making any investment decision with respect to any Notes referencing a benchmark.

The market continues to develop in relation to SOFR as a reference rate

The applicable Final Terms for a Series of Floating Rate Notes may provide that the Rate of Interest for such Notes will be determined by reference to SOFR. SOFR is an 'overnight rate'. Overnight rates differ from inter-bank offered rates, such as EURIBOR, NIBOR and STIBOR, in a number of material respects, including (without limitation) that such rates are backwards-looking, risk-free overnight rates, whereas inter-bank offered rates are expressed on the basis of a forward-looking term and include a risk-element based on inter-bank lending. As such, investors should be aware that SOFR, as an overnight rate, may behave materially differently as an interest reference rate for Notes issued under the Programme compared to inter-bank offered rates. The use of overnight rates such as SOFR as reference rates for Eurobonds is subject to continued change and development, both in terms of the substance of the calculation and in the development and adoption of market infrastructure for the issuance and trading of Eurobonds referencing such overnight rates.

Accordingly, prospective investors in any Notes referencing SOFR should be aware that the market continues to develop in relation to SOFR in the capital markets and its adoption as an alternative to inter-bank offered rates. Market participants, industry groups and/or central bank-led working groups have explored compounded and weighted average rates and observation methodologies for such rates (including so-called 'shift' and 'lag' methodologies) and forward-looking 'term' reference rates derived from these overnight rates have also been, or are being, developed. The adoption of overnight rates may also see component inputs into swap rates or other composite rates transferring from another reference rate to an overnight rate.

The market or a significant part thereof may adopt SOFR in a way that differs significantly from the provisions relating to SOFR set out in the Conditions. In addition, the methodology for determining any overnight rate index for SOFR could change during the life of any Notes referencing SOFR. Furthermore, the Issuer may in the future issue Notes referencing SOFR that differ materially in terms

of interest determination when compared with any previous SOFR-referencing Notes issued by it under the Programme. The continued development of SOFR as an interest reference rate for the Eurobond markets and the market infrastructure for adopting it, could result in reduced liquidity or increased volatility or could otherwise adversely affect the market price of any Notes referencing SOFR issued under the Programme from time to time.

Furthermore, the Rate of Interest on Notes which reference SOFR is only capable of being determined immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference SOFR to estimate reliably the amount of interest which will be payable on such Notes, and some investors may be unable or unwilling to trade such Notes without changes to their IT systems, both of which factors could adversely impact the liquidity of such Notes. Further, in contrast to inter-bank-based Notes, if Notes referencing SOFR rate become due and payable as a result of an Event of Default, or are otherwise redeemed early on a date which is not an Interest Payment Date, the final Rate of Interest payable in respect of such Notes shall only be determined immediately prior to the date on which the Notes become due and payable.

In addition, the manner of adoption or application of SOFR in the Eurobond markets may differ materially when compared with the application and adoption of SOFR in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of SOFR across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing SOFR.

Investors should carefully consider these matters when making their investment decision with respect to any Notes referencing SOFR.

Notes issued as Green Bonds may not be a suitable investment for all investors seeking exposure to green assets

The Final Terms relating to any specific Tranche of Notes may provide that it will be the Issuer's intention to invest an amount equal to the net proceeds from an offer of those Notes into one or more Eligible Green Projects (as defined under the Issuer's Green Bond Framework available on its website) ("**Eligible Green Projects**"). For the avoidance of doubt, neither the proceeds of any Notes nor any amount equal to such proceeds will be segregated by the Issuer from its capital and other assets and there will be no direct or contractual link between any Notes and any Eligible Green Projects.

Prospective investors should have regard to the information set out in the relevant Final Terms regarding such use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in such Notes together with any other investigation such investor deems necessary. For the avoidance of doubt, the Issuer's Green Bond Framework and the Second Party Opinion are not, nor shall they be deemed to be, incorporated in and/or form part of this Prospectus.

In particular no assurance is given by the Issuer that the use of an amount equal to such proceeds for any Eligible Green Projects will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Eligible Green Projects.

Furthermore, it should be noted that there is currently no clearly-defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "green" or "sustainable" or an equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as "green" or "sustainable" or such other equivalent label nor can any assurance be given that such a clear

definition or consensus will develop over time. Accordingly, no assurance is or can be given to investors that any projects or uses the subject of, or related to, any Eligible Green Projects will meet any or all investor expectations regarding such "green", "sustainable" or other equivalently-labelled performance objectives or that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any Eligible Green Projects. The Issuer's Green Bond Framework may also be subject to review and change and may be amended, updated, supplemented, replaced and/or withdrawn from time to time and any subsequent version(s) may differ from any description given in this Prospectus.

Any Notes issued as Green Bonds will not be compliant with Regulation (EU) 2023/2631 (the "**EuGB Regulation**") and are only intended to comply with the requirements and processes in the Issuer's Green Bond Framework. It is not clear if the establishment under the EuGB Regulation of the "European Green Bond" or "EuGB" label and the optional disclosures regime for bonds issued as "environmentally sustainable" could have an impact on investor demand for, and pricing of, green use of proceeds bonds that do not comply with the requirements of the "EuGB" label or the optional disclosures regime, such as any Notes issued as Green Bonds. It could result in reduced liquidity or lower demand or could otherwise affect the market price of any such Notes issued as Green Bonds that do not comply with those standards proposed under the EuGB Regulation.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion, report or certification of any third party (including any post-issuance reports prepared by an external reviewer whether or not solicited by the Issuer) (including, without limitation, the Second Party Opinion) which may be made available in connection with the issue of any Notes and in particular with any Eligible Green Projects to fulfil any environmental, sustainability, social and/or other criteria. For the avoidance of doubt, any such opinion, report, certification or post-issuance report is not, nor shall be deemed to be, incorporated in and/or form part of this Prospectus. Any such opinion, report, certification or post-issuance report is not, nor should be deemed to be, a recommendation by the Issuer or any other person to buy, sell or hold any such Notes. Any such opinion, report, certification or post-issuance report is only current as at the date that such opinion, report, certification or post-issuance report was initially issued. Prospective investors must determine for themselves the relevance of any such opinion, report, certification, post-issuance report and/or the information contained therein and/or the provider of such opinion, report, certification or post-issuance report for the purpose of any investment in such Notes. Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight. The EU Green Bond Regulation will introduce a supervisory regime of external reviewers of European Green Bonds but this is not due to take full effect until 21 June 2026.

In the event that any such Notes are listed or admitted to trading on any dedicated "green", "environmental", "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Eligible Green Projects. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer or any other person that any such listing or admission to trading will be obtained in respect of any such Notes or, if obtained, that any such listing or admission to trading will be maintained during the life of the Notes.

While it is the intention of the Issuer to invest an amount equal to the net proceeds of any Notes so specified for Eligible Green Projects in, or substantially in, the manner described in the relevant Final Terms, there can be no assurance that the relevant project(s) or use(s) the subject of, or related to, any Eligible Green Projects will be capable of being implemented in, or substantially in, such manner and/or in accordance with any timing schedule and that accordingly such proceeds will be totally or partially disbursed for such Eligible Green Projects. The Issuer does not undertake to ensure that there are at any time sufficient Eligible Green Projects to allow for allocation of a sum equal to the net proceeds of the issue of such Notes in full. The net proceeds of the issue of any such Notes which, from time to time, are not allocated as funding for Eligible Green Projects are intended by the Issuer to be held pending allocation in cash, cash equivalents and/or other short-term liquid instruments.

Nor can there be any assurance that such Eligible Green Projects will be completed within any specified period or at all or with any particular results or outcome (whether or not related to the environment). Any such event or failure by the Issuer will not constitute an Event of Default under the Notes.

Any such event or failure to invest an amount equal to the net proceeds of any issue of Notes for any Eligible Green Projects as aforesaid and/or withdrawal of any such opinion or certification or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on and/or any such Notes no longer being listed or admitted to trading on any stock exchange or securities market as aforesaid may have a material adverse effect on the value of such Notes and also potentially the value of any other Notes which are intended to finance Eligible Green Projects and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

The payments of principal and interest on any Notes shall not depend on the performance of the relevant Eligible Green Projects or any other environmental targets of the Issuer, nor will any investors in the same have any preferred right against such assets. The withdrawal of any opinion or certification as described above, or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on may have a material adverse effect on the value of any Notes, and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

Investors should refer to the Issuer's Green Bond Framework for further information.

(ii) Risks related to all Notes

Set out below is a description of material risks relating to all Notes:

Meetings

The Conditions contain provisions for calling meetings (including by way of conference call or by use of an audio or video conference platform) of Noteholders to consider and vote upon matters affecting their interests generally, or to pass resolutions in writing. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting or, as the case may be, did not sign the written resolution, and including those Noteholders who voted in a manner contrary to the majority.

Change of law

Except for the provisions relating to registration of VPS Notes in Euronext VPS and for Swedish Registered Notes, the Conditions are based on English law in effect as at the date of this Prospectus. The registration of VPS Notes in Euronext VPS shall be governed by, and construed in accordance with, Norwegian law and the Swedish Registered Notes shall be governed by, and construed in accordance with, Swedish law. No assurance can be given as to the impact of any possible judicial decision or

change to English law or administrative practice, Norwegian law and administrative practice or Swedish law and administrative practice after the date of this Prospectus and any such change could materially adversely impact the value of any Notes affected by it.

Risks relating to the enforceability of United Kingdom judgements in Sweden

The United Kingdom left the European Union on 31 January 2020 and the transitional period agreed in the withdrawal agreement expired on 31 December 2020 during which EU law continued to apply to the United Kingdom. As a result, the Recast Brussels Regulation (Regulation (EU) No. 1215/2012 of the European Parliament and of the Council of 12 December 2012) has ceased to apply to the United Kingdom (and English court judgments). The United Kingdom is also not currently a party to the Lugano Convention under which judgments from the courts of contracting states (currently the European Union, plus Switzerland, Iceland and Norway) are recognised and enforced in other contracting states.

On 28 September 2020, the United Kingdom acceded to the Hague Convention on Choice of Court Agreements to mitigate such risks to the future enforceability of United Kingdom judgments in the European Economic Area. The Hague Convention entered into force in the United Kingdom on 1 January 2021. The Hague Convention provides for exclusive jurisdiction clauses to be upheld in favour of the states which are party to the Convention (all European Union Member States, Mexico, Montenegro and Singapore, together the "**Contracting States**"), and for judgments given by the chosen courts to be enforceable in all other Contracting States. Compared with the Recast Brussels I Regulation, there are more grounds on which recognition and enforcement can be refused pursuant to the Hague Convention, as well as additional procedural requirements.

Where the Hague Convention does not apply (for example, in the case of asymmetric jurisdiction clauses such as the Governing Law and Jurisdiction Condition in the Terms and Conditions of the Notes), recognition of English jurisdiction clauses and enforcement of English judgments will largely be determined by the relevant European Union Member States in accordance with their domestic law, and, as a result, it is possible that a judgment entered against the Issuer in a United Kingdom court would not be recognised or enforceable in Sweden as a matter of law without a re-trial on its merits although some European Union Member States have suggested that bilateral conventions or the Brussels I Regulation (recast) could apply. As a result, there remains a risk that a judgment entered against the Issuer in a United Kingdom court may not be recognised or enforceable in Sweden as a matter of law without a re-trial on its merits (but may be presented as evidence before the courts of law or tribunals in Sweden).

On 12 January 2024, the UK signed the Hague Convention of 2 July 2019 on the Recognition and Enforcement of Foreign Judgments in Civil or Commercial Matters (Hague 2019), which will come into force 12 months after ratification by the UK, on 1 July 2025. Hague 2019 provides for the mutual enforcement of judgments between the UK and the other contracting states, including EU member states, in proceedings started after Hague 2019 comes into force in the UK. Asymmetric and non-exclusive jurisdiction clauses will be covered by Hague 2019, and will apply to judgments given in proceedings initiated after Hague 2019 comes into effect, regardless of when the agreement was made.

Recent case law from the Court of Justice of the European Union (C-537/23) has, however, stated that an asymmetric jurisdiction clause allowing the other party to take proceedings in any competent court may be considered contrary to the provisions of the Recast Brussels I Regulation rendering such clause ineffective. In light of this, it is uncertain whether the courts of Sweden or another EU member state would recognise the validity of the asymmetric jurisdiction clauses in the Agency Agreement, the Deed of Covenant or the Notes in all circumstances. It is unclear whether either a Swedish or another EU court, applying the Recast Brussels I Regulation, would stay proceedings or decline jurisdiction in favour of the English courts where it is asked to hear a claim based on an asymmetric jurisdiction clause, or whether a Swedish or EU court would be willing to enforce an English court judgment based on an

asymmetric jurisdiction clause without a re-trial on its merits, even after the implementation of Hague 2019.

Investors holding less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if definitive Notes are subsequently required to be issued

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in their account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that their holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in their account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that their holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

(iii) Risks related to the market

Set out below is a description of the material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market

Notes may have no established trading market when issued, and one may never develop. If a market for the Notes does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies, are being issued to a single investor or a limited number of investors or have been structured to meet the investment requirements of limited categories of investors. These types of Notes typically would have a more limited secondary market and more price volatility than conventional debt securities. In addition, should the Issuer be in financial distress, this is likely to have a further significant impact on the secondary market for the Notes and investors may have to sell their Notes at a substantial discount to their principal amount.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes in the EEA, unless such ratings are issued by a credit rating agency established in the EEA and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by third country non-EEA credit rating agencies, unless the relevant credit ratings are endorsed by an EEA-registered credit rating agency or the relevant third country rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances).

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can either be: (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances.

If the status of the rating agency rating the Notes changes for the purposes of the CRA Regulation or the UK CRA Regulation, regulated investors may no longer be able to use the rating for regulatory purposes in the EEA or the UK, as applicable, and the Notes may have a different regulatory treatment, which may impact the value of the Notes and their liquidity in the secondary market. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Prospectus.

ADDITIONAL INFORMATION RELATING TO THE PROGRAMME

Under the Programme, the Issuer may from time to time issue Notes denominated in any currency subject as set out herein. The applicable terms of any Notes will be agreed between the Issuer and the relevant Dealer prior to the issue of the Notes and (except in the case of Swedish Registered Notes) will be set out in the Conditions endorsed on, attached to, or otherwise deemed to apply to, the Notes, as completed by the applicable Final Terms attached to, endorsed on, or otherwise deemed to apply to, such Notes, as more fully described under "*Form of the Notes*" below. In the case of Swedish Registered Notes, the applicable terms thereof are those set out in the Conditions appearing in this Prospectus as completed by the applicable Final Terms.

This Prospectus will only be valid for listing Notes on the Luxembourg Stock Exchange in an aggregate nominal amount which, when added to the aggregate nominal amount then outstanding of all Notes previously or simultaneously issued under the Programme, does not exceed €12,000,000,000 or its equivalent in other currencies. For the purpose of calculating the euro equivalent of the aggregate nominal amount of Notes issued under the Programme from time to time:

- (a) the euro equivalent of Notes denominated in another Specified Currency (as specified in the applicable Final Terms in relation to the relevant Notes, described under "*Form of the Notes*") shall be determined, at the discretion of the Issuer, either as of the date on which agreement is reached for the issue of Notes or on the preceding day on which commercial banks and foreign exchange markets are open for general business in London, in each case on the basis of the spot rate for the sale of the euro against the purchase of such Specified Currency in the London foreign exchange market quoted by any leading international bank selected by the Issuer on the relevant day of calculation; and
- (b) the euro equivalent of Zero Coupon Notes (as specified in the applicable Final Terms in relation to the relevant Notes, described under "*Form of the Notes*") and other Notes issued at a discount or a premium shall be calculated in the manner specified above by reference to the net proceeds received by the Issuer for the relevant issue.

In respect of the 2024 Annual Report referred to in (b) above, the Issuer's Interim Report referred to in (c) above and the prospectuses referred to in (d) to (n) above, any non-incorporated parts of such document are either deemed not relevant for an investor or are otherwise covered elsewhere in this Prospectus.

Following the publication of this Prospectus a supplement to the Prospectus may be prepared by the Issuer and approved by the CSSF in accordance with Article 23 of the Prospectus Regulation. Statements contained in any such supplement (or contained in any information incorporated by reference therein) shall, to the extent applicable (whether expressly, by implication or otherwise), be deemed to modify or supersede statements contained in this Prospectus or in a document which is incorporated by reference in this Prospectus. Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Prospectus.

The Issuer will, in the event of any significant new factor, material mistake or material inaccuracy relating to information included in this Prospectus which is capable of affecting the assessment of any Notes, prepare a supplement to this Prospectus or publish a new Prospectus for use in connection with any subsequent issue of Notes.

In accordance with Article 21(7) of the Prospectus Regulation, the hyperlinks to the information incorporated by reference into this Prospectus shall remain available for at least 10 years from the date of this Prospectus.

FORM OF THE NOTES

Each Tranche of Notes (except Swedish Registered Notes and VPS Notes) will initially be represented by a temporary global Note (or, if so specified in the applicable Final Terms, a permanent global Note) without interest coupons or talons, which, in either case, will:

- (i) if the global Notes are intended to be issued in new global note ("**NGN**") form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the "**Common Safekeeper**") for Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking S.A. ("**Clearstream, Luxembourg**"); and
- (ii) if the global Notes are not intended to be issued in NGN Form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the "**Common Depositary**") for Euroclear and Clearstream, Luxembourg.

Whilst any Note is represented by a temporary global Note, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made (against presentation of the temporary global Note if the temporary global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent. Any reference in this section "*Form of the Notes*" to Euroclear, Clearstream, Luxembourg and/or Euroclear Sweden and/or Euronext VPS shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearance system approved by the Issuer and the Agent.

On and after the date (the "**Exchange Date**") which is 40 days after the date on which any temporary global Note is issued (the "**Distribution Compliance Period**"), interests in such temporary global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a permanent global Note of the same Series or (ii) for definitive Notes of the same Series with, where applicable, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a temporary global Note will not be entitled to collect any payment of interest or principal due on or after the Exchange Date unless upon due certification, exchange of the temporary global Note for an interest in a permanent global Note or for definitive Notes is improperly withheld or refused. Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the Notes*" below) the Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the Distribution Compliance Period applicable to the Notes of such Tranche.

Payments of principal and interest (if any) on a permanent global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the permanent global Note if the permanent global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a permanent global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, interest coupons and talons attached upon either (i) not less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such permanent global Note) to

the Agent as described therein or (ii) only upon the occurrence of an Exchange Event as described therein. A Permanent Global Note representing Notes having denominations consisting of a minimum Specified Denomination and integral multiples of a smaller amount there above may only be exchanged for definitive Notes upon an Exchange Event.

"**Exchange Event**" means (i) an Event of Default has occurred and is continuing, or (ii) the Issuer has been notified that either Euroclear or Clearstream, Luxembourg has been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or has announced an intention permanently to cease business or has in fact done so and no alternative clearing system is available. The Issuer will promptly give notice to Noteholders in accordance with Condition 13 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such permanent global Note) may give notice to the Agent requesting exchange. Any such exchange shall occur not later than 30 days after the date of receipt of the first relevant notice by the Agent.

Global Notes and definitive Notes will be issued pursuant to the Agency Agreement.

The following legend will appear on all global Notes (other than Temporary Global Notes), definitive Notes, interest coupons and talons where TEFRA D is specified in the applicable Final Terms:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of Notes or interest coupons.

A Note may be accelerated automatically by the holder thereof in certain circumstances described in "*Terms and Conditions of the Notes — Events of Default*". In such circumstances, where any Note is still represented by a global Note and a holder of such Note so represented and credited to its securities account with Euroclear or Clearstream, Luxembourg gives notice that it wishes to accelerate such Note, unless within a period of 15 days from the giving of such notice payment has been made in full of the amount due in accordance with the terms of such global Note, such global Note will become void at 8.00 pm (London time) on such day. At the same time, holders of interests in such global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear and Clearstream, Luxembourg, on and subject to the terms of a deed of covenant (the "**Deed of Covenant**") dated 8 May 2019 executed by the Issuer.

Each Tranche of Swedish Registered Notes will be issued in uncertificated and dematerialised registered form in accordance with the Swedish Financial Instruments Accounts Act (SFS 1998:1479). The holder of a Swedish Registered Note will be the person evidenced as such by a book entry in the records of Euroclear Sweden. Where a nominee is so evidenced it shall be treated as the holder of the relevant Swedish Registered Note.

The VPS Notes will be issued in uncertificated and dematerialised book entry form. Legal title to the VPS Notes will be evidenced by book entries in the records of Euronext VPS. Issues of VPS Notes will be constituted by the VPS Trustee Agreement and are subject to the VPS Agency Agreement (each as defined under "*Terms and Conditions of the Notes*"). On the issue of VPS Notes, the Issuer will send a letter to the VPS Trustee (as defined under "*Terms and Conditions of the Notes*"), with a copy sent to the VPS Agent (as defined under "*Terms and Conditions of the Notes*") (the "**VPS Letter**"), which will set out the terms of the relevant issue of VPS Notes in the form of the applicable Final Terms.

Following notification to the VPS Agent of the terms relating to the relevant VPS Notes by (or on behalf of) the Issuer and of the subscribers and their Euronext VPS account details by the relevant Dealer, the VPS Agent, acting on behalf of the Issuer, will credit each subscribing account holder with Euronext VPS with a nominal amount of VPS Notes equal to the nominal amount thereof for which it has subscribed and paid.

Settlement of sale and purchase transactions in respect of VPS Notes in Euronext VPS will take place two Oslo business days after the date of the relevant transaction. Transfers of interests in the relevant VPS Notes will take place in accordance with the rules and procedures for the time being of Euronext VPS.

VPS Notes will not be exchangeable for any physical note or document of title other than statements of account made by Euronext VPS.

- (ix) Deemed delivery of clearing system notices for the purposes of Condition 13: Any notice delivered to Noteholders through the clearing systems will be deemed to have been given on the [second] [business] day after the day on which it was given to Euroclear and Clearstream, Luxembourg.
- (x) Intended to be held in a manner which would allow Eurosystem eligibility: [Yes. Note that the designation "yes" simply means that the Notes are intended upon issue to be deposited with one of the ICSDs as common safekeeper and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life.

Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met.]

[No. Whilst the designation is specified as "no" at the date of these Final Terms, should the Eurosystem eligibility criteria be amended in the future such that the Notes are capable of meeting them the Notes may then be deposited with one of the ICSDs as common safekeeper. Note that this does not necessarily mean that the Notes will then be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem at any time during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met.]

*The following are the terms and conditions (the "**Conditions**") of the Notes in bearer form which will be incorporated by reference into each global Note and each definitive Note, in the latter case only if permitted by the relevant stock exchange (if any) and agreed by the Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Conditions. The following Conditions will also be applicable to each Swedish Registered Note and to each VPS Note. VPS Notes will not be evidenced by any physical note or document of title other than statements of account made by Euronext VPS. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each temporary global Note, permanent global Note and definitive Note. Reference should be made to "Form of Final Terms" above for the form of the Final Terms which specifies certain capitalised terms as defined in the following Conditions.*

The following is the text of the Conditions of the Notes, save for the paragraphs in italics, which shall not form part of the Conditions of the Notes:

This Note is one of a Series (as defined below) of Notes issued by Telia Company AB (publ) (the "**Issuer**") pursuant to the Agency Agreement (as defined below) or, in the case of VPS Notes (as defined below) only, issued by the Issuer in accordance with and subject to the agreement dated 8 May 2019 made between the Issuer and Nordic Trustee AS (the "**VPS Trustee**", which expression shall include any successor as VPS Trustee) (such agreement as modified and/or supplemented and/or restated from time to time, the "**VPS Trustee Agreement**"). The VPS Trustee acts for the benefit of the holders for the time being of VPS Notes in accordance with the provisions of the VPS Trustee Agreement and these Terms and Conditions (the "**Conditions**" and references to a numbered "**Condition**" shall be construed accordingly). Nordic Trustee AS will also act as calculation agent in respect of VPS Notes (the "**VPS Calculation Agent**", which expression shall include any successor or alternative VPS Calculation Agent that may be appointed). The VPS Notes will be created and held in uncertificated book-entry form in accounts with Euronext VPS. The VPS Agent (as defined below) will act as agent of the Issuer in respect of all dealings with Euronext VPS in respect of the VPS Notes.

References herein to the "**Notes**" shall be references to the Notes of this Series and shall mean:

- (i) in relation to any Notes represented by a global Note, units of each Specified Denomination in the Specified Currency;

- (v) any Notes issued in uncertificated and dematerialised book entry form ("**VPS Notes**") and cleared through the Norwegian Central Securities Depository (formerly named Verdicapirsentralen ASA, trading as Euronext Securities Oslo) ("**Euronext VPS**").

Except in the case of Swedish Registered Notes and VPS Notes, the Notes (as defined below) and the Coupons (as defined below) have the benefit of an amended and restated Agency Agreement (the "**Agency Agreement**") dated 7 May 2025, and made among the Issuer, Citibank, N.A., London Branch as issuing and principal paying agent and agent bank (the "**Agent**", which expression shall include any successor agent specified in the applicable Final Terms), the other paying agents named therein

(together with the Agent, the "**Paying Agents**", which expression shall include any additional or successor paying agents) and the VPS Agent (as defined below).

In the case of VPS Notes, the Notes have the benefit of a Paying Agency and Registrar Agreement (as amended and/or supplemented and/or restated from time to time, the "**VPS Agency Agreement**") dated 8 May 2019 and made between the Issuer and Nordea Bank Abp, filial i Norge (the "**VPS Agent**", which expression shall include any successor agent in relation to VPS Notes cleared through Euronext VPS).

Interest bearing definitive Notes (unless otherwise indicated in the applicable Final Terms) have interest coupons ("**Coupons**") and, in the case of Notes which, when issued in definitive form, have more than 27 interest payments remaining, talons for further Coupons ("**Talons**") attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Swedish Registered Notes and VPS Notes are in dematerialised form and, for the avoidance of doubt, any reference herein to Coupons, Talons or related expressions shall not apply to Swedish Registered Notes or VPS Notes.

The final terms for this Note (or the relevant provisions thereof) are set out in Part A of the Final Terms which are attached to, endorsed on or otherwise deemed to apply to this Note and which supplement these Conditions. Any reference herein to "**Couponholders**" shall mean the holders of any Coupons, and shall, unless the context otherwise requires, include any holders of the Talons.

As used herein, "**Tranche**" means Notes which are identical in all respects (including as to listing and admission to trading) and "**Series**" means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (i) expressed to be consolidated and form a single series and (ii) identical in all respects (including as to listing and admission to trading) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

The Noteholders and the Couponholders (other than the holders of Swedish Registered Notes or VPS Notes) are entitled to the benefit of the Deed of Covenant (such Deed of Covenant as modified and/or supplemented and/or restated from time to time, the "**Deed of Covenant**") dated 8 May 2019, and made by the Issuer. The original of the Deed of Covenant is held by a common depositary or common safekeeper, as the case may be, on behalf of Euroclear and Clearstream, Luxembourg (each as defined below).

Copies of the Agency Agreement, the Deed of Covenant, the VPS Agency Agreement and the VPS Trustee Agreement (i) are available for inspection upon reasonable request during normal business hours at the specified office of each of the Paying Agents and (in the case of the VPS Agency Agreement and VPS Trustee Agreement only) at the specified office of the VPS Agent and the specified office of the VPS Trustee or (ii) may be provided by email to a Noteholder following their written request to any Paying Agent or (in the case of the VPS Agency Agreement and VPS Trustee Agreement only) the VPS Agent and the VPS Trustee and provision of proof of holding and identity (in a form satisfactory to the relevant Paying Agent, the VPS Agent or the VPS Trustee, as the case may be). If the Notes are to be admitted to trading on the regulated market of the Luxembourg Stock Exchange the applicable Final Terms will be published on the website of the Luxembourg Stock Exchange (www.luxse.com). If this Note is neither admitted to trading on a regulated market in the European Economic Area nor offered in the European Economic Area in circumstances where a prospectus is required to be published under Regulation (EU) 2017/1129 (the "**Prospectus Regulation**"), the applicable Final Terms will only be

obtainable by a Noteholder holding one or more Notes and such Noteholder must produce evidence satisfactory to the relevant Paying Agent as to its holding of Notes and as to its identity.

Except for holders of Swedish Registered Notes, the Noteholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Agency Agreement, the VPS Agency Agreement, the VPS Trustee Agreement and the applicable Final Terms which are applicable to them. The statements in these Conditions include summaries of, and are subject to, the detailed provisions of the Agency Agreement and, in the case of VPS Notes, the VPS Agency Agreement and the VPS Trustee Agreement.

The holders of Swedish Registered Notes should refer to "General Information — Documents Available" in the Prospectus.

Words and expressions defined in the Agency Agreement and, in the case of VPS Notes, the VPS Agency Agreement and VPS Trustee Agreement or used in the applicable Final Terms shall have the same meanings where used in these Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement, the VPS Agency Agreement and/or the VPS Trustee Agreement, as the case may be, and the applicable Final Terms, the applicable Final Terms will prevail.

In these Conditions, "**euro**" means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

Swedish Registered Notes will be issued in uncertificated and dematerialised book entry form and no global or definitive Notes will be issued in respect thereof, and these Conditions shall be construed accordingly. (b) *Title to Notes other than Swedish Registered Notes and VPS Notes*

This Condition 1(b) only applies to Notes other than Swedish Registered Notes or VPS Notes.

Subject as set out below, title to the Notes and Coupons will pass by delivery. The Issuer, the Replacement Agent (as defined in the Agency Agreement) and any Paying Agent may deem and treat the bearer of any Note or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a global Note held on behalf of Euroclear Bank SA/NV ("**Euroclear**") and/or Clearstream Banking S.A. ("**Clearstream, Luxembourg**"), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg, as the case may be, as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg, as the case may be, as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Agent and any other Paying Agent as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on the Notes, for which purpose the bearer of the relevant global Note shall be treated by the Issuer, the Agent and any other Paying Agent as the holder of such Notes in accordance with and subject to the terms of the relevant global Note, and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly.

Notes which are represented by a global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear or of Clearstream, Luxembourg, as the case may be.

References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer and the Agent.

(c) *Title to Swedish Registered Notes*

This Condition 1(c) only applies to Swedish Registered Notes.

The holder of a Swedish Registered Note will be the person evidenced as such by a book entry in the records of Euroclear Sweden. Title to the Swedish Registered Notes will pass by registration in the register between the direct or indirect accountholders at Euroclear Sweden in accordance with the Swedish Financial Instruments Accounts Act (SFS 1998:1479) and/or any other legislation, rules and regulations applicable to such transfers from time to time. Where a nominee is so evidenced, it shall be treated by the Issuer as the holder of the relevant Swedish Registered Note.

Each person who is for the time being shown in the register maintained by Euroclear Sweden (as defined below) as the holder of a particular nominal amount of such Notes (in which regard

any certificate or other document issued by Euroclear Sweden as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Agent and any other Paying Agent as the holder of such nominal amount of such Notes for all purposes and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly.

Swedish Registered Notes will be transferable only in accordance with the Swedish Financial Instruments Accounts Act (SFS 1998:1479) and applicable Swedish law and the rules and procedures for the time being of Euroclear Sweden.

References to Euroclear Sweden shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer and the Agent.

(d) Title to VPS Notes

This Condition 1(d) only applies to VPS Notes.

The holder of a VPS Note will be the person evidenced (including any nominee) as such by a book entry in the records of Euronext VPS. The person so evidenced as a holder of VPS Notes shall be treated as the holder of such Notes for all purposes and the expressions "**Noteholder**", "**holder of Notes**" and "**holder of VPS Notes**" and related expressions shall be construed accordingly. The Issuer and the VPS Trustee may rely on a certificate of Euronext VPS or one issued on behalf of Euronext VPS by an account-carrying institution as to a particular person being a holder of VPS Notes.

Title to the VPS Notes will pass by registration in the relevant registers between the direct or indirect accountholders at Euronext VPS, in accordance with applicable law, regulations and the rules and procedures of Euronext VPS, in each case as amended or replaced from time to time. Each person who is for the time being shown in the records of Euronext VPS as the holder of a particular nominal amount of VPS Notes shall be treated by the Issuer, the VPS Agent and the VPS Trustee as the holder of such nominal amount of such VPS Notes for all purposes.

VPS Notes will be transferable only in accordance with the rules and procedures for the time being of Euronext VPS. References to Euronext VPS shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in Part B of the applicable Final Terms.

2. Status of the Notes

The Notes and the relative Coupons are direct, unconditional, unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the Issuer and rank *pari passu* among themselves and equally with all other outstanding unsecured and unsubordinated obligations of the Issuer except as mandatorily preferred by law.

3. Negative Pledge

So long as any of the Notes remains outstanding, the Issuer will not create or have outstanding any mortgage, lien (other than solely by operation of law), pledge or other charge upon the whole or any part of its undertaking or assets, present or future (including any uncalled capital), to secure any Public Debt of any Person or any obligation of any Person under any guarantee of or indemnity in respect of any Public Debt of any other Person without at the same time or prior thereto securing the Notes equally and rateably therewith or providing such other security for the Notes except as shall be approved, in the case of Notes other than VPS Notes, by an

Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders or, in the case of VPS Notes only, by a majority of two-thirds of votes at a meeting of Noteholders duly convened and held in accordance with the provisions of the VPS Trustee Agreement.

For the purposes of this Condition 3, "**outstanding**", in the case of Notes other than Swedish Registered Notes and VPS Notes, has the meaning given to it in the Agency Agreement. In the case of VPS Notes only, "**outstanding**" means VPS Notes to the extent not redeemed or otherwise discharged.

"**Public Debt**" means indebtedness which is in the form of, or represented or evidenced by, bonds, notes, debentures, loan stock or other securities which for the time being are, or are intended to be, quoted, listed, ordinarily dealt in or traded on any stock exchange, over-the-counter, or other established securities market and which:

- (a) has an initial life exceeding 2 years; or
- (b)
 - (i) by its terms is payable, or may be required to be paid, in or by reference to any currency other than Swedish Kronor; or
 - (ii) by its terms is payable, or may be required to be paid, in or by reference to Swedish Kronor where more than 50 per cent. in aggregate principal amount of such indebtedness is initially offered outside the Kingdom of Sweden.

"**Person**" means any individual, company, corporation, firm, partnership, joint venture, association, organisation, state, agency of a state or other entity, whether or not having separate legal personality.

4. Interest

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest from (and including or, in the case of Swedish Registered Notes, but excluding) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest payable in arrear on the Interest Payment Date(s) in each year and on the Maturity Date if that does not fall on an Interest Payment Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Conditions, "**Fixed Interest Period**" means the period from (and including or, in the case of Swedish Registered Notes, but excluding) an Interest Payment Date (or the Interest Commencement Date) to (but excluding or, in the case of Swedish Registered Notes, and including) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Note or which are VPS Notes, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note or which are VPS Notes;

- (B) in the case of Swedish Registered Notes, the aggregate outstanding nominal amount of the Fixed Rate Notes appearing on the register maintained by Euroclear Sweden on behalf of the Issuer; or
- (C) in the case of Fixed Rate Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

In these Conditions, "**Day Count Fraction**" means, in respect of the calculation of an amount of interest in accordance with this Condition 4(a):

- (i) if "**Actual/Actual (ICMA)**" is specified in the applicable Final Terms:
 - (A) in the case of Notes where the number of days in the relevant period from (and including or, in the case of Swedish Registered Notes, but excluding) the most recent Fixed Interest Date (or, if none, the Interest Commencement Date) to (but excluding or, in the case of Swedish Registered Notes, and including) the relevant payment date (the "**Accrual Period**") is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates that would occur in one calendar year; or
 - (B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if "**30/360**" is specified in the applicable Final Terms, the number of days in the period from (and including or, in the case of Swedish Registered Notes, but excluding) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding, or in the case of Swedish Registered Notes, and including) the relevant payment date (such number of days being calculated on the basis of 12 30-day months) divided by 360.

In these Conditions:

"Determination Period" means the period from (and including or, in the case of Swedish Registered Notes, but excluding) a Determination Date to (but excluding or, in the case of Swedish Registered Notes, and including) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

"sub-unit" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) Interest on Floating Rate Notes

(i) Interest Payment Dates

Each Floating Rate Note bears interest from (and including or, in the case of Swedish Registered Notes, but excluding) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) (each an **"Interest Payment Date"**) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In these Conditions **"Interest Period"** means the period from (and including or, in the case of Swedish Registered Notes, but excluding) an Interest Payment Date (or the Interest Commencement Date) to (but excluding or, in the case of Swedish Registered Notes, and including) the next (or first) Interest Payment Date. Unless otherwise stated in the applicable Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

If a business day convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the business day convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In this Condition, "**Business Day**" means a day which is:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre specified in the applicable Final Terms;
- (B) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively or (2) in relation to any sum payable in euro, a day on which T2 is open; and
- (C) in the case of VPS Notes only, a day on which commercial banks, central securities depositories and foreign exchange markets are open for business in Oslo.

In these Conditions, "**T2**" means the Trans-European Automated Real-Time Gross Settlement Express Transfer System or any successor or replacement for that system.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(A) ***Term Rate***

Where Term Rate is specified in the applicable Final Terms as the Type of Rate, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being the Euro-zone interbank offered rate ("**EURIBOR**"), the Stockholm interbank offered rate ("**STIBOR**") or the Norwegian interbank offered rate ("**NIBOR**"), as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (Brussels time,

in the case of EURIBOR, Stockholm time, in the case of STIBOR or Oslo time, in the case NIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by (in the case of Notes other than Swedish Registered Notes or VPS Notes) the Agent, (in the case of Swedish Registered Notes) the Calculation Agent or (in the case of VPS Notes) the VPS Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by (in the case of Notes other than Swedish Registered Notes or VPS Notes) the Agent, (in the case of Swedish Registered Notes) the Calculation Agent or (in the case of VPS Notes) the VPS Calculation Agent, as the case may be, for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

In the case of Notes other than Swedish Registered Notes and VPS Notes, the Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

In the case of VPS Notes, in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the second preceding paragraph, the VPS Calculation Agent shall request each of the Reference Banks to provide the VPS Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at the time specified in the second preceding paragraph on the Interest Determination Date in question. If two or more of the Reference Banks provide the VPS Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the VPS Calculation Agent. If on any Interest Determination Date one only or none of the Reference Banks provides the VPS Calculation Agent with such offered quotations as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the VPS Calculation Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the VPS Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the time specified in the second preceding paragraph on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Euro-zone interbank market (if the Reference Rate is EURIBOR), the Stockholm interbank market (if the Reference Rate is STIBOR) or the Norwegian interbank market (if the Reference Rate is NIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the VPS Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified

Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the time specified in the second preceding paragraph on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the VPS Calculation Agent it is quoting to leading banks in the Euro-zone interbank market (if the Reference Rate is EURIBOR), the Stockholm interbank market (if the Reference Rate is STIBOR) or the Norwegian interbank market (if the Reference Rate is NIBOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period). Where Overnight Rate is specified in the applicable Final Terms as the Type of Rate and Index Determination is specified in the applicable Final Terms as being applicable, the Rate of Interest for each Interest Period will, subject as provided below, be the compounded daily reference rate for the relevant Interest Period, calculated in accordance with the following formula on the relevant Interest Determination Date:

$$\left(\frac{\text{Compounded Index End}}{\text{Compounded Index Start}} - 1 \right) \times \frac{\text{Numerator}}{d}$$

and rounded if necessary to the nearest fifth decimal place (with 0.000005 being rounded upwards), plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by (in the case of Notes other than Swedish Registered Notes or VPS Notes) the Agent, (in the case of Swedish Registered Notes) the Calculation Agent or (in the case of VPS Notes) the VPS Calculation Agent, where:

the case of Swedish Registered Notes) the Calculation Agent or (in the case of VPS Notes) the VPS Calculation Agent shall calculate the rate of interest for that Interest Period as if Index Determination was specified in the applicable Final Terms as not being applicable and Observation Shift had been specified as the Observation Method in the applicable Final Terms, and where the Observation Shift Period shall be deemed to be the same as the Relevant Number.

If the Notes become due and payable otherwise than on an Interest Payment Date, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Note remains outstanding, be that determined on such date and as if (solely for the purpose of such interest determination) the relevant Interest Period had been shortened accordingly.

(D) ***Benchmark Discontinuation – Benchmark Replacement***

This Condition 4(b)(ii)(D) applies only where Term Rate is specified in the applicable Final Terms as the Type of Rate.

(1) *Independent Adviser*

Notwithstanding Condition 4(b)(ii)(A), if a Benchmark Event occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, then the Issuer shall use its reasonable endeavours to appoint and consult with an Independent Adviser, as soon as reasonably practicable, with a view to the Issuer determining a Successor Rate, failing which an Alternative Rate (in accordance with Condition 4(b)(ii)(D)(2)) and, in either case, an Adjustment Spread (if any) (in accordance with Condition 4(b)(ii)(D)(3)) and any Benchmark Amendments (in accordance with Condition 4(b)(ii)(D)(4)).

An Independent Adviser appointed pursuant to this Condition 4(b)(ii)(D) shall act in good faith and in a commercially reasonable manner and in consultation with the Issuer. In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Agent, the Paying Agents, the Calculation Agent (if applicable), (in the case of VPS Notes) the VPS Agent, the VPS Trustee and the VPS Calculation Agent or the Noteholders for any advice given to the Issuer in connection with any determination made by the Issuer pursuant to this Condition 4(b)(ii)(D).

If the Issuer, following consultation with an Independent Adviser, fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with Condition 4(b)(ii)(D)(2) prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Period shall be determined by reference to the fallback provisions of Condition 4(b)(ii)(A). For the avoidance of doubt, this sub-paragraph shall apply to the relevant next succeeding Interest Period only and any subsequent Interest Periods are subject to

the subsequent operation of, and to adjustment as provided in, this Condition 4(b)(ii)(D).

(2) *Successor Rate or Alternative Rate*

If the Issuer, following consultation with the Independent Adviser, and acting in good faith and in a commercially reasonable manner, determines that:

- (i) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 4(b)(ii)(D)(3)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 4(b)(ii)(D)); or
- (ii) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 4(b)(ii)(D)(3)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 4(b)(ii)(D)).

(3) *Adjustment Spread*

If the Issuer, following consultation with the Independent Adviser, and acting in good faith and in a commercially reasonable manner, determines (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be).

(4) *Benchmark Amendments*

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 4(b)(ii)(D) and the Issuer, following consultation with the Independent Adviser, and acting in good faith and in a commercially reasonable manner, determines (i) that amendments to these Conditions, the Agency Agreement or (in the case of VPS Notes) the VPS Trustee Agreement are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "**Benchmark Amendments**") and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 4(b)(ii)(D)(5), without any requirement for the consent or approval of Noteholders, vary these Conditions, the Agency Agreement and/or the VPS Trustee Agreement, as applicable, to give effect to such Benchmark Amendments with effect from the date specified in such notice.

At the request of the Issuer, but subject to receipt by the Agent or (in the case of VPS Notes only) the VPS Trustee of a certificate signed by two directors of the Issuer pursuant to Condition 4(b)(ii)(D)(5), the Agent or (in the case of VPS Notes only) the VPS Trustee shall (at the expense and direction of the Issuer), without any requirement for the consent or approval of the Noteholders or the Couponholders, be obliged to use its reasonable endeavours to implement any Benchmark Amendments (including, *inter alia*, by the execution of an agreement supplemental to or amending the Agency Agreement or the VPS Trustee Agreement, as the case may be) and neither the Agent nor the VPS Trustee shall be liable to any party for any consequences thereof, provided that neither the Agent nor the VPS Trustee shall be obliged so to implement if in the opinion of the Agent or the VPS Trustee (as applicable) doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the rights and/or the protective provisions afforded to it in these Conditions and/or any documents to which it is a party (including, for the avoidance of doubt, any supplemental agency agreement or supplemental Euronext VPS trust agreement) in any way.

In connection with any such variation in accordance with this Condition 4(b)(ii)(D)(4), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(5) *Notices, etc.*

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments determined under this Condition 4(b)(ii)(D) will be notified promptly by the Issuer to the Agent, the Paying Agents, the Calculation Agent (if applicable), (in the case of VPS Notes) the VPS Agent, the VPS Trustee and the VPS Calculation Agent and, in accordance with Condition 13, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments (if any).

No later than notifying the Agent or (in the case of VPS Notes only) the VPS Trustee of the same, the Issuer shall deliver to the Agent or (in the case of VPS Notes only) the VPS Trustee a certificate signed by two directors of the Issuer:

- (i) confirming (I) that a Benchmark Event has occurred, (II) the Successor Rate or, as the case may be, the Alternative Rate, (III) where applicable, any Adjustment Spread and (IV) the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 4(b)(ii)(D); and
- (ii) certifying that the Benchmark Amendments are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread.

The Agent or (in the case of VPS Notes only) the VPS Trustee shall be entitled to rely on such certificate (without enquiry or liability to

any person) as sufficient evidence thereof. For the avoidance of doubt, neither the Agent nor (in the case of VPS Notes only) the VPS Trustee shall be liable to the Noteholders or any other person for so acting or relying on such certificate, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person. The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the Agent's or the VPS Trustee's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Agent, the Paying Agents, the Calculation Agent (if applicable), (in the case of VPS Notes) the VPS Agent, the VPS Trustee, the VPS Calculation Agent and the Noteholders.

(6) *Survival of Original Reference Rate*

Without prejudice to the obligations of the Issuer under this Condition 4(b)(ii)(D), the Original Reference Rate and the fallback provisions provided for in Condition 4(b)(ii)(A) will continue to apply unless and until a Benchmark Event has occurred, an Independent Adviser has been appointed, and the Agent or (in the case of VPS Notes only) the VPS Trustee has been notified of the Successor Rate or the Alternative Rate (as the case may be), and any Adjustment Spread and Benchmark Amendments determined in accordance with Condition 4(b)(ii)(D)(5).

(7) *Definitions*

As used in this Condition 4(b)(ii)(D):

"Adjustment Spread" means either a spread (which may be positive, negative or zero), or the formula or methodology for calculating a spread, in either case, which the Issuer, following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner, determines is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or (if no such recommendation has been made, or in the case of an Alternative Rate);

Successor Rate or the Alternative Rate (as the case may be); or (if the Issuer determines that no such industry standard is recognised or acknowledged); or

- (v) the later of (A) the making of a public statement by the supervisor of the administrator of the Original Reference Rate as a consequence of which the Original Reference Rate will, on or before a specified date, be prohibited from being used either generally, or in respect of the Notes and (B) the date falling six months prior to the date specified in (v)(A); or

- (vi) the later of (A) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, no longer be representative of an underlying market and (B) the date falling six months prior to the date specified in (vi)(A); or

(E) ***Benchmark Discontinuation – Benchmark Transition***

This Condition 4(b)(ii)(E) applies only where Overnight Rate is specified in the applicable Final Terms as the Type of Rate.

If the Issuer determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred in relation to an Original Reference Rate at any time when any Rate of Interest (or any component part

thereof) remains to be determined by reference to such Original Reference Rate, then the following provisions shall apply.

(1) Independent Adviser

The Issuer shall use reasonable endeavours to appoint and consult with an Independent Adviser, as soon as reasonably practicable, with a view to the Issuer determining the Benchmark Replacement which will replace such Original Reference Rate for all purposes relating to the Notes in respect of all determinations on such date and for all determinations on all subsequent dates (subject to any subsequent application of this Condition 4(b)(ii)(E) with respect to such Benchmark Replacement) and any Benchmark Replacement Conforming Changes.

Any Benchmark Replacement so determined by the Issuer shall have effect for any subsequent determination of any relevant Rate of Interest (subject to any further application of this Condition 4(b)(ii)(E) with respect to such Benchmark Replacement), subject, if any associated Benchmark Replacement Conforming Changes are required in connection therewith, to such Benchmark Replacement Conforming Changes becoming effective in accordance with the following provisions.

If, notwithstanding the Issuer's reasonable endeavours, the Issuer is unable to appoint and consult with an Independent Adviser in accordance with the foregoing paragraphs, the fallback provisions provided for in Condition 4(b)(ii)(B) or Condition 4(b)(ii)(C), as the case may be, shall apply.

(2) Benchmark Replacement Conforming Changes

If the Issuer, following consultation with the Independent Adviser, considers it is necessary to make Benchmark Replacement Conforming Changes, the Issuer shall, in consultation with the Independent Adviser, determine the terms of such Benchmark Replacement Conforming Changes, and shall, subject to giving notice in accordance with Condition 4(b)(ii)(E)(4) (but without any requirement for the consent or approval of Noteholders), vary these Conditions and/or the Agency Agreement to give effect to such Benchmark Replacement Conforming Changes with effect from the date specified in such notice.

At the request of the Issuer, but subject to receipt by the Agent or (in the case of VPS Notes only) the VPS Trustee of a certificate signed by two directors of the Issuer pursuant to Condition 4(b)(ii)(E)(4), the Agent or (in the case of VPS Notes only) the VPS Trustee shall (at the expense and direction of the Issuer), without any requirement for the consent or approval of the Noteholders or the Couponholders, be obliged to use its reasonable endeavours to implement any Benchmark Replacement Conforming Changes (including, *inter alia*, by the execution of an agreement supplemental to or amending the Agency Agreement or the VPS Trustee Agreement, as the case may be) and neither the Agent nor the VPS Trustee shall be liable to any party for any consequences thereof, provided that neither the Agent nor the VPS Trustee shall be obliged so to implement if in the opinion of the Agent or the VPS Trustee (as applicable) doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the rights and/or the protective provisions afforded to it in these Conditions and/or any documents to which it is a party (including, for the avoidance of doubt,

any supplemental agency agreement or supplemental Euronext VPS trust agreement) in any way.

In connection with any such variation in accordance with this Condition 4(b)(ii)(E)(2), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(3) *Definitions*

As used in this Condition 4(b)(ii)(E):

"Benchmark Replacement" means the first alternative set forth in the order below that can be determined by the Issuer as of the Benchmark Replacement Date:

- (i) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the Original Reference Rate for the applicable Corresponding Tenor and (b) the Benchmark Replacement Adjustment;
- (ii) the sum of: (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment; or
- (iii) the sum of: (a) the alternate rate of interest that has been selected by the Issuer as the replacement for the Original Reference Rate for the applicable Corresponding Tenor giving due consideration to any industry-accepted rate of interest as a replacement for the then-current benchmark for U.S. dollar-denominated floating rate notes at such time and (b) the Benchmark Replacement Adjustment;

"Benchmark Replacement Adjustment" means the first alternative set forth in the order below that can be determined by the Issuer as of the Benchmark Replacement Date:

- (i) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (ii) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, the ISDA Fallback Adjustment; or
- (iii) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Issuer giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time;

"Benchmark Replacement Conforming Changes" means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to any Interest Period, the timing and frequency of determining rates and making payments of interest, rounding of amounts or

tenors, and other administrative matters) that the Issuer (in consultation with the Independent Adviser) decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Issuer decides that adoption of any portion of such market practice is not administratively feasible or if the Issuer determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Issuer (in consultation with the Independent Adviser) determines is reasonably necessary);

"Benchmark Replacement Date" means the earliest to occur of the following events with respect to the Original Reference Rate (including the daily published component used in the calculation thereof):

- (i) in the case of clause (i) or (ii) of the definition of "Benchmark Transition Event", the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the Original Reference Rate permanently or indefinitely ceases to provide the Original Reference Rate (or such component); or
- (ii) in the case of clause (iii) of the definition of "Benchmark Transition Event", the date of the public statement or publication of information referenced therein.

For the avoidance of doubt, if the event that gives rise to the Benchmark Replacement Date occurs on the same day as, but earlier than the customary or scheduled time for publication of the relevant reference rate in accordance with the then-prevailing operational procedures of the administrator of such reference rate or, as the case may be, of the other relevant information service publishing such reference rate, on, the relevant Interest Determination Date, the Benchmark Replacement Date will be deemed to have occurred prior to such time for such determination;

"Benchmark Transition Event" means the occurrence of one or more of the following events with respect to the Original Reference Rate (including the daily published component used in the calculation thereof):

- (i) a public statement or publication of information by or on behalf of the administrator of the Original Reference Rate (or such component) announcing that such administrator has ceased or will cease to provide the Original Reference Rate (or such component), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Original Reference Rate (or such component); or

"Original Reference Rate" means the benchmark or screen rate (as applicable) originally specified for the purpose of determining the relevant Rate of Interest (or any relevant component part(s) thereof) on the Notes (provided that if, following one or more Benchmark Transition Events, such originally specified benchmark or screen rate (or any benchmark used in any Benchmark Replacement which has replaced it (the **"Replacement Benchmark"**)) has been replaced by a (or a further) Replacement Benchmark and a Benchmark Transition Event subsequently occurs in respect of such Replacement Benchmark, the term "Original Reference Rate" shall be deemed to include any such Replacement Benchmark);

"Relevant Governmental Body" means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto; and

"Unadjusted Benchmark Replacement" means the Benchmark Replacement excluding the Benchmark Replacement Adjustment.

(4) *Notices, etc.*

Any Benchmark Replacement and the specific terms of any Benchmark Replacement Conforming Changes determined under this Condition 4(b)(ii)(E) will be notified promptly by the Issuer to the Agent, the Paying Agents, the Calculation Agent (if applicable), (in the case of VPS Notes) the VPS Agent, the VPS Trustee and the VPS Calculation Agent and, in accordance with Condition 13, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Replacement Conforming Changes (if any).

No later than notifying the Agent or (in the case of VPS Notes only) the VPS Trustee of the same, the Issuer shall deliver to the Agent or (in the case of VPS Notes only) the VPS Trustee a certificate signed by two directors of the Issuer:

(i) confirming (I) that a Benchmark Transition Event has occurred, (II) the Benchmark Replacement and (III) the specific terms of any Benchmark Replacement Conforming Changes, in each case as determined in accordance with the provisions of this Condition 4(b)(ii)(E); and

(ii) certifying that the Benchmark Replacement Conforming Changes are necessary to ensure the proper operation of such Replacement Benchmark.

The Agent or (in the case of VPS Notes only) the VPS Trustee shall be entitled to rely on such certificate (without enquiry or liability to any person) as sufficient evidence thereof. For the avoidance of doubt, neither the Agent nor (in the case of VPS Notes only) the VPS Trustee shall be liable to the Noteholders or any other person for so acting or relying on such certificate, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person. The Benchmark Replacement and the Benchmark Replacement Conforming Changes (if any) specified in such certificate will (in the absence of manifest error in the determination of the Benchmark Replacement and the Benchmark Replacement Conforming Changes (if any) and without prejudice to the Agent's or the VPS Trustee's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Agent, the Paying Agents, the Calculation Agent (if applicable), (in the case of VPS Notes) the VPS Agent, the VPS Trustee, the VPS Calculation Agent and the Noteholders.

(5) *Survival of Original Reference Rate*

Without prejudice to the obligations of the Issuer under this Condition 4(b)(ii)(E), the Original Reference Rate and the fallback provisions provided for in Condition 4(b)(ii)(B) or, as the case may be, Condition 4(b)(ii)(C) will continue to apply unless and until a Benchmark Transition Event has occurred, an Independent Adviser has been appointed, and the Agent or (in the case of VPS Notes only) the VPS Trustee has been notified of the Benchmark Replacement and any

Benchmark Replacement Conforming Changes determined in accordance with Condition 4(b)(ii)(E)(2).

(iii) *Minimum and/or Maximum Interest Rate*

If the applicable Final Terms specifies a Minimum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of Condition 4(b)(ii) above is less than such Minimum Interest Rate, the Rate of Interest for such Interest Period shall be such Minimum Interest Rate.

If the applicable Final Terms specifies a Maximum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of Condition 4(b)(ii) above is greater than such Maximum Interest Rate, the Rate of Interest for such Interest Period shall be such Maximum Interest Rate.

(iv) *Determination of Rate of Interest and Calculation of Interest Amounts*

The Agent, in the case of Floating Rate Notes other than Floating Rate Notes which are Swedish Registered Notes or VPS Notes, the Calculation Agent, in the case of Floating Rate Notes which are Swedish Registered Notes, or the VPS Calculation Agent, in the case of Floating Rate Notes which are VPS Notes, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent, in the case of Floating Rate Notes other than Floating Rate Notes which are Swedish Registered Notes or VPS Notes, the Calculation Agent, in the case of Floating Rate Notes which are Swedish Registered Notes, or the VPS Calculation Agent, in the case of Floating Rate Notes which are VPS Notes, will calculate the amount of interest (the "**Interest Amount**") payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a Global Note or which are VPS Notes, the aggregate outstanding nominal amount outstanding of the Notes represented by such Global Note or which are VPS Notes; or
- (B) in the case of Swedish Registered Notes, the aggregate outstanding nominal amount of the Floating Rate Notes appearing on the register maintained by Euroclear Sweden on behalf of the Issuer;
- (C) in the case of Floating Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

"Day Count Fraction" means, in respect of the calculation of an amount of interest for any Interest Period:

- (i) if "**Actual/Actual ISDA**" or "**Actual/Actual**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if "**Actual/365 (Fixed)**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if "**Actual/360**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (iv) if "**30/360**", "**360/360**" or "**Bond Basis**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (v) if "**30E/360**" or "**Eurobond Basis**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

- (vi) if "**30/360 (ISDA)**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

(v) *Notification of Rate of Interest and Interest Amounts*

The Agent, in the case of Notes other than Swedish Registered Notes or VPS Notes, the Calculation Agent, in the case of Swedish Registered Notes, or the VPS Calculation Agent, in the case of VPS Notes, will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, (in the case of VPS Notes) the VPS Agent and the VPS Trustee and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 13 as soon as possible

after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will promptly be notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 13. For the purposes of this paragraph, the expression "**London Business Day**" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in London.

For the avoidance of doubt, in respect of Notes admitted to trading on the Luxembourg Stock Exchange, the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date, and any amendments thereto, will be notified to the Luxembourg Stock Exchange no later than the first day of the Interest Period.

(vi) *Certificates to be Final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(b), whether by the Agent, the Calculation Agent or the VPS Calculation Agent, as applicable, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the Calculation Agent (if applicable), the other Paying Agents, (in the case of VPS Notes) the VPS Agent, the VPS Trustee and the VPS Calculation Agent and all Noteholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Agent, the Calculation Agent or the VPS Calculation Agent (as applicable) in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Accrual of Interest*

Each Note (or, in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event in respect of Notes other than Swedish Registered Notes, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such Note have been paid; and
- (2) five days after the date on which the full amount of the moneys payable has been received by the Agent or the VPS Agent, as applicable, and notice to that effect has been given in accordance with Condition 13.

In such event in respect of Swedish Registered Notes, interest will continue to accrue until the date the holders of the Swedish Registered Notes receive the full amount of such payments.

(d) *Discretions*

Notwithstanding anything included in these Conditions or any applicable Final Terms, the Agent (or Calculation Agent, if so appointed) will have no obligation to exercise any discretion (including, but not limited to, determinations of alternative or substitute benchmarks, successor reference rates, screen pages, interest adjustment factors/fractions or spreads, market disruptions, benchmark amendment conforming changes, selection and polling of reference banks) and any such discretion shall instead (unless an alternative method for determination is specified by any entity other than the Agent and/or Calculation Agent in these Conditions) be

exercised by the Issuer (following consultation with any such independent advisers as it deems necessary).

5. Payments

(a) Method of Payment

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment or other laws and regulation to which the Issuer, the Agent, a Paying Agent and/or the VPS Agent, as the case may be, is subject, but without prejudice to the provisions of Condition 7 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Internal Revenue Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Internal Revenue Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 7) any law implementing an intergovernmental approach thereto.

References to "**Specified Currency**" will include any successor currency under applicable law.

(b) Presentation of Notes and Coupons

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against surrender of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against surrender of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Fixed Rate Notes in definitive form should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 7) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmaturing Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note or Long Maturity Note in definitive form becomes due and repayable, unmaturing Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A "**Long Maturity Note**" is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not a Fixed Interest Date or an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Fixed Interest Date or Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

Payments of principal and interest (if any) in respect of Notes represented by any global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant global Note against presentation or surrender, as the case may be, of such global Note at the specified office of any Paying Agent. A record of each payment made against presentation or surrender of such global Note, distinguishing between any payment of principal and any payment of interest, will be made either on such global Note by such Paying Agent and such record shall be *prima facie* evidence that the payment in question has been made or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

The holder of a global Note shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for their share of each payment so made by the Issuer to, or to the order of, the holder of such global Note.

Notwithstanding the foregoing, if any amount of principal and/or interest in respect of this Note is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of this Note will be made at the specified office of a Paying Agent in the United States if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

Payments of principal and interest in respect of Swedish Registered Notes will be made to the persons registered as Noteholders in the register maintained by Euroclear Sweden on the fifth Stockholm Business Day (or such other day which may become customary on the Swedish bond market, which in respect of Swedish Registered Notes denominated in Swedish Kronor is expected to be the third Stockholm Business Day) prior to the Interest Payment Date or the Maturity Date, as the case may be, and in accordance with the rules and procedures applied by Euroclear Sweden from time to time.

As used herein, "**Stockholm Business Day**" means a day on which commercial banks and foreign exchange markets are open for business in Stockholm.

Payments of principal and interest in respect of VPS Notes shall be made by, or on behalf of, the Issuer to the holders shown in the relevant records of Euronext VPS in accordance with and subject to the rules and regulations from time to time governing Euronext VPS.

(c) *Payment Day for Notes other than Swedish Registered Notes*

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "**Payment Day**" means any day which (subject to Condition 8) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) in the case of Notes in definitive form only, the relevant place of presentation;
 - (B) each Additional Financial Centre (other than T2) specified in the applicable Final Terms;
 - (C) if T2 is specified as an Additional Financial Centre in the applicable Final Terms, a day on which T2 is open;
 - (D) in the case of VPS Notes only, Oslo; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation, any Additional Financial Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which T2 is open.

(d) *Payment Date for Swedish Registered Notes*

If the date for payment of any amount in respect of Swedish Registered Notes is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, unless otherwise specified in the applicable Final Terms, "**Payment Day**" means any day which (subject to Condition 8) is a day on which commercial banks are open for general business in Stockholm.

(e) *Interpretation of Principal and Interest*

Any reference in these Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 7;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) the Residual Redemption Amount(s) (if any) of the Notes; and
- (vi) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7.

6. *Redemption and Purchase*

(a) *At Maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

(b) *Redemption for Tax Reasons*

Subject to Condition 6(g), the Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms to the Agent (in the case of Notes other than Swedish Registered Notes or VPS Notes), Euroclear Sweden (in the case of Swedish Registered Notes) or the VPS Agent (in the case of VPS Notes) and, in accordance with Condition 13, the Noteholders (which notice shall be irrevocable), if:

- (i) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 7 as a result of any change in, or amendment to, the laws or regulations of Sweden or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes; and
- (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Agent (in the case of Notes other than Swedish Registered Notes or VPS Notes), Euroclear Sweden (in the case of Swedish Registered Notes) or the VPS Trustee (in the case of VPS Notes) to make available at its specified office to the Noteholders (i) a certificate signed by two authorised officers of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and (ii) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

Notes redeemed pursuant to this Condition 6(b) will be redeemed at their Early Redemption Amount referred to in paragraph (f) below together (if appropriate) with interest accrued to (but excluding or, in the case of Swedish Registered Notes, and including) the date of redemption.

(c) *Redemption at the Option of the Issuer ("Issuer Call")*¹

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer may, at its option, having given not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Noteholders in accordance with Condition 13 (which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or (if specified in the applicable Final Terms) some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding or, in the case of Swedish Registered Notes, and including) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. The Optional Redemption Amount will either be the specified percentage of the nominal amount of the Notes stated in the Final Terms or:

- (i) if "**Sterling Make-Whole Redemption Amount**" is specified in the applicable Final Terms as the Optional Redemption Amount, the Optional Redemption Amount shall be equal to the higher of (a) 100 per cent. of the principal amount outstanding of the Notes to be redeemed or (b) the principal amount outstanding of the Notes to be redeemed multiplied by the price, as reported to the Issuer by the Financial Adviser, at which the Gross Redemption Yield to the Maturity Date or, in the case of any Par Call Notes, the First Par Call Notes Redemption Date, on such Notes on the Reference Date is equal to the Gross Redemption Yield (determined by reference to the middle market price) at the Quotation Time specified in the applicable Final Terms on the Reference Date of the Reference Bond plus the Redemption Margin, all as determined by the Financial Adviser; or
- (ii) if "**Non-Sterling Make-Whole Redemption Amount**" is specified in the applicable Final Terms as the Optional Redemption Amount, the Optional Redemption Amount shall be an amount calculated by the Financial Adviser equal to the higher of (a) 100 per cent. of the principal amount outstanding of the Notes to be redeemed or (b) the sum of the then present values of the principal amount outstanding of the Notes to be redeemed and the Remaining Term Interest on such Note (exclusive of interest accrued

In this Condition 6(c):

"FA Selected Bond" means a government security or securities selected by the Financial Adviser as having an actual or interpolated maturity comparable with the remaining term to the Maturity Date or, in the case of any Par Call Notes, to the First Par Call Notes Redemption Date that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities denominated in the same currency as the Notes and of a comparable maturity to the remaining term to the Maturity Date or, in the case of any Par Call Notes, to the First Par Call Notes Redemption Date;

"Financial Adviser" means an investment bank or financial institution of international standing selected by the Issuer;

"First Par Call Notes Redemption Date" means, in respect of any Par Call Notes, the first Optional Redemption Date on which the Notes may be redeemed at the Par Call Amount;

"Par Call Notes" means any Notes in respect of which: (i) Issuer Call is specified as being applicable in the applicable Final Terms; and (ii) any Optional Redemption Amount is specified as being an amount per Calculation Amount equal to the Calculation Amount (such Optional Redemption Amount, the **"Par Call Amount"**);

"Par Call Notes Redemption Date" means an Optional Redemption Date on which the Notes may be redeemed at the Par Call Amount;

All notifications, opinions, determinations, certifications, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Financial Adviser, shall (in the absence of negligence, wilful default or bad faith) be binding on the Issuer, the Agent, the Paying Agents, (in the case of VPS Notes) the VPS Agent and the VPS Trustee and all Noteholders and Couponholders.

In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected:

- (i) individually by lot, in the case of Redeemed Notes represented by definitive Notes;
- (ii) in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) in the case of Redeemed Notes represented by a global Note;

permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this Condition 6(c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 13 at least 5 days prior to the Selection Date.

(d) *Redemption at the Option of the Noteholders ("Investor Put")*

If Investor Put is specified as being applicable in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 13 not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms, the Issuer will, upon the expiry of such notice, redeem, in whole (but not in part), such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding or, in the case of Swedish Registered Notes, and including) the Optional Redemption Date.

In the case of Notes other than VPS Notes, to exercise the right to require redemption of this Note the holder of this Note must, if this Note is in definitive form, deliver such Note at the specified office of any Paying Agent (or, in the case of Swedish Registered Notes, the Issuing Agent) at any time during normal business hours of such Paying Agent (or, in the case of Swedish Registered Notes, the Issuing Agent) falling within the notice period, accompanied by a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (or the Issuing Agent) (a "**Put Notice**") and in which the holder must specify a bank account to which payment is to be made under this Condition.

If this Note is represented by a global Note, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on their instruction by Euroclear, Clearstream, Luxembourg or any common depositary for them to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

In the case of Swedish Registered Notes, a Put Notice will not be effective against the Issuer before the date on which the relevant Swedish Registered Notes have been transferred to the account designated by the Issuing Agent and blocked for further transfer until the Optional Redemption Date by said Issuing Agent.

In the case of VPS Notes, to exercise the right to require redemption or purchase of this Note, the holder of this Note must, within the notice period, give notice to the VPS Agent of such exercise in accordance with the standard procedures of Euronext VPS, from time to time.

Any Put Notice or other notice given in accordance with the standard procedures of Euronext VPS given by a holder of any Note pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 9. In the case of Swedish Registered Notes, the right to require redemption of such Notes in accordance with this Condition 6(d) must be exercised in accordance with the rules and procedures of Euroclear Sweden and if there is any inconsistency between the foregoing and the rules and procedures of Euroclear Sweden, the rules and procedures of Euroclear Sweden shall prevail.

(e) Redemption at the option of the Noteholders ("Change of Control Put")

(1) A "Put Event" will be deemed to occur if:

- (i) any person or any persons acting in concert (as defined in the United Kingdom's City Code on Takeovers and Mergers in force on the date of the applicable Final Terms) or any person or persons acting on behalf of such person(s) (the "**Relevant Person**") at any time directly or indirectly own(s) or acquire(s): (A) more than 50 per cent. of the issued or allotted ordinary share capital of the Issuer or (B) such number of shares in the capital of the Issuer carrying more than 50 per cent. of the voting rights attached to the issued or allotted share capital of the Issuer that are normally exercisable at a general meeting of the Issuer (each, a "**Change of Control**"), provided that a Change of Control shall be deemed not to have occurred if all or substantially all of the shareholders of the Relevant Person are, or immediately prior to the event which would otherwise have constituted a Change of Control were, the shareholders of the Issuer with the same (or substantially the same) pro rata interest in the share capital of the Relevant Person as such shareholders have, or as the case may be, had in the share capital of the Issuer; and
- (ii) on the date (the "**Relevant Announcement Date**") that is the earlier of (x) the date of the first public announcement of the relevant Change of Control; and (y) the date of the earliest Relevant Potential Change of Control Announcement (if any), the Notes carry from either of Moody's Investor Services Limited ("**Moody's**") and/or Standard & Poor's Rating Services, a division of The McGraw-Hill Companies, Inc. ("**S&P**") and/or any of their respective successors or any other rating agency (each a "**Substitute Rating Agency**") of equivalent international standing specified by the Issuer (each, a "**rating agency**"),
 - (A) an investment grade credit rating (Baa3/BBB-, or equivalent, or better), and such rating from any rating agency is within the Change of Control Period either downgraded to a non-investment grade credit rating (Ba1/BB+, or equivalent, or worse) or withdrawn and is not within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to investment grade credit ratings by such rating agency; or
 - (B) a non-investment grade credit rating (Ba1/BB+, or equivalent, or worse), and such rating from any rating agency is within the Change of Control Period either downgraded by one or more notches (for illustration, Ba1/BB+ to Ba2/BB being one notch) or withdrawn and is not within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to its earlier credit rating or better by such rating agency; or
 - (C) no credit rating, and no credit rating from another rating agency and no rating agency assigns within the Change of Control Period an investment grade credit rating to the Notes,

provided that if on the Relevant Announcement Date the Notes carry a credit rating from more than one rating agency, at least one of which is investment grade, then sub-paragraph (A) will apply; and

- (iii) in making the relevant decision(s) referred to above, each relevant rating agency announces publicly or confirms in writing to the Issuer that such decision(s) resulted,

in whole or in part, from the occurrence of the Change of Control or the Relevant Potential Change of Control Announcement. Upon receipt by the Issuer of any such written confirmation, the Issuer shall forthwith give notice of such written confirmation to the Noteholders in accordance with Condition 13.

If the rating designations employed by either of Moody's or S&P are changed from those which are described in paragraph (ii) of the definition of "Put Event" above, or if a rating is procured from a Substitute Rating Agency, the Issuer shall determine the rating designations of Moody's or S&P or such Substitute Rating Agency (as appropriate) as are most equivalent to the prior rating designations of Moody's or S&P and this Condition 6(e) shall be read accordingly.

- (2) If a Put Event occurs, each Noteholder shall have the option to require the Issuer to redeem or, at the Issuer's option, purchase (or procure the purchase of) such Note on the Put Date (as defined below) at the Optional Redemption Amount. Such option shall operate as set out below.
- (3) Promptly upon the Issuer becoming aware that a Put Event has occurred the Issuer shall give notice (a "**Put Event Notice**") to the Noteholders in accordance with Condition 13 specifying the nature of the Put Event and the procedure for exercising the option contained in this Condition 6(e).
- (4) In the case of Notes other than VPS Notes, to exercise the option to require the redemption or purchase of a Note under this Condition 6(e) the Noteholder must, if this Note is in definitive form, deliver such Note, at the specified office of any Paying Agent (or, in the case of Swedish Registered Notes, the Issuing Agent), at any time during normal business hours of the relevant Paying Agent (or, in the case of Swedish Registered Notes, the Issuing Agent) falling within the period (the "**Put Period**") of 45 days after a Put Event Notice is given, accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (or, in the case of Swedish Registered Notes, the Issuing Agent) (a "**Change of Control Put Notice**"). The Note should be delivered together with all Coupons appertaining thereto, failing which the relevant Paying Agent will require payment of an amount equal to the face value of any missing such Coupon. Any amount so paid will be reimbursed to the Noteholder against presentation and surrender of the relevant missing Coupon (or any replacement therefor issued pursuant to Condition 10) at any time after such payment, but before the expiry of the period of five years from the Relevant Date (as defined in Condition 7) in respect of such Coupon, but not thereafter. The Paying Agent to which such Note and Change of Control Put Notice are delivered will issue to the Noteholder concerned a non-transferable receipt in respect of the Note so delivered. Payment in respect of any Note so delivered will be made either (i) on the date which is seven days after the expiration of the Put Period (the "**Put Date**") by transfer to the bank account (if any) specified in the relevant Change of Control Put Notice; or (ii) if no such bank account is so specified, on or after the Put Date against presentation and surrender or (as the case may be) endorsement of such receipt at the specified office of any Paying Agent. A Change of Control Put Notice, once given, shall be irrevocable. For the purposes of these Conditions, pending redemption or purchase of the relevant Notes non-transferable receipts issued pursuant to this Condition 6(e) shall be treated as if they were Notes. The Issuer shall redeem or, at its option, purchase (or procure the purchase of) the relevant Notes on the Put Date unless previously redeemed and cancelled or purchased.

If this Note is represented by a global Note, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on their instruction by Euroclear,

Clearstream, Luxembourg or any common depositary for them to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

In the case of Swedish Registered Notes, a Change of Control Put Notice will not be effective against the Issuer before the date on which the relevant Swedish Registered Notes have been transferred to the account designated by the Issuing Agent and blocked for further transfer until the Put Date by said Issuing Agent. The right to require redemption of any Swedish Registered Notes pursuant to this Condition 6(e) must be exercised in accordance with the rules and procedures of Euroclear Sweden and, if there is any inconsistency between the foregoing and the rules and procedures of Euroclear Sweden, the rules and procedures of Euroclear Sweden shall prevail.

In the case of VPS Notes, to exercise the right to require redemption or purchase of this Note, the holder of this Note must, within the notice period, give notice to the VPS Agent of such exercise in accordance with the standard procedures of Euronext VPS, from time to time and such notice, once given, shall be irrevocable.

If 75 per cent. or more in nominal amount of the Notes then outstanding have been redeemed or purchased pursuant to this Condition 6(e), the Issuer may, on not less than 30 or more than 60 days' notice to the Noteholders given within 30 days after the Put Date, redeem, at its option, the remaining Notes as a whole at the Optional Redemption Amount.

(5) In these Conditions:

"Change of Control Period" means the period commencing on the Relevant Announcement Date and ending 90 days after the Change of Control (or such longer period during which the Notes are under consideration (such consideration having been announced publicly within the period ending 90 days after the Change of Control) for rating review or, as the case may be, rating by a rating agency, such period not to exceed 60 days after the public announcement of such consideration); and

"Relevant Potential Change of Control Announcement" means any public announcement or statement by the Issuer, any actual or potential bidder or any adviser thereto relating to any potential Change of Control where within 180 days following the date of such announcement or statement, a Change of Control occurs.

(f) ***Clean-up call ("Issuer Residual Call")***

If Issuer Residual Call is specified as being applicable in the applicable Final Terms and if at any time after the Issue Date 75 per cent. or more of the aggregate nominal amount of the Notes originally issued (and, for these purposes, any further securities issued pursuant to Condition 15 so as to be consolidated and form a single series with the Notes will be deemed to have been originally issued) has been redeemed (other than Notes redeemed at the Sterling Make-Whole Redemption Amount or the Non-Sterling Make-Whole Redemption Amount, as the case may be) or purchased by the Issuer or any of its Subsidiaries and cancelled pursuant to these Conditions, the Issuer may, at its option, having given not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Noteholders in accordance with Condition 13 (which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all (but not some only) of the Notes then outstanding at any time at the Residual Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding or, in the case of Swedish Registered Notes, and including) the relevant date of redemption.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Agent (in the case of Notes other than Swedish Registered Notes or VPS Notes), Euroclear Sweden (in the case of Swedish Registered Notes) or the VPS Trustee (in the case of VPS Notes) to make available at its specified office to the Noteholders (i) a certificate signed by two authorised officers of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred.

(g) *Early Redemption Amounts*

For the purpose of Condition 6(b) above and Condition 9, the Notes will be redeemed at the Early Redemption Amount calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof;
- (ii) in the case of Notes (other than Zero Coupon Notes) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Notes are denominated, at the amount specified in the applicable Final Terms or, if no such amount or manner is so specified in the Final Terms, at their nominal amount; or
- (iii) in the case of Zero Coupon Notes, at its Early Redemption Amount calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

"RP" means the Reference Price;

"AY" means the Accrual Yield expressed as a decimal; and

"y" is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including or, in the case of Swedish Registered Notes, but excluding) the Issue Date of the first Tranche of the Notes to (but excluding or, in the case of Swedish Registered Notes, and including) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

(h) *Purchases*

The Issuer or any of its Subsidiaries may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, reissued (in

the case of Notes other than VPS Notes), resold (in the case of Notes other than VPS Notes) or, at the option of the Issuer:

- (i) in the case of Notes other than Swedish Registered Notes or VPS Notes, surrendered to any Paying Agent for cancellation; or
- (ii) in the case of VPS Notes, cancelled by deletion from the records of Euronext VPS.

Any Swedish Registered Notes purchased may be held, resold or cancelled.

"Subsidiary" means any entity which is a subsidiary within the meaning of the Swedish Companies Act (1975).

(i) Cancellation

All Notes which are redeemed will, subject to Condition 6(h) above, forthwith be cancelled (together with all unmatured Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to Condition 6(h) above (together with all unmatured Coupons cancelled therewith):

- (i) in the case of Notes other than Swedish Registered Notes or VPS Notes, shall be forwarded to the Agent;
- (ii) in the case of Swedish Registered Notes, shall be forwarded to the relevant Issuing Agent (as defined in Condition 11(b)); or
- (iii) in the case of VPS Notes, shall be deleted from the records of Euronext VPS,

and, in any case, cannot be reissued or resold.

(j) Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Conditions 6(a), 6(b), 6(c), 6(d), 6(e) or 6(f) above or upon its becoming due and repayable as provided in Condition 9 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 6(g)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which, in respect of Notes other than Swedish Registered Notes, is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable has been received by the Agent (in the case of Notes other than Swedish Registered Notes or VPS Notes) or the VPS Agent (in the case of VPS Notes) and notice to that effect has been given to the Noteholders in accordance with Condition 13.

In such event in respect of Swedish Registered Notes, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 6(g)(iii) above as though the references therein to the date fixed for the redemption or the date upon

which such Zero Coupon Note becomes due and payable were replaced by references to the date the holders of the Swedish Registered Notes receive the full amount of such payment.

7. Taxation

(a) Gross up

All payments of principal and interest in respect of the Notes and Coupons by or on behalf of the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of Sweden or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (i) presented for payment by or on behalf of a Noteholder or Couponholder who is liable for such taxes or duties in respect of such Note or Coupon by reason of their having some connection with Sweden other than the mere holding of such Note or Coupon; or
- (ii) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Date (as defined, for Notes other than Swedish Registered Notes, in Condition 5(c) and as defined, for Swedish Registered Notes, in Condition 5(d)).

As used herein, the "**Relevant Date**" means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent (in the case of Notes other than Swedish Registered Notes or VPS Notes), the holders of the Swedish Registered Notes (in the case of Swedish Registered Notes) or the VPS Agent (in the case of VPS Notes) on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 13.

(b) FATCA Withholding

Notwithstanding any other provision of these Conditions, any amounts to be paid on the Notes by or on behalf of the Issuer, will be paid net of any deduction or withholding imposed or required pursuant to an agreement described in Section 1471(b) of the Internal Revenue Code, or otherwise imposed pursuant to Sections 1471 through 1474 of the Internal Revenue Code (or any regulations thereunder or official interpretations thereof) or an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof (or any fiscal or regulatory legislation, rules or practices implementing such an intergovernmental agreement) (any such withholding or deduction, a "**FATCA Withholding**"). Neither the Issuer nor any other person will be required to pay any additional amounts in respect of FATCA Withholding.

8. Prescription

The Notes and Coupons will become void unless presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 7) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 5(b) or any Talon which would be void pursuant to Condition 5(b).

In the case of Swedish Registered Notes, claims against the Issuer for the payment of principal and interest payable in respect of the Swedish Registered Notes shall be void unless made within 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date therefor and thereafter any principal or interest payable in respect of such Swedish Registered Notes shall be forfeited and revert to the Issuer.

9. Events of Default

If any one or more of the following events (each an "**Event of Default**") shall occur:

- (i) if default is made for a period of 14 days or more in the payment of any interest or principal due in respect of the Notes; or
- (ii) if there is a failure in the performance of any obligation under the Notes other than an obligation to make payment of principal or interest which continues for more than 30 days after written notification requiring such failure to be remedied shall have been given to the Issuer by a Noteholder or (in the case of VPS Notes only) the VPS Trustee; or
- (iii) if except for the purpose of a reconstruction or an amalgamation upon which the continuing corporation effectively assumes the entire assets and liabilities of the Issuer or the terms of which have previously been approved by an Extraordinary Resolution of the Noteholders or, in the case of VPS Notes only, by a majority of two-thirds of votes at a meeting of Noteholders duly convened and held in accordance with the provisions of the VPS Trustee Agreement:
 - (a) an order is made (and not discharged or stayed within a period of 60 days) or an effective resolution is passed for winding-up the Issuer; or
 - (b) the Issuer ceases to carry on business; or
- (iv) if an administrative or other receiver is appointed of the whole or substantially the whole of the assets of the Issuer and is not removed, paid out or discharged within 60 days or, following such 60 day period, the appointment is not being disputed in good faith; or
- (v) if the Issuer is unable to pay its debts generally or makes a general assignment for the benefit of its creditors; or
- (vi) (A) if any Indebtedness for Borrowed Money (as defined below) of the Issuer, amounting in aggregate to not less than €50,000,000 or its equivalent in other currencies, becomes due and repayable prematurely by reason of an event of default (however described) and remains unpaid; or
(B) if default is made by the Issuer in making any payment due, amounting in aggregate to not less than €50,000,000 or its equivalent in other currencies, in respect of Indebtedness for Borrowed Money on the due date for that payment (as extended by any applicable grace period),

where the failure to pay is not being contested in good faith and continues unremedied for more than 14 days after written notification requesting such failure to be remedied shall have been given to the Issuer by a Noteholder or (in the case of VPS Notes only) the VPS Trustee,

then (in the case of Notes other than VPS Notes) any Noteholder or (in the case of VPS Notes only) the VPS Trustee may, by written notice to the Issuer at the specified office of the Agent (in the case of Notes other than Swedish Registered Notes or VPS Notes), the relevant Issuing Agent (in the case of Swedish Registered Notes only) or the VPS Agent and the VPS Trustee (in the case of VPS Notes only), effective upon the date of receipt thereof by the Agent (in the case of Notes other than Swedish Registered Notes or VPS Notes), the relevant Issuing Agent (in the case of Swedish Registered Notes only) or the VPS Agent and the VPS Trustee (in the case of VPS Notes only), declare the Note held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount (as described in Condition 6(g)), together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind.

No holder of VPS Notes shall be entitled to proceed directly against the Issuer unless the VPS Trustee, having become bound so to proceed, (i) fails so to do within a reasonable period or (ii) is unable for any reason so to do, and the failure or inability shall be continuing.

"Indebtedness for Borrowed Money" means any present or future indebtedness (whether being principal, premium, interest or other amounts) for or in respect of (i) money borrowed, (ii) liabilities under or in respect of any acceptance or acceptance credit or (iii) any notes, bonds, debentures, debenture stock, loan stock or other securities offered, issued or distributed whether by way of public offer, private placing, acquisition consideration or otherwise and whether issued for cash or in whole or in part for a consideration other than cash.

In the case of Swedish Registered Notes, the date of repayment will be such later date on which the relevant Notes have been transferred to the account designated by the relevant Issuing Agent and blocked for further transfer by said Issuing Agent.

10. Replacement of Notes Coupons and Talons

This Condition 10 only applies to Notes other than Swedish Registered Notes and VPS Notes.

Should any Note Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Replacement Agent (or at the office of any Paying Agent) upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

11. Agent, Paying Agents, VPS Agent and VPS Trustee

(a) Notes other than Swedish Registered Notes

The following shall apply only to Notes other than Swedish Registered Notes.

The names of the initial Agent, the other initial Paying Agent and the initial VPS Agent and their initial specified offices are set out below.

If any additional Paying Agents are or an alternative VPS Agent is appointed in connection with any Series, the names of such Paying Agents or VPS Agent will be specified in Part B of the applicable Final Terms.

The Issuer is entitled to vary or terminate the appointment of any Paying Agent and/or the VPS Agent and/or appoint additional or other Paying Agents or VPS Agents and/or approve any change in the specified office through which any Paying Agent or VPS Agent acts, provided that:

- (i) there will at all times be an Agent;
- (ii) so long as the Notes are listed on any stock exchange, there will at all times be a Paying Agent with a specified office outside Sweden in such place as may be required by the rules and regulations of the relevant stock exchange (or any other relevant authority); and
- (iii) in the case of VPS Notes, there will always be a VPS Agent authorised to act as an account operating institution with Euronext VPS.

In addition, in the case of Notes other than VPS Notes, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 5(b). Notice of any variation, termination, appointment or change in Paying Agents or VPS Agent(s) will be given to the Noteholders promptly by the Issuer in accordance with Condition 13.

(b) *Swedish Registered Notes*

The following shall apply only to Swedish Registered Notes.

In relation to Swedish Registered Notes, the Issuer will, in accordance with the Swedish Financial Instrument Accounts Act (SFS 1998:1479), appoint (i) Euroclear Sweden as the central securities depository, and (ii) an issuing agent (the "**Issuing Agent**"). The Issuing Agent will be specified in the relevant Final Terms.

The Issuer is entitled to vary or terminate the appointment of Euroclear Sweden or the Issuing Agent, provided that the Issuer will appoint another central securities depository or Issuing Agent, each of them to be duly authorised under the Swedish Financial Instrument Accounts Act (SFS 1998:1479). The central securities depository and the Issuing Agent act solely as agents of the Issuer and do not assume any obligation to, or relationship of agency or trust with, any Noteholders.

(c) *VPS Trustee*

The VPS Trustee Agreement contains provisions for the indemnification of the VPS Trustee and for its relief from responsibility and liability, including provisions relieving it from taking action unless indemnified and/or secured to its satisfaction. Key regulation

European Union

As Member States of the European Union (the "EU"), Sweden, Finland, Lithuania, Latvia and Estonia are required to follow EU regulations and enact domestic legislation to give effect to EU directives. Norway is under some additional obligations as a party to the European Economic Area Agreement (the "EEA Agreement").

Directive (EU) 2018/1972 establishing the European Electronic Communications Code ("**EECC Directive**") was adopted in December 2018 and constitutes a central piece of telecom legislation for achieving Europe's Gigabit society. This overhaul of the regulatory framework for the European telecommunications industry covers rules ranging from allocation of spectrum licences, investment conditions for roll-out of very high-capacity networks and access to networks of dominant operators to detailed consumer protection rules for different electronic communications services. All EU Member States were required to fully transpose the EECC Directive into national law by 21 December 2020. As at the date of this Prospectus, all the Member States in which Telia Company operates have transposed the EECC Directive within the deadline. The EECC Directive was incorporated into the EEA Agreement by a joint committee decision which took effect on 1 February 2025, and implemented into Norwegian law on 1 January 2025 through the Electronic Communication Act 2024.

In line with the EECC Directive, the European Commission has adopted measures to reinforce the existing objectives of competition and internal market, protect consumers and allow fair rates and varied offers for internet and telephone services. These measures include a new Delegated Regulation setting an EU-wide single maximum for voice termination rates that operators may charge one another for delivering fixed and mobile calls between their networks and an updated Recommendation on Relevant Markets (the "**Commission Recommendations**") updating the list of predefined markets which European National Regulatory Authorities ("**NRAs**"), are required to regularly review.

The Commission Recommendations define the two relevant markets (wholesale local access provided at a fixed location and wholesale dedicated capacity market) that the NRAs must analyse. NRAs can nevertheless also regulate markets that are not listed in the Commission Recommendations based on national circumstances. In such cases, the NRA has to prove that a market satisfies three criteria: (i) a market has no high and non-transitory barriers to entry, (ii) a market has a structure that does not tend towards effective competition and (iii) competition law alone is insufficient to adequately address the identified market failures.

NRAs then determine and designate companies having significant market power ("**SMP**") within those markets. They can impose or maintain *ex ante* sector-specific obligations when *ex post* remedies of competition law are not adequate to meet the market problems identified. Possible obligations could include *inter alia* transparency, accounting separation, network access and price control. If a market is found to be effectively competitive, existing obligations should, according to the regulatory framework, be withdrawn.

Additionally, there is other EU legislation relating to electronic commerce, security and a number of other areas of relevance to Telia Company's operations. The regulatory regimes in each of the countries in which Telia Company operates are generally based on the requirements of the EECC Directive and other EU directives and regulations.

Since June 2017, EU and EEA operators have not been allowed to apply any surcharges for retail roaming, otherwise known as "Roam-Like-At-Home" ("**RLAH**"). The roaming rules were reviewed in 2022 by EU co-legislators. The amended EU Roaming Regulation entered into force on 1 July 2022 and will remain in place until 30 June 2032, although it will be subject to initial review by the European Commission in 2025. Within the key areas for Telia Company the new rules provide that wholesale

data roaming charges were capped at €2 per gigabyte in 2022 and will progressively reduce to €1 per gigabyte from 2027 onwards. The European Commission will assess whether further reduction of the caps is necessary. Intra-EU communication charges have not been abolished (despite being initially proposed). The machine-to-machine sector will continue to be regulated as part of human RLAH roaming.

The Telecom Single Market Regulation, which covers RLAH, also addresses net neutrality. The net neutrality legislation is meant to ensure that users will be free to access the content of their choice. Internet access service providers are not allowed to unfairly block or slow down internet traffic, and paid prioritisation is not allowed. The law still permits internet access providers to offer specialised services of higher quality, such as Internet TV and new innovative applications, so long as these services are not supplied at the expense of the quality of the open internet. These obligations came into force on 30 April 2016. In June 2020, the Body of European Regulators for Electronic Communications ("**BEREC**") published net neutrality guidelines (the "**Net Neutrality Guidelines**") to provide guidance on the implementation of the obligations, as well as recommendations to NRAs focusing on consistent application of the net neutrality rules. The Net Neutrality Guidelines were reviewed (and updated guidelines adopted on 9 June 2022) following the latest interpretation of net neutrality rules by the Court of Justice of the European Union where the court held that limitations on bandwidth, tethering or use when roaming are incompatible with EU law and also that zero-rating is therefore incompatible with the rules on net neutrality. Until that point, the Net Neutrality Guidelines had not expressly prohibited zero-rating offers, which were available in many EU Member States. However, BEREC added some clarifications and stressed that only application-agnostic practices are allowed. Differentiated non-application-agnostic pricing practices, such as zero-rating, are now considered inadmissible.

The EU General Data Protection Regulation ("**GDPR**"), which has directly applied since 25 May 2018, aims to ensure Europeans get more control over their personal data and make it easier for businesses to operate and innovate in the EU's Single Market under a harmonised set of rules. GDPR rules focus on strict accountability of data controllers and are enforced by strict sanctions. Telia Company has a Group Data Protection Officer ("**DPO**") and DPOs from core markets and Group functions handling GDPR governance work. The objective is to fulfil requirements set on DPO by GDPR. The DPO regularly reports to the highest management.

Telecommunications services providers have already been governed by detailed sector specific regulations regarding cybersecurity and security at both the EU and local levels for decades. However, a set of new legislation has been introduced during the past years. The Cybersecurity Directive ("**NIS2**") aims to achieve a high, common level of cybersecurity across the EU. The EU Member States were to incorporate NIS2 into their local laws by 18 October 2024. However, in March 2025, in Telia Company's footprint only Lithuania has transposed NIS2 in their local law. Other countries are expected to transpose NIS2 in their local laws during 2025. The Digital Operational Resilience Act ("**DORA**") aims to increase the digital operational resilience of the financial sector, and as an EU Regulation it has been applied automatically in each EU Member State as of 17 January 2025. Most of the DORA obligations rest with financial entities and the supervising authorities. Some further obligations rest with ICT third party service providers classified as critical on a pan-European level. Other new security related regulations at the EU level are CER Directive, Red Delegated Act and Cyber Resilience Act, including any national regulations deriving from those acts.

In the last decade there has been a clear shift from "traditional" telecom laws having the greatest impact on Telia Company to Telia Company being most impacted by regulation that relates to Telia Company being a provider of critical infrastructure, being a "gate keeper of the internet", and being a facilitator of creating digital footprints of users – i.e., privacy laws, net neutrality, security laws, data sharing laws and similar.

The new EU regulation - the Digital Services Act (the "**DSA**") - provides harmonised rules in relation to the handling of illegal or potentially harmful content online, including the liability of online providers for third party content. The DSA is directly applicable across the EU.

The Artificial Intelligence Act ("**AI Act**") is a regulation that will harmonise the rules on development and use of artificial intelligence ("**AI**") systems in the EU including non-EU developed AI systems used within EU. The AI Act has already laid rules on AI literacy and prohibited certain AI use cases. Most obligations under the the AI Act start to apply in 2 August 2026.

Increasingly, law enforcement authorities seek to use information from telecoms providers in criminal and national security investigations. Telecoms providers are therefore obliged to collect and store data in such a manner that it is linked to users' names or other identification information. As many criminal investigations today include a cross-border request to access electronic evidence, in April 2018 the European Commission proposed a regulation to ease access by national police and judicial authorities to electronic evidence ("**e-evidence**"). The regulation was agreed by EU co-legislators on 25 January 2023 and it obliges telecoms providers to share e-evidence with police and judicial authorities in other EU countries within ten days in the context of criminal proceedings, it will apply from 18 August 2026.

Since harmful content online is spreading in an unprecedented manner and has been highlighted in the context of recent terror attacks, a new EU regulation known as the Terrorist Content Regulation has been adopted and had applied since 7 June 2022. The Terrorist Content Regulation allows the submission of cross-border orders for taking down alleged terrorist content. Although the scope of the new rules is largely limited for Telia Company (only hosting services are within the Terrorist Content Regulation's scope), the biggest burden for Telia Company will be guaranteeing the possibility and ability to react within one-hour in the case of any such cross-border orders.

Sweden

In Sweden, the Act on Electronic Communications implements the legislation relating to the EECC Directive. Telia Company has SMP status on the wholesale markets for interconnection in the fixed network and in the mobile network and for network infrastructure access. The Swedish NRA ("**PTS**") has imposed obligations on all of these markets. On the market for network infrastructure access, PTS has imposed obligations on all of these markets. Both the market for interconnection (fixed and mobile) and the market for network infrastructure access is under review by PTS and new decisions are expected during 2025.

Finland

In Finland, Telia Company is subject to the Act on Electronic Communications Services and related regulations, decrees and administrative decisions which implement the EECC Directive. The Act on Electronic Communications Services integrates key provisions that apply to the communications industry under one Act. The Act on Electronic Communications Services was amended in early 2021 due to the transposition of the EECC Directive.

Telia Company and its competitors are subject to varying SMP obligations in the following markets, where the Finnish NRA ("**Traficom**") has issued SMP decisions: wholesale call termination on individual fixed public telephone networks, wholesale local access provided at fixed location, wholesale central access provided at a fixed location for mass-market products and wholesale voice call termination on individual mobile networks. The market of wholesale high-quality access provided at fixed location has not been regulated since July 2021, as the Supreme Administrative Court abolished the Traficom SMP decision. Traficom is currently analysing the markets for wholesale local access provided at a fixed location and for wholesale dedicated capacity, based on the latest European Commission relevant market recommendation.

Other

In Estonia, Latvia and Lithuania, Telia Company's companies have been found to have SMP status both in fixed and mobile markets.

Implementation of pricing restrictions such as fixed or cost-based pricing or other obligations imposed by the relevant NRAs on Telia Company in any of the jurisdictions it operates might have an adverse effect on its business, financial condition and results of operations.

Competition Laws

Telia Company is subject to the competition laws of the countries in which it operates, local competition laws and rules and EU competition laws. Companies breaching the competition rules may be forced to pay damages that can be substantial.

The European Union

The EU competition rules set out in the EC Treaty and EU legislation are binding on EU Member States and are therefore applicable to Telia Company's operations in the EU. If those rules are breached, the European Commission may impose fines of up to ten per cent. of a company's revenues on a consolidated basis in the preceding financial year. The EU competition rules are applicable to restrictions on competition which may have an appreciable effect on trade between Member States.

So long as Sweden exercises a significant influence over Telia Company, the European Commission could bring proceedings against Telia Company directly, or bring proceedings against Sweden, to ensure that Telia Company complies with EU competition rules. This means that Telia Company might face two different proceedings, the latter of which it could not directly influence and to which it would not be a party.

Given that the Swedish State holds, as of 31 December 2024, 41.06 per cent. of Telia Company's outstanding shares, there is always a possibility that Telia Company's competitors might allege that Telia Company's transactions with the Swedish State involve an element of state aid, or that the European Commission may launch a formal investigation of such a transaction on its own initiative. The European Commission has the power to order suspension of aid payments and require the recovery of aid already granted, including accrued interest. These rules do not apply when a state contributes capital in circumstances that would be acceptable to a private investor operating under normal market economy conditions.

The local competition authorities in the relevant markets where Telia Company is present are empowered to issue injunctions, and to enjoin a party to discontinue immediately practices that are not permitted under the local competition acts. The competition authorities and the NRAs can cooperate to facilitate investigations of anti-competitive behaviour in the telecommunications services sector.

International Obligations

Over 70 member countries of the World Trade Organisation have entered into a Basic Telecommunications Agreement ("**BTA**") to provide market access to some or all of their basic telecommunications services. The BTA took effect in February 1998. Signatories under the BTA have made commitments to provide "market access", requiring them to refrain from imposing certain quotas or other quantitative restrictions in specified telecommunications services sectors, and to provide "national treatment" by ensuring that foreign telecommunications service suppliers are accorded the same treatment as national service suppliers. In addition, a number of signatories, including Sweden and Finland, have agreed to abide by certain pro-competitive principles set forth in a reference paper relating to the prevention of anti-competitive behaviour, interconnection, universal service,

transparency of licensing criteria, independence of the regulator and non-discriminatory allocation of scarce resources.

Sustainability

By integrating sustainability and responsible business practices in all aspects of its business and strategy, Telia Company aims to create long-term value for shareholders and support sustainable development. Telia Company plays a vital role in dealing with current and future societal and environmental challenges, which in turn increasingly define the playing field for economies of all sizes. Telia Company also has an obligation to manage its risks, impacts and opportunities.

Governance

Telia Company takes a double materiality approach by assessing both how Telia Company is impacting people and the environment, and how people and the environment are impacting Telia Company. Engagement with key stakeholder groups is an important component of Telia Company's efforts to identify, understand and manage its most material current and future impacts, and to ensure that Telia Company makes a substantial contribution towards achieving the UN Sustainable Development Goals. Telia Company regularly monitors and discloses progress through its annual reports. Significant stakeholder groups are defined as:

- Authorities;
- Consumers;
- Business customers;
- Employees;
- Investors;
- Legislators/regulators;
- Media;
- Suppliers and partners; and
- Societies.

The Board of Directors holds ultimate responsibility for sustainability oversight, deciding on the company's overall sustainability direction and policy commitments. Sustainability performance updates are provided to the Board of Directors seven to eight times a year as part of a meeting agenda. Information on key issues is also provided through the CEO's quarterly updates. Additionally, the Board of Directors' Audit Committee reviews risk reports covering principal risk areas, including sustainability, twice a year. The Audit Committee also determines acceptable risk levels, as detailed in Telia Company's 'risk universe'.

Governance at the management level is primarily conducted through Group Executive Management ("GEM") and the Group Governance Risk Ethics and Compliance ("GREC") forums. GEM adopts and follows up on Telia Company's sustainability goals, which are set by the Board of Directors, while GREC monitors sustainability-related risks through the Enterprise Risk Management (ERM) framework.

All members of GEM also participate in GREC. All country-level GREC committees report to Group level GREC. Telia Company's DOA delegates responsibility to GEM regarding risk and compliance.

The setting of targets related to material impacts, risks and opportunities, and monitoring of their progress, is handled through GEM and the Board of Directors discussions, and decided by the Board of Directors. Risks are reported to GREC, including mitigations and alignment with risk appetite.

Commitments

Telia Company is committed to a number of international standards and initiatives related to anti-corruption, environmental responsibility, human rights and labour rights, including:

- The UN Universal Declaration of Human Rights
- The core conventions of the International Labour Organisation ("ILO")
- The OECD Guidelines for Multinational Enterprises
- The UN Global Compact
- The UN Guiding Principles on Business and Human Rights
- The Children's Rights and Business Principles
- The 1.5°C ambition expressed in the Paris Agreement

The content of these standards and initiatives forms the foundation of the Code which is approved by the Board of Telia Company and elaborated through Telia Company's policies and instructions.

Material topics

Telia Company analyses which material topics it needs to act and report on, based on the double materiality principle. This means that Telia Company considers both the impact of its actions on the world around it and the impact of sustainability topics on its financial value. For its identified material impacts, risks and opportunities, Telia Company has mitigation mechanisms including actions, policies and targets. These are considered in Telia Company's annual risk assessments and serve as input for its strategy, which is updated every three years and followed up every year. The material topics identified by Telia Company are listed below:

- Climate
- Circularity
- Diversity, equity, inclusion
- Health and well-being
- Other people related topics
- Responsible sourcing
- Children's rights
- Digital inclusion
- Freedom of expression
- Privacy
- Security
- Anti-bribery and corruption.

Climate and circularity

Telia Company is committed to reducing its environmental impact and supporting a more sustainable future. Efforts focus on addressing climate change, promoting energy efficiency, and advancing the circular economy. Key initiatives include reducing greenhouse gas ("GHG") emissions across operations and the supply chain, increasing the use of renewable energy, and promoting the reuse and recycling of materials. Environmental actions are aligned with regulatory standards, including the EU Taxonomy, to ensure measurable, transparent and impactful outcomes.

To help address the climate crisis and unsustainable use of natural resources, Telia Company is committed to achieving net-zero GHG emissions across its value chain by 2040. This will necessitate the company reducing its GHG emissions by 90 per cent. (compared with base year 2018) and neutralising the remainder. Telia Company has committed to at least halving its GHG emissions by 2030, compared with the same base year. In addition, Telia Company is committed to enabling a net-zero economy through its offerings. These offerings have the potential to make a positive impact on digitalization, which in turn can support a less carbon-intensive society.

Shifting from a linear to a circular economy, and using natural resources more efficiently, is critical for tackling climate change and for living within planetary boundaries that are safe for humanity and ecosystems. Given this reality, Telia Company's ambition is to achieve zero waste in its own operations, including network construction and maintenance, by 2030. Telia Company is also committed to enabling circularity through its offerings.

Green bond framework

In October 2019, Telia Company launched a green bond framework, which is available for viewing on Telia Company's website at https://www.teliacompany.com/assets/u5c1v3pt22v8/5TzCBBMYzc8cr80pq9TX5Q/a9576490b5a6ea7b88deca30406800d6/Telia_Company_GBF.pdf. For the avoidance of doubt, the Issuer's Green Bond Framework is not, nor shall it be deemed to be, incorporated in and/or form part of this Prospectus. The framework is part of Telia Company's work to implement a sustainable finance strategy and is closely tied to its environmental goals. The framework has been prepared in line with the four pillars of the 2018 Green Bond Principles administered by the International Capital Market Association. The framework has received a second party opinion from the independent ESG research provider Sustainalytics. The framework includes four use of proceeds categories:

- Renewable energy;
- Green digital solutions;
- Energy efficiency; and
- Green buildings.

Sustainability reporting

Telia Company annually reports its sustainability performance in the annual report. KPMG AB has provided a limited assurance report on identified sustainability reporting in the 2024 Annual Report.

Whistle-blowing process

Telia Company's whistleblowing line enabling employees and other parties to raise concerns or seek advice on matters related to compliance with the law or the Code. The system enables anonymous and confidential reporting of potential violations of accounting, reporting or internal controls, as well as non-compliance with local laws or breaches of the Code, group policies, group instructions and standards. Telia Company has a Group-wide standard for performing internal investigations into potential violations or non-compliance. The guiding principles are to ensure that investigations are conducted objectively and impartially, that facts are swiftly established with minimum disruption to the business or the personal lives of employees, and that confidentiality and non-retaliation are respected at all times. Consolidated case reports have been presented to the Audit Committee during the year. The reports included information on allegations of certain significance, the progress of investigations and the results of the investigations.

Mergers and acquisitions

Group staff function Corporate Affairs is responsible for mergers and acquisitions in order to further strengthen internal controls by separating the elements of execution and control. A merger and acquisitions manual containing instructions and outlining a clear process for conducting acquisitions governs the activities.

Financial risk management

Telia Company is exposed to financial risks such as credit risk, liquidity risk, currency risk, interest rate risk, financing risk and pension obligation risk. Financial risk management is centralised in the Group Treasury unit and is described more fully below.

Credit risk

The credit risk with respect to Telia Company's trade receivables is diversified geographically and among a large number of customers, both private individuals and companies in various industries. Incurred expenses for credit losses in relation to consolidated revenue was 0.6% in 2024 (compared to 0.5 per cent. in 2023).

Liquidity risk

Telia Company manages the liquidity risk by depositing its surplus liquidity in banks or investing it in short-term interest-bearing instruments with good credit ratings. In addition to available cash, Telia Company has committed revolving credit facilities and overdraft facilities. In total, the available unutilised amount under committed facilities was approximately SEK 15.3 billion at year end 2024.

Currency risk

Telia Company's operational currency transaction exposure is not significant. Telia Company's translation exposure, however, is significant. Telia Company does not normally hedge its translation exposure, however there is a mandate in its financial policy to use net investment hedging. At year-end 2024, the conversion exposure amounted to SEK 31,349 million (SEK 28,497 million at year end 2023). Weakening of the Swedish krona by ten percentage points against all currencies in which Telia Company has conversion exposure would have had a positive impact, on a post-tax basis, of approximately SEK 3.1 billion on the Group's equity as of 31 December 2024.

Interest rate risk

Telia Company manages interest rate risk by aiming to balance the estimated running cost of borrowing and the risk of significant negative impact on earnings, should there be a sudden, major change in interest rates. Telia Company's policy is that the duration of interest of the debt portfolio should be between one to five years.

Financing risk

By having most of its borrowings with a longer maturity than the duration of interest, Telia Company is able to obtain the desired interest rate risk without having to assume a high financing risk. In order to further reduce the financing risk, Telia Company aims to spread loan maturity dates over a longer period.

Pension obligation risk

Telia Company has a significant amount of pension obligations, with a net present value of SEK 26,501 million as of 31 December 2024 (SEK 28,128 million at year end 2023). Telia Company maintains pension funds to secure these obligations, with plan assets amounting to SEK 32,081 million based on market values at year end 2024 (SEK 29,785 million at year end 2023). The actuarial calculation of pension obligations is based on three principal assumptions: discount rate, annual adjustments to pensions (inflation rate) and longevity. The sensitivity of the pension obligations to changes in the principal assumptions is as follows:

	Change in assumption (p.p.)	Impact on pension obligations (SEK in millions)
Discount rate	+0.50 / -0.50	-2,236 / +2,297
Annual adjustments to pensions	+0.50 / -0.50	+2,591 / -2,271
Longevity	+1 year	+1,381

Financial reporting risks

The reporting of Telia Company's results of business operations and financial condition is based on internal and external financial reporting, which has to be timely, reliable, correct, and complete. Internal controls over financial reporting are an integral part of Telia Company's corporate governance. It includes methods and procedures to safeguard the Group's assets, ensure and control the reliability and correctness of financial reporting in accordance with applicable legislation and guidelines, improve operational efficiency and control the level of risk in the business operations.

The management of financial reporting risks is described in more detail in Telia Company's corporate governance statement. The corporate governance statement, including the description of internal controls, forms part of the official annual report and has been examined by the external auditors.

TAXATION

The Kingdom of Sweden

The following summary outlines Swedish tax consequences to holders of Notes who are not residents of the Kingdom of Sweden for income tax purposes. Purchasers are urged to consult their professional advisers as to the tax consequences of holding or transferring Notes.

Under Swedish tax law as presently in effect, payments of any principal or interest to the holder of any Note will not be subject to Swedish income tax, provided that such holder (1) is not resident in Sweden for income tax purposes, (2) does not carry on trade or business activities in Sweden where the payments of principal or interest are attributable to a permanent establishment in Sweden or (3) is an estate which is not tax liable in Sweden.

A private individual is generally deemed tax resident in Sweden if they (a) have their principal home in Sweden or (b) have their habitual abode in Sweden or (c) earlier have been having their principal home in Sweden and after having moved abroad continues to have an essential connection with Sweden for tax purposes (for example is engaged in trade or business in Sweden).

Swedish law does not impose a withholding tax on payments of principal or interest. Provided that the holder of a Note is not liable to tax in Sweden, the intermediary of the payment of principal and/or interest is still obliged to notify the Swedish tax authorities of payments exceeding SEK 150,000 per entity per year to any such holder. Under Swedish law, capital gains on the disposal of Notes will not be subject to Swedish income tax provided that the holder (1) is not resident in Sweden for income tax purposes, (2) does not hold the Notes as assets involved in trade or business activities in Sweden where the capital gains are attributable to a permanent establishment or (3) is an estate which is not tax liable in Sweden. There is no net wealth tax in Sweden.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a **"foreign financial institution"** (as defined by FATCA) may be required to withhold on certain payments it makes (**"foreign passthru payments"**) to persons that fail to meet certain certification, reporting or related requirements. The Issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including the Kingdom of Sweden) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (**"IGAs"**), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payment on instruments such as Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are published generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the Issuer). However, if additional Notes (as described under *"Terms and Conditions of the Notes – Further Issues"*) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their

investment in Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

The proposed financial transactions tax ("FTT")

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

Luxembourg Taxation

The following information is of a general nature only and is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. The information contained within this section is limited to Luxembourg withholding tax issues and prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a withholding tax or a tax of a similar nature, or to any other concepts, refers to Luxembourg tax law and/or concepts only.

Withholding Tax

(i) Non-resident holders of Notes

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident holders of Notes.

(ii) *Resident holders of Notes*

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005 as amended (the "**Relibi Law**") mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident holders of Notes.

Under the Relibi Law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is resident in Luxembourg will be subject to a withholding tax of 20 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of their private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Accordingly, payments of interest under the Notes coming within the scope of the Relibi Law will be subject to withholding tax at a rate of 20 per cent.

SUBSCRIPTION AND SALE

The Dealers have in an amended and restated programme agreement (such programme agreement as modified and/or supplemented and/or restated from time to time, "**Programme Agreement**") dated 7 May 2025 agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "*Form of the Notes*" and "*Terms and Conditions of the Notes*" above. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment of the Programme and the issue of Notes under the Programme.

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used under this heading have the meanings given to them by Regulation S under the Securities Act.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that except as permitted by the Programme Agreement, it will not offer, sell or deliver Notes (i) as part of their distribution at any time and (ii) otherwise until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons and it will have sent to each dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

The Notes (other than VPS Notes) are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder. The applicable Final Terms will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

Dealers transacting with the Issuer

Certain of the Dealers and their affiliates may have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services to, the Issuer and its affiliates in the ordinary course of business. They have received, or may in the future receive, customary fees and commissions for these transactions. Certain of the Dealers and their affiliates may have

positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

Some of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies.
