Resolutions proposed by the Board of Directors

Item 8 – Appropriation of the Company's result as shown on the adopted balance sheet and setting of record date for the dividend

The Board of Directors proposes that a dividend of SEK 2 per share, in total SEK 8,660,169,562, is distributed to the shareholders in two equal payments of SEK 1 per share.

The record date for the first payment is proposed to be April 7, 2017 and for the second payment October 24, 2017. If the annual general meeting resolves in accordance with the proposal, it is estimated that Euroclear Sweden will execute the first payment on April 12, 2017 and the second payment on October 27, 2017.

Item 18 – Principles for remuneration to Group Executive Management

The Board of Directors proposes that the annual general meeting 2017 resolves on the following principles for remuneration to Group Executive Management. The Group Executive Management is defined as the president and the other members of the management team.

The objective of the principles is to ensure that the Company can attract and retain the best people in order to support the purpose and strategy of the Company. Remuneration to Group Executive Management should be built on a total reward approach and be market relevant, but not leading. The remuneration principles should enable international hiring and should support diversity within Group Executive Management. The market comparison should be made against a set of peer group companies with comparable sizes, industries and complexity. The total reward should consist of fixed salary, pension benefits, conditions for notice and severance pay and other benefits.

Fixed salary

The fixed salary of a Group Executive Management member should be based on competence, responsibility and performance. The Company uses an international evaluation system in order to evaluate the scope and responsibility of the position. Market benchmark is conducted on a regular basis. The individual performance is monitored and used as a basis for annual reviews of fixed salaries.

Pension

Pension and retirement benefits should be based on a defined contribution model, which means that a premium is paid amounting to a certain percentage of the individual's annual salary. When deciding the size of the premium the level of total remuneration should be considered. The level of contribution should be benchmarked and may vary due to the composition of fixed salary and pension. The retirement age is normally 65 years of age.

Other benefits

The Company provides other benefits in accordance with market practice. A Group Executive Management member may be entitled to a company car, healthcare provisions, etc. Internationally hired Group Executive Management members and those who are asked to move to another country can be offered mobility related benefits for a limited period of time.

Notice of termination and severance pay

The termination period for a Group Executive Management member may be up to six (6) months (twelve (12) months for the president) when given by the employee and up to twelve (12) months when given by the Company. In case the termination is given by the Company the individual may be entitled to a severance payment up to twelve (12) months. Severance pay shall not constitute a basis for calculation of vacation pay or pension benefits. Termination and severance pay will also be reduced if the individual will be entitled to pay from a new employment or if the individual will be conducting own business during the termination period or the severance period.

The Board of Directors may make minor deviations from the principles above.

Item 19 – Authorizations for the Board of Directors to decide on repurchase and transfer of the Company's own shares

The Board of Directors proposes that the annual general meeting authorize the Board of Directors to decide on repurchase of own shares on the main terms and conditions set out below:

1. Repurchases of shares may be made on Nasdaq Stockholm and/or Nasdaq Helsinki.
2. The authorization may be exercised on one or more occasions before the annual general meeting 2018.
3. A maximum number of shares may be acquired so that the Company's holding at any time does not exceed 10 percent of all the shares in the Company.
4. Repurchases of shares on Nasdaq Stockholm and/or Nasdaq Helsinki may only be made at a price within the spread between the highest bid price and lowest ask price from time to time on Nasdaq Stockholm and/or Nasdaq Helsinki.

Furthermore the Board of Directors proposes that the annual general meeting authorize the Board of Directors to decide on transfer of own shares, with or without deviation from the shareholders' preferential rights, on the main terms and conditions set out below:

1. The transfer may be made (i) on Nasdaq Stockholm and/or Nasdaq Helsinki or (ii) outside Nasdaq Stockholm and/or Nasdaq Helsinki in connection with an acquisition of companies or businesses.
2. The authorization may be exercised on one or more occasions before the annual general meeting 2018.
3. Transfer of own shares may be made of up to such number of shares as is held by the Company at the time of the Board of Directors' decision regarding the transfer.
4. Transfers of shares on Nasdaq Stockholm and/or Nasdaq Helsinki may only be made at a price within the spread between the highest bid price and lowest ask price from time to time on Nasdaq Stockholm and/or Nasdaq Helsinki. In case of transfers outside Nasdaq Stockholm and/or Nasdaq Helsinki the consideration for the shares may be made by cash payment, for payment in kind or by way of set-off and the price shall be established so that the transfer is made on market terms.

The purpose of the authorizations to *repurchase and transfer* the Company's own shares, and the reason for the deviation from the shareholders' preferential rights, is to enable the Company in a time efficient way to use its own shares to make payments in connection with acquisitions of companies or businesses which the company may undertake, or to settle any deferred payments related to such acquisitions, or for financing such acquisitions or deferred payments.

The purpose of the authorization to *repurchase* the Company's own shares is also to provide the Board of Directors with an instrument to adapt and improve the Company's capital structure and thereby create added value for the shareholders, and/or to give a possibility to the Company to transfer own shares to the participants in the Company's long-term incentive programs. Please note that any subsequent transfer of such repurchased shares under long-term incentive programs require a separate resolution by the General Meeting as set out in item 20 (b) for 2017 long-term incentive program.

The Board of Directors may decide on the other terms and conditions for the repurchase and transfer. The Board of Directors may also authorize the chair of the Board of Directors to make any minor adjustments that may prove necessary to carry out the Board of Directors' resolution to repurchase and transfer the Company's own shares.

Item 20 – (a) Implementation of a long-term incentive program 2017/2020 and (b) transfer of own shares to the participants

Background

The remuneration framework within the Telia Company group (the "Group") may consist of fixed base pay, annual variable pay, functional variable pay, long term incentives, pensions and other benefits. A number of key employees participate in long-term incentive programs approved at previous annual general meetings. All in all, these parts constitute an integrated remuneration package. In accordance with the decisions of the annual general meetings 2010-2016 neither annual nor long-term variable cash remuneration is paid to members of Telia Company's Group Executive Management team.

The Board of Directors has carried out a review of the 2016/2019 Performance Share Program to ensure that it continues to meet its stated objectives – i.e. to strengthen the ability to recruit and retain talented key employees, drive long-term company performance, align key employees' interests with

those of the shareholders and encourage key employee shareholding. As a result of this review, the Board of Directors considers that a long-term incentive program should be implemented for key employees of the Group also this year.

The long-term incentive program proposed by the Board of Directors to be implemented during 2017, relating to the financial years 2017-2019 and that may result in so-called performance shares being received during the spring of 2020 (the "Performance Share Program 2017/2020"), is similar to the Performance Share Program 2016/2019 adopted at the 2016 annual general meeting and is further described below.

Outline of the Performance Share Program 2017/2020

The Performance Share Program 2017/2020 shall be offered to approximately 200 key employees within the Group. Provided that certain performance conditions, consisting of financial targets linked to EBITDA and TSR (Total Shareholder Return), are met during the financial years 2017-2019 (the "Performance Period"), participants in the Performance Share Program 2017/2020 shall be given the opportunity to receive Telia Company shares free-of-charge ("Performance Shares").

Participants in the Performance Share Program 2017/2020 will be granted a conditional award over Performance Shares, which is a right to receive a specific number of such shares at a future date provided the relevant conditions are met. The maximum number of Performance Shares which can be subject to an award at the time of grant remains unchanged from 2016. Under the Performance Share Program 2017/2020, the number of Performance Shares subject to an award at the time of grant may not have an aggregate market value which exceeds 30 percent of the participant's annual gross base salary (i.e. before taxes) per year-end 2016 or, if a participant has become employed thereafter, the calculated annual gross base salary for 2017 (the "2016 Base Salary").

Further, the maximum aggregate market value of Performance Shares which can be received by a participant following the end of the Performance Period (i.e. on the vesting of the award when the participant becomes entitled to receive their shares) shall not exceed 60 percent of the participant's annual gross base salary (i.e. before taxes) per year-end 2019 (the "2019 Base Salary").

The receipt of Performance Shares is normally subject to continued employment within the Group up to and including the day of publication of the interim report for the first quarter 2020.

Participants will receive their Performance Shares following the publication of the Company's interim report for the first quarter 2020.

The Performance Share Program 2017/2020 shall in total comprise of no more than 2,491,202 Telia Company's shares, which corresponds to approximately 0.06 percent of the total number of outstanding shares in the Company.

The Board of Directors' full proposal is set out in item (a) below.

The value of and the estimated costs for the Performance Share Program 2017/2020

The participants' rights to receive Performance Shares under the program are not securities and cannot be pledged or transferred to others. Neither are any shareholders' rights transferred to participants in the program prior to the day when they receive their Performance Shares and become the owners of the shares. An estimated market value of the conditional rights to receive Performance Shares can however be calculated. The Board of Directors has calculated the total value for the rights to receive Performance Shares under the Performance Share Program 2017/2020 as approximately SEK 45.0 million, under the following essential assumptions: (i) a share price of SEK 36.13 calculated as the average of the daily noted volume-weighted purchase price of the Company's shares on

Nasdaq Stockholm's official list during December 2016, (ii) an annual employee turnover of five percent, (iii) a share price increase of five percent per year, (iv) a 50 percent achievement of the TSR condition and (v) a 50 percent achievement of the EBITDA performance condition. The total cost under these conditions would be SEK 72.0 million excluding the costs for the program's hedging measures and assuming a 60 percent mark-up for social security costs and pensions. The costs are accounted for as staff costs (share-based benefits) over the three year Performance Period.

If the EBITDA performance condition is achieved to 100 percent whilst assumptions (i) through (iv) remain unchanged, the total value of the Performance Share Program 2017/2020 is estimated to be approximately SEK 67.5 million. The total cost would in this case be SEK 108.0 million.

If EBITDA and TSR performance conditions are achieved to 100 percent, the total value of the Performance Share Program 2017/2020 would amount to SEK 90.0 million assuming conditions (i) through (iii) remain unchanged. The total costs would in this case amount to SEK 144.0 million.

Dilution and effects on key ratios

The Performance Share Program 2017/2020 will not entail any dilution effect, as the program is proposed to be hedged by either treasury shares or a hedging arrangement with a bank or another financial institution relating to already issued shares.

The costs for the Performance Share Program 2017/2020 are expected to have a marginal effect on the Group's key ratios.

Preparation of the proposal

The proposal regarding the Performance Share Program 2017/2020 to the annual general meeting 2017 has been prepared by the Company's remuneration committee and the Board of Directors has resolved to present this proposal to the annual general meeting 2017.

Hedging

The Board of Directors has considered two alternative hedging structures for the Performance Share Program 2017/2020; either (i) the transfer of shares held by the Company itself to participants in the Performance Share Program 2017/2020 or (ii) a hedging arrangement with a bank or other financial institution securing delivery of shares under the program. The Board of Directors considers the first alternative as its preferred option. However, should the annual general meeting not approve the proposed transfer of own shares to participants in the program in item 20 (b), the Board of Directors may enter into a hedging arrangement with a third party to hedge the obligations of the Company to deliver Performance Shares under the program.

Since the social security costs are not expected to be significant in comparison with the Company's operating cash flow, such costs are intended to be financed by cash and bank holdings.

The Board of Directors' proposals for resolutions

The Board of Directors proposes that the annual general meeting 2017 resolves to (i) implement the Performance Share Program 2017/2020, based on no more than 2,491,202 Performance Shares, and on the further main terms and conditions set out in item (a) below, and (ii) transfer own shares to participants in the program, and to subsidiaries within the Group in order to secure their obligations to deliver Performance Shares under the program, in accordance with item (b) below.

(a) Main terms and conditions for the Performance Share Program 2017/2020

1. The Performance Share Program 2017/2020 shall be offered to approximately 200 key employees within the Group who will receive a conditional award over a number of Performance Shares (i.e. a right to receive such shares at a future date if the relevant conditions are met) in 2017.
2. Each participant will receive an award over a number of Performance Shares with an aggregate market value not exceeding 30 percent of the participant's 2016 Base Salary. The market value shall be calculated based on the average of the daily noted volume-weighted purchase price of Telia Company's shares on Nasdaq Stockholm's official list during December 2016.
3. Provided that the performance conditions described below, consisting of financial targets linked to EBITDA and TSR, are met during the Performance Period, participants in the Performance Share Program 2017/2020 will receive the Performance Shares subject to their award free-of-charge.
4. The performance conditions applying according to the Performance Share Program 2017/2020 will be based 50 percent on the Company's EBITDA¹ target during the Performance Period ("EBITDA Part") and 50 percent on the Company's TSR during the Performance Period ("TSR Part") in relation to TSR in a peer group of approximately 10 comparable Nordic and western European telecom companies defined by the Board of Directors ("TSR Comparator Group").²
5. The financial targets include a minimum level which must be achieved in order for any Performance Shares to be received at all, as well as a maximum level in excess of which no additional Performance Shares will be received. Should lower financial results than the maximum levels be achieved, a proportionate lower number of Performance Shares may be received.
 - a. EBITDA part represents 50 percent of the total award:
 - i. If 100 percent (or above) of the EBITDA target is met, 100 percent of Performance Shares under the EBITDA part will vest.
 - ii. If 97.5 percent (or less) of the target is met, 0 percent of Performance Shares under the EBITDA part will vest.
 - iii. If between 97.5 to 100 percent of the target is met, a proportionate amount of Performance Shares under the EBITDA part will vest.
 - iv. No Performance Shares will vest under the EBITDA Part if the Company's accumulated EBITDA is below the minimum level and no additional Performance Shares will vest if the Company's accumulated EBITDA is above the maximum level.
 - b. TSR part represents 50 percent of the total award:
 - i. If the Company's TSR is ranked First or Second compared to the defined peer group of companies, 100 percent of the Performance Shares under the TSR part will vest.

¹ EBITDA is defined as Earnings Before Interest, Taxes, Depreciation and Amortization, with a possibility for the Board of Directors to make adjustments for extraordinary events and/or exchange rate fluctuations.

² TSR is equal to the overall return a shareholder would receive on his or her shareholding taking into account both share price appreciation and dividends (if any). When calculating TSR, an average TSR-index number for December 2016 shall be compared with December 2019 for the Company and for the companies included in the peer group defined by the Board of Directors. The peer group presently consists of Telenor ASA, Elisa Oyj, Tele2 AB, KPN NV, Orange SA, Deutsche Telekom AG, Vodafone Group Plc, Telefonica SA, TDC A/S and Swisscom AG.

- ii. If the Company's TSR is ranked Third or Fourth, 75 percent of the Performance Shares under the TSR part will vest.
 - iii. If the Company's TSR is ranked Fifth or Sixth, 50 percent of the Performance Shares under the TSR part will vest.
 - iv. If the Company's TSR is ranked Seventh or lower, no Performance Shares under the TSR part will vest.
6. The receipt of Performance Shares shall normally be subject to the participant's continued employment within the Group up to and including the day of publication of the interim report for the first quarter 2020.
7. Participants will receive their Performance Shares following the publication of the Company's interim report for the first quarter 2020. Rounding off shall be made to the closest whole number of Performance Shares.
8. The maximum number of Performance Shares a participant may receive under the Performance Share Program 2017/2020 shall have an aggregate market value not exceeding 60 percent of the participant's 2019 Base Salary. The market value shall be calculated based on the average of the daily noted volume-weighted purchase price of the Company's shares on Nasdaq Stockholm's official list during 20 trading days prior to the day of publication of the interim report for the first quarter 2020. Rounding off shall be made to the closest whole number of Performance Shares.
9. The Performance Share Program 2017/2020 shall in total comprise of no more than 2,491,202 Telia Company's shares, which corresponds to approximately 0.06 percent of the total number of outstanding shares in the Company.
10. Recalculation of the number of Performance Shares subject to an award granted under the Performance Share Program 2017/2020 shall take place in the event of an intervening bonus issue, split, rights issue and/or other similar events.
11. In addition to what is set out above, the Board of Directors shall under certain circumstances be entitled to reduce the number of Performance Shares subject to an award or, wholly or partially, terminate the Performance Share Program 2017/2020 in advance and to make such local adjustments of the program that may be necessary or appropriate to implement the program with reasonable administrative costs and efforts in the concerned jurisdictions, including, among other things, to offer cash settlement.
12. The Board of Directors shall be responsible for the further design and administration of the Performance Share Program 2017/2020 within the framework of the above stated main terms and conditions.

Performance outcome

In addition, subsidiaries shall be entitled to acquire shares without consideration in order to immediately transfer such shares to participants in the Performance Share Program 2017/2020 in accordance with the terms and conditions of the Performance Share Program 2017/2020.
3. The transfer of shares without consideration shall be made when the participants are entitled to receive their Performance Shares in accordance with the terms and conditions of the Performance Share Program 2017/2020, which will be following the publication of the Company's interim report for the first quarter 2020.
4. The number of shares that may be transferred shall be subject to recalculation in the event of an intervening bonus issue, share repurchase offer, split, rights issue and/or other similar events.

The reason for this proposed deviation from the shareholders' preferential rights is because the transfer of own shares is an integral part of the implementation of the Performance Share Program 2017/2020 and the Board of Directors considers that the implementation of the Performance Share Program 2017/2020 will be to the advantage of the Company and the shareholders as it offers participants the opportunity to become shareholders in the Company.

The Board of Directors proposes that the resolutions under items (a) and (b) above will be voted on at the annual general meeting as two separate resolutions. The proposal under item (b) on the proposed transfer of shares is conditional on the annual general meeting having approved item (a), i.e. the implementation of the proposed Performance Share Program 2017/2020.

Item 22 – Shareholder proposal from Mr Thorwald Arvidsson on resolution on amendment of the Company's articles of association

The shareholder Mr Thorwald Arvidsson proposes that the annual general meeting resolves that § 6 in the Company's articles of association shall have the following wording:

<u>Current wording</u>	<u>Proposed wording</u>
§ 6 The Board of Directors shall consist of, besides persons who may be appointed under other rules as a consequence of operations of law, no less than four and no more than nine members and no more than three deputy members. The Board of Directors

Statement by the Board of Directors of Telia Company AB (publ) (the “Company”) as required under Chapter 18, section 4 of the Swedish Companies Act

In light of the dividend proposal by the Board of Directors to the annual general meeting 2017, the Board of Directors submits the following statement as required under Chapter 18, section 4 of the Swedish Companies Act.

At December 31, 2016, the Company’s restricted equity totalled approximately SEK 15,712 million and its non-restricted equity was approximately SEK 64,573 million. At the same date the Group’s total equity attributable to the shareholders of the Company totalled approximately SEK 89,833 million.

The equity of the Company would have been approximately SEK 591 million lower if derivative instruments and other financial instruments, valued at fair value, had instead been valued on the basis of the lower of cost or net realizable value for non-current assets and the lower of cost or market value for current assets.

Provided that a resolution is passed at the annual general meeting in accordance with the Board of Directors’ proposal for a dividend,³ an amount of approximately SEK 55,913 million will be carried forward.

The business of the Company and the Group do not involve any risks other than those related to or expected to be related to the Company’s and Group’s line of business or the risks involved in conducting business in general. The Company’s and the Group’s dependence on market conditions does not differ from that seen within the Company’s and Group’s line of business. The Board of Directors considers that after the proposed dividend and taking into account the proposed repurchase authorization, the Company’s restricted equity and the Group’s total equity attributable to the shareholders of the Company will be sufficient in relation to the scope of the Company’s and the Group’s business.

At December 31, 2016, after deduction of the proposed dividend and assuming full exercise of the proposed repurchase authorization, the Company’s financial strength measured as its equity to assets ratio was 29.0 percent (at December 31, 2015, 28.1 percent). At December 31, 2016, the Group’s financial strength, measured in the same way, was 27.7 percent (at December 31, 2015, 28.4 percent). Taking into account the proposed repurchase authorization, the proposed dividend does not jeopardize the Company’s or the Group’s abilities to carry out the investments considered necessary. The proposal is also consistent with the established cash-flow forecast under which the Company and the Group are expected to manage unexpected events and temporary variations in the cash flows to a reasonable extent.

In light of the above, it is the Board of Directors’ view that, taking into account the proposed repurchase authorization, the dividend is justified in view of the equity requirements of the Company and the Group arising from the type, scope and risks of its business as well as the Company’s and the Group’s need to strengthen its balance sheets, liquidity and position in general.

Within its activities, the Nomination Committee has complied with the Swedish Corporate Governance Code and with the instructions for the Nomination Committee approved by the annual general meeting.

The Nomination Committee has held ten (10) recorded meetings since the annual general meeting on April 12, 2016. The Nomination Committee has performed interviews and received information from the chair of the Board of Directors, other directors and employee representatives and the CEO on internal work of the Board of Directors, the Company's position, strategic direction and other relevant circumstances and have received an internally executed written evaluation of the Board of Directors. Based on this information, the Nomination Committee has assessed the functioning of the Board of Directors and the competences needed in the Board of Directors as a whole. The Nomination Committee has concluded that the competences currently needed are experience from:

- The telecommunications industry and industries closely related to it

- Managerial operations
- Mergers and acquisitions and processes of change

On the basis of the competence needs identified, the Nomination Committee has evaluated the competences of the present directors, the composition of the Board of Directors and thereafter evaluated new candidates for the Board of Directors. Taking into account the competences and experiences needed in the future, diversity, including gender as well as professional background on the Board of Directors and the composition of the Board of Directors, the Nomination Committee has decided to nominate Susanna Campbell, Marie Ehrling, Olli-Pekka Kallasvuo, Mikko Kosonen, Nina Linander, Martin Lorentzon, Anna Setzman and Olaf Swantee for re-election at the annual general meeting.

In its work, the Nomination Committee applies rule 4.1 of the Swedish Corporate Governance Code as its diversity policy. The Nomination Committee has specifically discussed gender diversity in the Board of Directors as part of its efforts to compose the most competent Board of Directors. The proposed Board of Directors consists of four (4) women and four (4) men, i.e. an equal representation of women and men on the Board of Directors.

The Nomination Committee proposes that the remuneration for the chair of the Board of Directors is increased by 3.1%, the remuneration for the vice chair of the Board of Directors by 2.6% and the remuneration for the ordinary directors by 2.8%. The proposal reflects the Nomination Committee's ambition that the level of the remuneration shall be in line with remunerations in comparable companies.

The Company's Audit Committee has recommended that the audit company Deloitte is to be re-elected as auditor for the period until the end of the annual general meeting 2018. The Nomination Committee proposes, in accordance with the recommendation, that the audit company Deloitte is elected as auditor for the period until the end of the annual general meeting 2018.

2.3 Chair of the Board of Directors

The Nomination Committee proposes re-election of Marie Ehrling as chair of the Board of Directors.

2.4 Vice chair of the Board of Directors

The Nomination Committee proposes re-election of Olli-Pekka Kallasvuo as vice chair of the Board of Directors.

The Nomination Committee proposes that Wilhelm Lüning, attorney at law, be elected as chair of the annual general meeting.

2.6 Remuneration payable to the directors

- Vice chair of the Board of Directors: SEK 795,000 (2016: SEK 775,000)
- Other directors elected at the annual general meeting: SEK 560,000 (2016: SEK 545,000)
- Chair of the Board of Directors' Audit and Responsible Business Committee: SEK 250,000 (2016: SEK 200,000)
- Other members of the Audit and Responsible Business Committee: SEK 150,000 (no change since 2016)
- Chair of the Board of Directors' Remuneration Committee: SEK 70,000 (no change since 2016)
- Other members of the Remuneration Committee: SEK 50,000 (no change since 2016)

The Board has informed the Nomination Committee that it intends to merge the Board's Sustainability and Ethics Committee and the Board's Audit Committee into a new integrated Audit and Responsible Business Committee, for the purpose of integrating all reporting and control processes and having one committee with a more comprehensive overview over relevant matters. The Board has communicated that it will continue its focus on sustainability and ethical matters.

The proposal for remuneration to the Chair of the Board of Director's new Audit and Responsible Business Committee reflects that the Board of Director's Sustainability and Ethics Committee and the Audit Committee are intended to merge.

2.7 Auditors

In accordance with the Audit Committee's recommendation, the Nomination Committee proposes that there will be one audit company as auditor for the period until the end of the annual general meeting 2018 and that the audit company Deloitte be elected as auditor.

The Nomination Committee proposes that remuneration to the auditor will be paid as per an approved invoice.

2.8 Nomination Committee and instruction for the Nomination Committee

The Nomination Committee has reviewed the latest available information on the owners of the Company and has received proposals for members from the owners with the largest shareholdings in terms of voting rights. The Nomination Committee's proposal for members of the Nomination Committee until the annual general meeting 2018 is as follows: Daniel Kristiansson, chair (Swedish State), Petter Söderström (Solidium Oy), Erik Durhan (Nordea Funds), Jan Andersson (Swedbank Robur Funds) and Marie Ehrling (chair of the Board of Directors).

We have audited whether the Board of Directors and the managing director of Telia Company AB (publ) have complied with the guidelines for remuneration to senior executives during the financial year 2016 which were approved by the Annual General Meeting on April 8, 2015 and by the Annual General Meeting on April 12, 2016.

Responsibilities of the Board of Directors and the managing director

The Board of Directors and the managing director are responsible for compliance with these guidelines and for such internal control as the Board of Directors and the managing director determine is necessary to enable compliance with these guidelines.

Statement by the Board of Directors of Telia Company AB (publ) (the “Company”) as required under Chapter 19, section 22 of the Swedish Companies Act

In light of the proposal by the Board of Directors that the annual general meeting 2017 resolve to authorize the Board of Directors to repurchase the Company’s own shares, the Board of Directors submits the following statement as required under Chapter 19, section 22 of the Swedish Companies Act.

At December 31, 2016 the Company’s restricted equity totalled approximately SEK 15,712 million and its non-restricted equity was approximately SEK 64,573 million. At the same date the Group’s total equity attributable to the shareholders of the Company totalled approximately SEK 89,833 million.

The equity of the Company would have been approximately SEK 591 million lower if derivative instruments and other financial instruments, valued at fair value, had instead been valued on the basis of the lower of cost or net realizable value for non-current assets and the lower of cost or market value for current assets.

If the authorization is fully exercised,⁴ the estimated cost of repurchasing the Company’s own shares under the proposed authorization for the Board of Directors totals approximately SEK 16,069 million at an average price of SEK 37.11 per share.⁵

The Board of Directors considers there will be full coverage for the Company’s restricted equity after distribution of a dividend of SEK 2 per share for the financial year 2016, in total approximately SEK 8,660 million, and after having acquired the full number of its own shares included in the repurchase authorization proposed by the Board of Directors.

The business of the Company and the Group do not involve any risks other than those related to or expected to be related to the Company’s and the Group’s line of business or the risks involved in conducting business in general. The Company’s and the Group’s dependence on market conditions does not differ from that seen within the Company’s and the Group’s line of business. The Board of Directors considers that after the proposed dividend and taking into account the proposed repurchase authorization, the Company’s restricted equity and the Group’s total equity attributable to the shareholders of the Company will be sufficient in relation to the scope of the Company’s and the Group’s business.

At December 31, 2016, after deduction of the proposed dividend and assuming full exercise of the proposed repurchase authorization, the Company’s financial strength measured as its equity to assets ratio was 29.0 percent (at December 31, 2015, 28.1 percent). At December 31, 2016, the Group’s financial strength, measured in the same way, was 27.7 percent (at December 31, 2015, 28.4 percent). Taking into account the proposed dividend distribution, the exercise of the proposed authorization for repurchase of the Company’s own shares does not jeopardize the Company’s or the Group’s abilities to carry out the investments considered necessary. The proposal is also consistent with the established cash flow forecast under which the Company and the Group are expected to manage unexpected events and temporary variations in the cash flows to a reasonable extent.

In light of the above, it is the Board of Directors’ view that, taking into account the proposed dividend distribution, the proposed authorization to repurchase the Company’s own shares is justified, in view of the equity requirements of the Company and the Group arising from the type, scope and risks of its

⁴ The Board of Directors proposes a repurchase authorization of a maximum of 10 percent of the total number of all shares in the Company, corresponding to 433,008,478 shares. The Company currently holds no treasury shares.
