The maximum aggregate nominal amount of all Notes from time to time outstanding will not exceed €9,000,000,000 (or its equivalent in other currencies calculated as described herein).

The Notes may be issued on a continuing basis to one or more of the Dealers and any additional Dealer appointed under the Programme from time to time, which appointment may be for a specific issue or on an ongoing basis (each a **"Dealer"** and together the **"Dealers"**). A temporary global Note will be exchangeable, as specified in the applicable Final Terms, for either a permanent global Note or Notes in definitive form, in each case upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury regulations. The applicable Final Terms will specify that a permanent global Note either (i) is exchangeable (in whole but not in part) for definitive Notes upon not less than 60 days' notice or (ii) is only exchangeable (in whole but not in part) for definitive Notes following the occurrence of an Exchange Event (as defined under *"Form of the Notes"*), all as further described in *"Form of the Notes"* below. The Swedish Registered Notes of each Tranche will be issued in uncertificated and dematerialised book entry form as more fully described in *"Form of the Notes"* below.

The Issuer may agree with any Dealer that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes herein, in which event a Supplement to the Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

In addition, there are certain factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme. If so specified, the wording of the Redenomination Clause will be set out in full in the applicable Final Terms.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it or which it may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

Factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme

The Issuer operates in a broad range of geographic product and service markets in the highly competitive and regulated telecommunications industry. As a result, the Issuer is subject to a variety of risks and uncertainties. The Issuer has defined risks as anything that could have a material adverse effect on the achievement of the Issuer's goals. Risks can be threats, uncertainties or lost opportunities relating to the Issuer's current or future operations or activities. Set forth below is a description of some of the factors that may affect its business, financial position and results of operations.

Risks related to the industry and market conditions

World economy changes

Changes in the global financial markets and the world economy are difficult to predict. The Issuer has a strong balance sheet and operates in a relatively non-cyclical or late-cyclical industry. However, a severe or long-term downturn in the economy would have an impact on the Issuer's customers and may have a negative impact on the Issuer's growth and results of operations through reduced telecom spending.

The maturity schedule of the Issuer's loan portfolio is intended to be evenly distributed over several years, and refinancing is expected to be carried out using uncommitted open-market debt financing programmes and bank loans, alongside the Issuer's free cash flow. In addition, the Issuer has committed lines of credit with banks that may be utilised if the open-market refinancing conditions are poor. However, the Issuer's cost of funding may increase should there be changes in the global financial markets or the world economy.

Competition and price pressure

The Issuer is subject to substantial and historically increasing competition and price pressure. Competition from a variety of sources, including current market participants, new entrants and new products and services, may adversely affect the Issuer's results of operations. Competition has led to increased customer churn and a decrease in customer growth rates as well as to declines in the prices the Issuer charges for its products and services, and it may have similar effects in the future. In order to meet the increased competition and price pressure, the Issuer has carried out efficiency improvement programmes to adjust its cost base accordingly. It is probable that the Issuer will have to carry out further efficiency improvement programmes in the future to further adjust its cost base. There is a risk that the Issuer will not be successful in implementing its programmes due to operational or regulatory reasons or otherwise.

Regulation

The Issuer operates in a highly regulated industry. The regulations the Issuer is subject to impose significant limits on its flexibility to manage its business. For example, in both Sweden and Finland, the Issuer has been designated as a party with significant market power in certain markets in which it operates. As a result, the Issuer is required to provide certain services on regulated terms and prices, which may differ from the terms on which it would otherwise have provided those services. Changes in legislation, regulation or government policy affecting the Issuer's business activities, as well as decisions by regulatory authorities or courts, including granting, amending or revoking of licenses to the Issuer or other parties, could adversely affect the Issuer's business and results.

Emerging markets

The Issuer has made significant investments in telecom operators in Kazakhstan, Azerbaijan, Uzbekistan, Tajikistan, Georgia, Moldova, Nepal, Cambodia, Russia and Turkey. Historically the political, economic, legal and regulatory systems in these countries have been less predictable than in countries with more mature institutional structures. The future political situation in each of these emerging market countries may remain unpredictable and markets in which the Issuer operates may also become unstable.

Other risks associated with operating in emerging market countries include foreign exchange restrictions, which could effectively prevent the Issuer from receiving dividends or selling its investments, if such restrictions were introduced in countries where the Issuer has significant operations. Another risk is the potential establishment of foreign ownership restrictions or other potential actions against entities with foreign ownership, formally or informally.

A large part of the Issuer's results is derived from emerging markets, and especially from associated companies in Russia and Turkey. In 2009, over 40 per cent. of operating income and approximately 40 per cent. of net income attributable to owners of the parent company was derived from investments in emerging markets. Weakening of the economies or currencies or other negative developments in these markets might have a significant negative effect on the Issuer's results of operations.

Allegations of possible health risks

Concerns have been expressed that the electromagnetic signals from mobile handsets and base stations, which serve as the platform for transmitting radio signals, may pose health risks and interfere with the operation of electronic equipment. These concerns may intensify with time and as new products are introduced. Actual or perceived risks of mobile handsets or base stations and related publicity or litigation could reduce the growth rate, customer base or average usage per customer of the Issuer's mobile communications services, may result in significant restrictions on the location and operation of base stations or could subject the Issuer to claims for damages, any of which could have a negative impact on its business, financial position and results of operations.

Risks related to the Issuer's operations and strategic activities

Impairment losses and restructuring charges

Factors generally affecting the telecom markets, and changes in the economic, regulatory, business or political environment, as well as the Issuer's ongoing review and refinement of its business plans, could adversely affect its financial position and results of operations. The Issuer could be required to recognize impairment losses with respect to assets if management's expectations of future cash flows attributable to these assets change, including but not limited to goodwill and fair value adjustments that the Issuer has recorded in connection with acquisitions that it made or may make in the future. Through the merger of Telia and Sonera, the acquisition of NetCom and other acquisitions, the Issuer has a significant amount of goodwill in its statement of financial position, amounting to approximately SEK 86 billion as of 31 December 2009, which is not amortised but annually listed for impairment.

In the past, the Issuer has undertaken a number of restructuring streamlining initiatives, affecting the Swedish and Finnish operations, international carrier operations and the Danish operations, which have resulted in substantial restructuring and streamlining charges. Similar initiatives may be undertaken in the future.

The Issuer has also significant deferred tax assets resulting from earlier recorded impairment losses and restructuring charges. Significant adverse changes in the economic, regulatory, business or political environment, as well as in the Issuer's business plans, could also result in the Issuer not being able to use these tax assets in full to reduce its tax obligations in the future, and would consequently lead to an additional tax charge when such tax asset is derecognized.

In addition to affecting the Issuer's results of operations, such losses and charges may adversely affect the Issuer's ability to pay dividends. Any significant write-down of intangible or other assets would have the effect of reducing, or possibly eliminating, the Issuer's dividend capacity.

Investments in networks, licenses, new technology and start-up operations

The Issuer has made substantial investments in telecom networks and licenses and also expects to invest substantial amounts over the next several years in the upgrading and expansion of networks. Often, the

Issuer also has to pay fees to acquire new licences or to renew or maintain the existing licences. In order to serve its customers, the Issuer may also engage in start-up operations, such as Xfera Móviles S.A. in Spain, and Applifone Co. Ltd. in Cambodia, which require substantial investments and expenditure in the build-up phase.

The success of these investments will depend on a variety of factors beyond the Issuer's control, including the cost of acquiring, renewing or maintaining licences, the cost of new technology, availability of new and attractive services, the costs associated with providing these services, the timing of their introduction, the market demand and prices for such services, and competition. A failure to realise the benefits expected from these investments may adversely affect the Issuer's results of operation.

Acquisitions, strategic alliances and business combinations

The Issuer may expand and grow its business through business combinations, strategic alliances etc. A failure in such transactions could harm the Issuer's business and results of operations. For example, due to competition in the identification of acquisition opportunities or strategic partners, the Issuer may make an acquisition or enter into a strategic alliance on unfavourable terms. There are also the risks that the Issuer will not be able to successfully integrate and manage any acquired company or strategic alliance, the acquisition or strategic alliance will fail to achieve the strategic benefits or synergies sought, and that management's attention will be diverted away from other ongoing business concerns. In addition, any potential acquisition could negatively affect the Issuer's financial position, including its credit ratings, or, if made using the Issuer shares, dilute the existing shareholders.

Shareholder matters in partly owned subsidiaries

The Issuer conducts some of its activities, particularly outside of the Nordic region, through subsidiaries in which the Issuer does not have 100 per cent. ownership. Under the governing documents for certain of these entities, the minority shareholders have protective rights in matters such as approval of dividends, changes in the ownership structure and other shareholder related matters. As a result, actions outside the Issuer's control and adverse to its interests may effect the Issuer's ability to act as planned in these partly owned subsidiaries.

Customer service and network quality

In addition to cost efficiency in all operations, the Issuer's focus areas include high quality service to its customers and the high quality of its networks. The Issuer's ambition to create a world-class service company requires a major change of processes, attitude and focus in many parts of the company. The high quality of networks and services is also fundamental to the customer perception and the Issuer's success going forward. Failure to reach or maintain such high levels might have an adverse impact on the Issuer's business.

Limited number of suppliers

The Issuer is reliant upon a limited number of suppliers to manufacture and supply network equipment and related software as well as handsets, to allow the Issuer to develop its networks and to offer its services on a commercial basis. The Issuer cannot be certain that it will be able to obtain network equipment or handsets from alternative suppliers on a timely basis if the existing suppliers are unable to satisfy the Issuer's requirements. In addition, like its competitors, the Issuer currently outsources many of its key support services, including network construction and maintenance in most of its operations. The limited number of suppliers of these services, and the terms of the Issuer's arrangements with current and future suppliers, may adversely affect the Issuer, including by restricting its operational flexibility.

Ability to recruit and retain skilled personnel

To remain competitive and implement its strategy, and to adapt to changing technologies, the Issuer will need to recruit, retain, and where necessary, retrain highly skilled employees with particular expertise. In particular, competition is intense for qualified telecommunications and information technology personnel. To a considerable extent, the Issuer's ability to recruit and retain skilled personnel for growth business areas and new technologies will depend on its ability to offer them competitive remuneration packages. If the Issuer fails to recruit or retrain necessary highly-skilled employees, its ability to develop high growth business areas and new business areas or remain competitive in the traditional business areas may be limited.

Risks related to associated companies and joint ventures

Limited influence in associated companies and joint ventures

The Issuer conducts some of its activities, particularly outside of the Nordic region, through associated companies in which the Issuer does not have a controlling interest, such as Turkcell Iletisim Hizmetleri A.S. in Turkey, OAO MegaFon in Russia and Lattelecom SIA in Latvia. As a result, the Issuer has limited influence over the conduct of these businesses. Under the governing documents for certain of these entities, the Issuer's partners have control over or share control of key matters such as the approval of business plans and budgets, and decisions as to the timing and amount of cash distributions. The risk of actions outside the Issuer's or its associated companies' control and adverse to the Issuer's interests, or disagreement or deadlock, is inherent in associated companies and jointly controlled entities.

As part of its strategy, the Issuer may increase its shareholdings in some of its associated companies. The implementation of such strategy, however, may be difficult due to a variety of factors, including factors beyond the Issuer's control, such as willingness on the part of other existing shareholders to dispose or accept dilution of their shareholdings and, in the event the Issuer gains greater control, its ability to successfully manage the relevant businesses.

In Sweden the Issuer has entered into a cooperation arrangement with Tele2 to build and operate a Universal Mobile Telecommunications System ("UMTS") network through a 50 per cent. owned joint venture, Svenska UMTS-nät AB, which has rights to a Swedish UMTS license. The Issuer has made significant investments in and financial commitments to this venture. As this is a jointly controlled venture, there is a risk that the partners may disagree on important matters, including the funding of the company. This risk may be magnified because the Issuer and Tele2 are significant competitors. A disagreement or deadlock regarding the company or a breach by one of the parties of the material provisions of the cooperation arrangements could have a negative effect on the Issuer's business in Sweden.

Risks related to actions by the largest shareholders

The Swedish State holds 37.3 per cent. and the Finnish State holds 13.7 per cent. of the Issuer's outstanding shares. Accordingly, the Swedish State, acting alone, may have and the Swedish State and the Finnish State, if they should choose to act together, will have the power to influence any matters submitted for a vote of shareholders. The interests of the Swedish State and the Finnish State in deciding these matters could be different from the interests of the Issuer's other shareholders.

Financial risk management

The Issuer is exposed to financial risks such as credit risk, liquidity risk, currency risk, interest rate risk, financing risk and pension obligation risk. Financial risk management is centralised in the Corporate Finance and Treasury unit.

The credit risk with respect to the Issuer's trade receivables is diversified geographically and among a large number of customers, both private individuals and companies in various industries. Bad debt expense in relation to consolidated net sales was 0.5 per cent. in 2009 (0.5 per cent. in 2008).

The Issuer manages the liquidity risk by depositing its surplus liquidity in banks or investing it in short-term interest-bearing instruments, with good credit ratings. In addition to available cash, the Issuer has committed revolving credit facilities and overdraft facilities. In total the available unutilised amount under committed facilities was approximately SEK 13 billion at year end 2009.

The Issuer's operational currency transaction exposure is not significant. The Issuer's conversion exposure, however, is significant and is expected to continue to grow due to the ongoing expansion of business operations outside Sweden. The Issuer does not normally hedge its conversion exposure. At year end 2009, the conversion exposure amounted to SEK 201 billion (SEK 207 billion at year end 2008). Strengthening of the Swedish krona by ten percentage points against all currencies in which the Issuer has conversion exposure would have had a negative impact of SEK 18 billion (20 billion at year end 2008) on the Issuer group's equity as of 31 December 2009.

The Issuer manages interest rate risk by aiming to balance the estimated running cost of borrowing and the risk of significant negative impact on earnings, should there be a sudden, major change in interest rates. The Issuer's policy is that the duration of interest of the debt portfolio should be from six months to four years.

By having most of its borrowings with a longer maturity than the duration of interest, the Issuer is able to obtain the desired interest rate risk without having to assume a high financing risk. In order to further reduce the financing risk, the Issuer aims to spread loan maturity dates over a longer period. The Issuer currently enjoys a strong credit rating with the rating agencies Moody's and Standard & Poor's.

The Issuer has a significant amount of pension obligations, with a net present value of SEK 23.5 billion (22.8 billion at year end 2008) as of 31 December 2009. The Issuer maintains pension funds to secure these obligations, with plan assets totaling SEK 19.4 billion (18.1 billion at year end 2008), based on market values at year end 2009. A decrease of 1 percentage point in the weighted average discount rate would have increased the pension obligations by SEK 4.1 billion (3.9 billion at year end 2008) as of 31 December 2009. The effect would, however, be partly offset by a positive impact from the fixed income assets in the pension funds. A similar reduction in the interest rates would have increased the value of the fixed-income plan assets by SEK 0.9 billion as of 31 December 2009 (1.0 billion at year end 2008).

Financial reporting risks

The reporting of the Issuer's results of business operations and financial condition is based on internal and external financial reporting, which has to be timely, reliable, correct, and complete. Internal control over this reporting is an integral part of the Issuer's corporate governance. It includes methods and procedures to safeguard the group's assets, ensure and control the reliability and correctness of financial reporting in accordance with applicable legislation and guidelines, improve operational efficiency, and control the level of risk in the business operations.

The management of financial reporting risks is described in more detail in the Issuer's corporate governance report. The corporate governance report, including the description of internal controls, does not form part of the official annual report and has not been audited.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Index Linked Notes and Dual Currency Notes

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a **“Relevant Factor”**). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

The historical experience of an index should not be viewed as an indication of the future performance of such index during the term of any Index Linked Notes. Accordingly, each potential investor should consult its own financial and legal advisers about the risk entailed by an investment in any Index Linked Note and the suitability of such Notes in light of its particular circumstances.

Partly-paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference

rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Meetings

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

EU Savings Directive

Under European Council Directive 2003/48/EC on the taxation of savings income (the “**Directive**”), Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited type of entity established in that other Member State. However, for a transitional period, Luxembourg and Austria will, subject to certain exceptions apply (unless during that period they elect to provide information in accordance with the Directive) a withholding system in relation to such payments deducting tax at rates rising over time to 35 per cent. (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries, and certain dependent or associated territories of certain Member States, have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident or certain limited types of entity established in one of those territories.

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the Directive, which included the Commission’s advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above. Investors who are in any doubt as to their position should consult their professional advisers.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the Directive.

Notes where denominations involve integral multiples: definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **"Investor's Currency"**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

GENERAL DESCRIPTION OF THE PROGRAMME

Under the Programme, the Issuer may from time to time issue Notes denominated in any currency subject as set out herein. A summary of the terms and conditions of the Programme and the Notes appears below. The applicable terms of any Notes will be agreed between the Issuer and the relevant Dealer prior to the issue of the Notes and (except in the case of Swedish Registered Notes) will be set out in the Terms and Conditions of the Notes endorsed on, attached to, or incorporated by reference into, the Notes, as modified and supplemented by the applicable Final Terms attached to, or endorsed on, such Notes, as more fully described under "*Form of the Notes*" below. In the case of Swedish Registered Notes, the applicable terms thereof are those set out in the Terms and Conditions of the Notes appearing in this Prospectus as modified and supplemented by the applicable Final Terms.

This Prospectus will only be valid for listing Notes on the Luxembourg Stock Exchange in an aggregate nominal amount which, when added to the aggregate nominal amount then outstanding of all Notes previously or simultaneously issued under the Programme, does not exceed €9,000,000,000 or its equivalent in other currencies. For the purpose of calculating the euro equivalent of the aggregate nominal amount of Notes issued under the Programme from time to time:

- (a) the euro equivalent of Notes denominated in another Specified Currency (as specified in the applicable Final Terms in relation to the relevant Notes, described under "*Form of the Notes*") shall be determined, at the discretion of the Issuer, either as of the date on which agreement is reached for the issue of Notes or on the preceding day on which commercial banks and foreign exchange markets are open for general business in London, in each case on the basis of the spot rate for the sale of the euro against the purchase of such Specified Currency in the London foreign exchange market quoted by any leading international bank selected by the Issuer on the relevant day of calculation;
- (b) the euro equivalent of Dual Currency Notes, Index Linked Notes and Partly Paid Notes (each as specified in the applicable Final Terms in relation to the relevant Notes, described under "*Form of the Notes*") shall be calculated in the manner specified above by reference to the original nominal amount on issue of such Notes (in the case of Partly Paid Notes regardless of the subscription price paid); and
- (c) the euro equivalent of Zero Coupon Notes (as specified in the applicable Final Terms in relation to the relevant Notes, described under "*Form of the Notes*") and other Notes issued at a discount or a premium shall be calculated in the manner specified above by reference to the net proceeds received by the Issuer for the relevant issue.

FORM OF THE NOTES

Each Tranche of Notes (except Swedish Registered Notes) will initially be represented by a temporary global Note (or, if so specified in the applicable Final Terms, a permanent global Note) without receipts, interest coupons or talons, which, in either case, will:

- (i) if the global Notes are intended to be issued in new global note (“**NGN**”) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the “**Common Safekeeper**”) for Euroclear Bank SA/NV (“**Euroclear**”) and Clearstream Banking, *société anonyme* (“**Clearstream, Luxembourg**”); and
- (ii) if the global Notes are not intended to be issued in NGN Form, be delivered on or prior to the original issue date of the Tranche to a common depository (the “**Common Depository**”) for, Euroclear and Clearstream, Luxembourg.

Whilst any Note is represented by a temporary global Note, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made (against presentation of the temporary global Note if the temporary global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent. Any reference in this section “Form of the Notes” to Euroclear, Clearstream, Luxembourg and/or Euroclear Sweden shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearance system approved by the Issuer and the Agent.

On and after the date (the “**Exchange Date**”) which is the later of (i) 40 days after the date on which any temporary global Note is issued, and (ii) 40 days after the completion of the distribution of the relevant Tranche, as certified by the relevant Dealer (in the case of a non-syndicated issue) or the relevant lead manager (in the case of a syndicated issue) (the “**Distribution Compliance Period**”), but, if such temporary global Note is issued in respect of a Tranche of Notes described as Partly Paid Notes in the applicable Final Terms, only if the final instalment on all outstanding such Notes has been paid, interests in such temporary global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a permanent global Note of the same Series or (ii) for definitive Notes of the same Series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a temporary global Note will not be entitled to collect any payment of interest or principal due on or after the Exchange Date unless upon due certification, exchange of the temporary global Note for an interest in a permanent global Note or for definitive Notes is improperly withheld or refused. Pursuant to the Agency Agreement (as defined under “*Terms and Conditions of the Notes*” below) the Agent shall arrange that, where a further Tranche of Notes is issued, the Notes of such Tranche shall be assigned a common code and ISIN by Euroclear and Clearstream, Luxembourg which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until at least the expiry of the Distribution Compliance Period applicable to the Notes of such Tranche.

Payments of principal and interest (if any) on a permanent global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the permanent global Note if the permanent global Note is not intended to be issued in NGN form) without any requirement for certification. The applicable Final Terms will specify that a permanent global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, receipts, interest coupons and talons attached upon either (i) not less than 60 days’ written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such permanent global Note) to the Agent as described therein or (ii) only upon the occurrence of an Exchange Event as described therein. A Permanent Global Note representing Notes having denominations consisting of a minimum Specified Denomination and integral multiples of a smaller amount there above may only be exchanged for definitive Notes upon an Exchange Event.

“**Exchange Event**” means (i) an Event of Default has occurred and is continuing, or (ii) the Issuer has been notified that either Euroclear or Clearstream, Luxembourg has been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or has announced an intention

permanently to cease business or has in fact done so and no alternative clearing system is available. The Issuer will promptly give notice to Noteholders in accordance with Condition 13 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such permanent global Note) may give notice to the Agent requesting exchange. Any such exchange shall occur not later than 30 days after the date of receipt of the first relevant notice by the Agent.

Global Notes and definitive Notes will be issued pursuant to the Agency Agreement.

The following legend will appear on all global Notes, definitive Notes, receipts, interest coupons and talons with a maturity of more than one year:

“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of Notes, receipts or interest coupons.

Each Tranche of Swedish Registered Notes will be issued in uncertificated and dematerialised registered form in accordance with the Swedish Financial Instruments Accounts Act (SFS 1998:1479). The holder of a Swedish Registered Note will be the person evidenced as such by a book entry in the records of Euroclear Sweden. Where a nominee is so evidenced it shall be treated as the holder of the relevant Swedish Registered Note.

A Note may be accelerated automatically by the holder thereof in certain circumstances described in *“Terms and Conditions of the Notes — Events of Default”*. In such circumstances, where any Note is still represented by a global Note and a holder of such Note so represented and credited to his securities account with Euroclear or Clearstream, Luxembourg gives notice that it wishes to accelerate such Note, unless within a period of fifteen days from the giving of such notice payment has been made in full of the amount due in accordance with the terms of such global Note, such global Note will become void at 8.00 pm (London time) on such day. At the same time, holders of interests in such global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear and Clearstream, Luxembourg, on and subject to the terms of a deed of covenant (the **“Deed of Covenant”**) dated 6 May 2009 executed by the Issuer.

Title to the Swedish Registered Notes will pass by registration in the register between the direct or indirect accountholders at Euroclear Sweden in accordance with the Swedish Financial Instruments Accounts Act (SFS 1998:1479) and/or any other legislation, rules and regulations applicable to such transfers from time to time. Where a nominee is so evidenced, it shall be treated by the Issuer as the holder of the relevant Swedish Registered Note.

For so long as any of the Notes is represented by a global Note held on behalf of Euroclear Bank SA/NV ("**Euroclear**") and/or Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**") or is a Swedish Registered Note, each person (other than Euroclear or Clearstream, Luxembourg or Euroclear Sweden (as defined below)) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg or of the registers maintained by Euroclear Sweden, as the case may be, as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg or Euroclear Sweden, as the case may be, as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Agent and any other Paying Agent as the holder of such nominal amount of such Notes for all purposes other than (in the case only of Notes not being Swedish Registered Notes) with respect to the payment of principal or interest on the Notes, for which purpose the bearer of the relevant global Note shall be treated by the Issuer, the Agent and any other Paying Agent as the holder of such Notes in accordance with and subject to the terms of the relevant global Note and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly. Notes which are represented by a global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear or of Clearstream, Luxembourg, as the case may be. Swedish Registered Notes will be transferable only in accordance with the Swedish Financial Instruments Accounts Act (SFS 1998:1479) and applicable Swedish law and the rules and procedures for the time being of Euroclear Sweden.

References to Euroclear, Clearstream, Luxembourg and/or Euroclear Sweden shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer and the Agent.

2. Status of the Notes

The Notes and the relative Receipts and Coupons are direct, unconditional, unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the Issuer and rank *pari passu* among themselves and equally with all other outstanding unsecured and unsubordinated obligations of the Issuer except as mandatorily preferred by law.

3. Negative Pledge

So long as any of the Notes remains outstanding, the Issuer will not create or have outstanding any mortgage, lien (other than solely by operation of law), pledge or other charge upon the whole or any part of its undertaking or assets, present or future, (including any uncalled capital), to secure any Public Debt of any Person or any obligation of any Person under any guarantee of or indemnity in respect of any Public Debt of any other Person without at the same time or prior thereto securing the Notes equally and rateably therewith or providing such other security for the Notes except as shall be approved by an Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders.

For the purposes of this Condition, "**outstanding**", in the case of Notes other than Swedish Registered Notes, has the meaning given to it in the Agency Agreement.

"**Public Debt**" means indebtedness which is in the form of, or represented or evidenced by, bonds, notes, debentures, loan stock or other securities which for the time being are, or are intended to be, quoted, listed, ordinarily dealt in or traded on any stock exchange, over-the-counter, or other established securities market and which:

- (a) has an initial life exceeding 2 years; or
- (b) (i) by its terms is payable, or may be required to be paid, in or by reference to any currency other than Swedish Kronor; or

- (ii) by its terms is payable, or may be required to be paid, in or by reference to Swedish Kronor where more than 50 per cent. in aggregate principal amount of such indebtedness is initially offered outside the Kingdom of Sweden.

“Person” means any individual, company, corporation, firm, partnership, joint venture, association, organisation, state, agency of a state or other entity, whether or not having separate legal personality.

4. Interest

(a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest from (and including or, in the case of Swedish Registered Notes, but excluding) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest payable in arrear on the Interest Payment Date(s) in each year and on the Maturity Date if that does not fall on an Interest Payment Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Conditions, **“Fixed Interest Period”** means the period from (and including or, in the case of Swedish Registered Notes, but excluding) an Interest Payment Date (or the Interest Commencement Date) to (but excluding or, in the case of Swedish Registered Notes, and including) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

In these Conditions, **“Day Count Fraction”** means, in respect of the calculation of an amount of interest in accordance with this Condition 4(a):

- (i) if **“Actual/Actual (ICMA)”** is specified in the applicable Final Terms:
 - (A) in the case of Notes where the number of days in the relevant period from (and including or, in the case of Swedish Registered Notes, but excluding) the most recent Fixed Interest Date (or, if none, the Interest Commencement Date) to (but excluding or, in the case of Swedish Registered Notes, and including) the relevant payment date (the **“Accrual Period”**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates that would occur in one calendar year; or
 - (B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Actual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and

- (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if **"30/360"** is specified in the applicable Final Terms, the number of days in the period from (and including or, in the case of Swedish Registered Notes, but excluding) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding, or in the case of Swedish Registered Notes, and including) the relevant payment date (such number of days being calculated on the basis of 12 30-day months) divided by 360.

In these Conditions:

"Determination Period" means the period from (and including or, in the case of Swedish Registered Notes, but excluding) a Determination Date to (but excluding or, in the case of Swedish Registered Notes, and including) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

"sub-unit" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) Interest on Floating Rate Notes and Index Linked Interest Notes

(i) Interest Payment Dates

Each Floating Rate Note and Index Linked Interest Note bears interest from (and including or, in the case of Swedish Registered Notes, but excluding) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) (each an **"Interest Payment Date"**) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including or, in the case of Swedish Registered Notes, but excluding) an Interest Payment Date (or the Interest Commencement Date) to (but excluding or, in the case of Swedish Registered Notes, and including) the next (or first) Interest Payment Date).

If a business day convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the business day convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In this Condition, **"Business Day"** means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments in London and any Additional Business Centre specified in the applicable Final Terms and are open for general business (including dealing in foreign exchange and foreign currency deposits); and
- (B) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments in the principal financial centre of the country of the relevant Specified Currency (if other than London and any Additional Business Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

In these Conditions, **"TARGET2 System"** means the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes and Index Linked Interest Notes will be determined in the manner specified in the applicable Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), **"ISDA Rate"** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the **"ISDA Definitions"**) and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is a period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (**"LIBOR"**) or on the Euro-zone inter-bank offered rate (**"EURIBOR"**) for a currency, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), (i) **"Floating Rate"**, **"Calculation Agent"**, **"Floating Rate Option"**, **"Designated Maturity"** and **"Reset Date"** have the meanings given to those terms in the ISDA Definitions and (ii) **"Euro-zone"** means the region comprised of Member States of the European Union that adopt the single currency in accordance with the Treaty.

(B) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent (or, in the case of Swedish Registered Notes, the Calculation Agent). If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

In the case of Notes other than Swedish Registered Notes, the Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph. In the case of Swedish Registered Notes, such provisions will be as set out in the applicable Final Terms.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(iii) Minimum and/or Maximum Interest Rate

If the applicable Final Terms specifies a Minimum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Interest Rate, the Rate of Interest for such Interest Period shall be such Minimum Interest Rate.

If the applicable Final Terms specifies a Maximum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Interest Rate, the Rate of Interest for such Interest Period shall be such Maximum Interest Rate.

(iv) Determination of Rate of Interest and Calculation of Interest Amounts

The Agent, in the case of Floating Rate Notes other than Floating Rate Notes which are Swedish Registered Notes, and the Calculation Agent, in the case of Index Linked Interest Notes and Floating Rate Notes which are Swedish Registered Notes, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Index Linked Interest Notes other than Index Linked Notes which are Swedish Registered Notes, the Calculation Agent will notify the Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Agent or, in the case of either Floating Rate Notes which are Swedish Registered Notes or Index Linked Notes which are Swedish Registered Notes, the Calculation Agent, will calculate the amount of interest (the **"Interest Amount"**) payable on the Floating Rate Notes or Index Linked Interest Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes or Index Linked Interest Notes which are represented by a Global Note, the aggregate outstanding nominal amount outstanding of the Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of Floating Rate Notes or Index Linked Interest Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note or an Index Linked Interest Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

"Day Count Fraction" means, in respect of the calculation of an amount of interest for any Interest Period:

- (i) if **"Actual/Actual ISDA"** or **"Actual/Actual"** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if **"Actual/365 (Fixed)"** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;

- (iii) if **"Actual/360"** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (iv) if **"30/360"**, **"360/360"** or **"Bond Basis"** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (v) if **"30E/360"** or **"Eurobond Basis"** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D2 will be 30;

- (vi) if **"30/360 (ISDA)"** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M1” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D1” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

“D2” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D2 will be 30.

(v) Notification of Rate of Interest and Interest Amounts

The Agent, or in the case of Swedish Registered Notes, the Calculation Agent, will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes or Index Linked Interest Notes are for the time being listed and notice thereof to be published in accordance with Condition 13 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes or Index Linked Interest Notes are for the time being listed and to the Noteholders in accordance with Condition 13. For the purposes of this paragraph, the expression “**London Business Day**” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in London.

(vi) Certificates to be Final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(b), whether by the Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the Calculation Agent (if applicable), the other Paying Agents and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Agent or the Calculation Agent (if applicable) in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) Dual Currency Interest Notes

The rate or amount of interest payable in respect of Dual Currency Interest Notes shall be determined in the manner specified in the applicable Final Terms.

(d) Partly Paid Notes

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

(e) Accrual of Interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event in respect of Notes other than Swedish Registered Notes, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such Note have been paid; and
- (2) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given in accordance with Condition 13.

In such event in respect of Swedish Registered Notes, interest will continue to accrue until the date the holders of the Swedish Registered Notes receive the full amount of such payments.

5. Payments

(a) Method of Payment

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 7. References to **"Specified Currency"** will include any successor currency under applicable law.

(b) Presentation of Notes, Receipts and Coupons

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against surrender of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against surrender of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal (if any), other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (a) above against surrender of the relevant Receipt. Payment of the final instalment will be made in the manner provided in paragraph (a) above only against surrender of the relevant Note. Each Receipt must be presented for payment of the relevant instalment together with the definitive Note to which it appertains. Receipts presented without the definitive Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive form (other than Dual Currency Notes or Index Linked Notes) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 7) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Dual Currency Note or Index Linked Interest Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **"Long Maturity Note"** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not a Fixed Interest Date or an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Fixed Interest Date or Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

Payments of principal and interest (if any) in respect of Notes represented by any global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant global Note against presentation or surrender, as the case may be, of such global Note at the specified office of any Paying Agent. A record of each payment made against presentation or surrender of such global Note, distinguishing between any payment of principal and any payment of interest, will be made on such global Note by such Paying Agent and such record shall be *prima facie* evidence that the payment in question has been made.

The holder of a global Note shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such global Note.

Notwithstanding the foregoing, if any amount of principal and/or interest in respect of this Note is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of this Note will be made at the specified office of a Paying Agent in the United States if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

Payments of principal and interest in respect of Swedish Registered Notes will be made to the persons registered as Noteholders in the register maintained by Euroclear Sweden on the fifth Stockholm Business Day (or such other day which may become customary on the Swedish bond market, which in respect of Swedish Registered Notes denominated in Swedish Kronor is expected to be the third Stockholm Business Day) prior to the Interest Payment Date or the Maturity Date, as the case may be, and in accordance with the rules and procedures applied by Euroclear Sweden from time to time.

As used herein, **“Stockholm Business Day”** means a day on which commercial banks and foreign exchange markets are open for business in Stockholm.

(c) Payment Day

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **“Payment Day”** means any day which (subject to Condition 8) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) the relevant place of presentation;
 - (B) London;
 - (C) each Additional Financial Centre specified in the applicable Final Terms; and

Unless previously redeemed or purchased and cancelled as specified below, each Note (including each Index Linked Redemption Note and Dual Currency Redemption Note) will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date.

(b) Redemption for Tax Reasons

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is neither a Floating Rate Note nor an Index Linked Interest Note nor a Dual Currency Interest Note) or on any Interest Payment Date (if this Note is either a Floating Rate Note, an Index Linked Interest Note or a Dual Currency Interest Note), on giving not less than 30 nor more than 60 days' notice to the Agent (or, in the case of Swedish Registered Notes, Euroclear Sweden) and, in accordance with Condition 13, the Noteholders (which notice shall be irrevocable), if:

- (i) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 7 as a result of any change in, or amendment to, the laws or regulations of Sweden or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes; and
- (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Agent (or, in the case of Swedish Registered Notes, to Euroclear Sweden) a certificate signed by two authorised officers of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the

Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

Notes redeemed pursuant to this Condition 6(b) will be redeemed at their Early Redemption Amount referred to in paragraph (e) below together (if appropriate) with interest accrued to (but excluding or, in the case of Swedish Registered Notes, and including) the date of redemption.

(c) Redemption at the Option of the Issuer (“Issuer Call”)

If Issuer Call is specified in the applicable Final Terms, the Issuer shall, having given:

- (i) not less than 15 nor more than 30 days’ notice to the Noteholders in accordance with Condition 13; and
- (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the Agent (or, in the case of Swedish Registered Notes, Euroclear Sweden),

(which notices shall be irrevocable), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding or, in the case of Swedish Registered Notes, and including) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed (“**Redeemed Notes**”) will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) in the case of Redeemed Notes represented by a global Note, and in accordance with the rules of Euroclear Sweden in the case of Swedish Registered Notes, in each case not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the “**Selection Date**”). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 13 not less than 15 days prior to the date fixed for redemption. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this paragraph (c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 13 at least 5 days prior to the Selection Date.

(d) Redemption at the Option of the Noteholders (“Investor Put”)

If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 13 not less than 15 nor more than 30 days’ notice the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding or, in the case of Swedish Registered Notes, and including) the Optional Redemption Date. It may be that before an Investor Put can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Final Terms.

If this Note is in definitive form, to exercise the right to require redemption of this Note the holder of this Note must deliver such Note at the specified office of any Paying Agent (or, in the case of Swedish Registered Notes, the Issuing Agent) at any time during normal business hours of such Paying Agent (or the Issuing Agent) falling within the notice period, accompanied by a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (or the Issuing Agent) (a “**Put Notice**”) and in which the holder must specify a bank account (or, if payment is by cheque, an address) to which payment is to be made under this Condition.

In the case of Swedish Registered Notes, a Put Notice will not be effective against the Issuer before the date on which the relevant Swedish Registered Notes have been transferred to the account designated by the Issuing Agent and blocked for further transfer until the Optional Redemption Date by said Issuing Agent.

Any Put Notice given by a holder of any Note pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to

this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 9. In the case of Swedish Registered Notes, the right to require redemption of such Notes in accordance with this Condition 6(d) must be exercised in accordance with the rules and procedures of Euroclear Sweden and if there is any inconsistency between the foregoing and the rules and procedures of Euroclear Sweden, the rules and procedures of Euroclear Sweden shall prevail.

(e) Early Redemption Amounts

For the purpose of paragraph (b) above and Condition 9, the Notes will be redeemed at the Early Redemption Amount calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof;
- (ii) in the case of Notes (other than Zero Coupon Notes but including an Instalment Note and a Partly Paid Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Notes are denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the Final Terms, at their nominal amount; or
- (iii) in the case of Zero Coupon Notes, at an amount (the **"Amortised Face Amount"**) calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})(y)$$

where:

"RP" means the Reference Price;

"AY" means the Accrual Yield expressed as a decimal; and

"y" is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including or, in the case of Swedish Registered Notes, but excluding) the Issue Date of the first Tranche of the Notes to (but excluding or, in the case of Swedish Registered Notes, and including) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator of which is 360,

or on such other calculation basis as may be specified in the applicable Final Terms.

(f) Instalments

Instalment Notes will be redeemed in the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Early Redemption Amount will be determined pursuant to paragraph (e) above.

(g) Partly Paid Notes

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the applicable Final Terms.

(h) Purchases

The Issuer or any of its Subsidiaries may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, reissued, resold or, at the option of the Issuer, surrendered to any Paying Agent for cancellation. Any Swedish Registered Notes purchased may be held, resold or cancelled.

"Subsidiary" means any entity which is a subsidiary within the meaning of the Swedish Companies Act (1975).

(i) Cancellation

All Notes which are redeemed will, subject to paragraph (h) above forthwith be cancelled (together with all unmatured Receipts and Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to paragraph (h) above (together with all unmatured Receipts and Coupons cancelled therewith) shall be forwarded to the Agent (or, in the

case of Swedish Registered Notes, the relevant Issuing Agent (as defined in Condition 11(b)) and cannot be reissued or resold.

(j) Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 9 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (e)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which, in respect of Notes other than Swedish Registered Notes, is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 13.

In such event in respect of Swedish Registered Notes, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (e)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date the holders of the Swedish Registered Notes receive the full amount of such payment.

7. Taxation

All payments of principal and interest in respect of the Notes, Receipts and Coupons by the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of Sweden or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (i) presented for payment by or on behalf of a Noteholder, Receiptholder or Couponholder who is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of his having some connection with Sweden other than the mere holding of such Note, Receipt or Coupon; or
- (ii) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day; or
- (iii) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (iv) presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union.

As used herein, the **“Relevant Date”** means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent (or, in the case of Swedish Registered Notes, the holders of the Swedish Registered Notes) on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 13.

The Notes, Receipts and Coupons will become void unless presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 7) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 5(b) or any Talon which would be void pursuant to Condition 5(b).

In the case of Swedish Registered Notes, claims against the Issuer for the payment of principal and interest payable in respect of the Swedish Registered Notes shall be void unless made within 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date therefor and thereafter any principal or interest payable in respect of such Swedish Registered Notes shall be forfeited and revert to the Issuer.

 - (y) the Issuer ceases to carry on business;
- (iv) if an administrative or other receiver is appointed of the whole or substantially the whole of the assets of the Issuer and is not removed, paid out or discharged within 60 days or, following such 60 day period, the appointment is not being disputed in good faith; or
- (v) if the Issuer is unable to pay its debts generally or makes a general assignment for the benefit of its creditors; or
- (vi) (A) if any Indebtedness for Borrowed Money (as defined below) of the Issuer, amounting in aggregate to not less than €50,000,000 or its equivalent in other currencies, becomes due and repayable prematurely by reason of an event of default (however described) and remains unpaid; or
- (B) if default is made by the Issuer in making any payment due, amounting in aggregate to not less than €50,000,000 or its equivalent in other currencies, in respect of Indebtedness for Borrowed Money on the due date for that payment (as extended by any applicable grace period),

where the failure to pay is not being contested in good faith and continues unremedied for more than 14 days after written notification requesting such failure to be remedied shall have been given to the Issuer by a Noteholder,

then any Noteholder may, by written notice to the Issuer at the specified office of the Agent (or, in the case of Swedish Registered Notes, of the relevant Issuing Agent), effective upon the date of receipt thereof by the Agent (or, in the case of Swedish Registered Notes, the relevant Issuing Agent), declare the Note held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount (as described in Condition 6(e)), together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind.

“Indebtedness for Borrowed Money” means any present or future indebtedness (whether being principal, premium, interest or other amounts) for or in respect of (i) money borrowed, (ii) liabilities under or in respect of any acceptance or acceptance credit or (iii) any notes, bonds, debentures, debenture stock, loan stock or other securities offered, issued or distributed whether by way of public offer, private placing, acquisition consideration or otherwise and whether issued for cash or in whole or in part for a consideration other than cash.

17. Rights of Third Parties

The Merger brought together two of the leading telecommunications companies in the Nordic region to form the leading telecommunications group in the Nordic and Baltic region¹. TeliaSonera is also a leading provider of mobile services in Eurasia including significant holdings in leading mobile operators in Russia and Turkey. TeliaSonera also provides mobile services in Spain.

The shares of TeliaSonera are listed on the Nasdaq OMX Stockholm and the Nasdaq OMX Helsinki. TeliaSonera voluntarily terminated the listing of the company's American Depositary Shares ("**ADS**") on Nasdaq on 6 August 2004, in light of the low trading level and high costs.

In June 2007 TeliaSonera also terminated the registration of its shares under the U.S. Securities and Exchange Act of 1934.

Mission and Strategy

Mission

TeliaSonera's mission is to provide network access and telecommunication services that help people and companies communicate in an easy, efficient and environmentally friendly way. TeliaSonera creates value by focusing on delivering a world-class customer experience, securing quality in our networks and achieving a best-in-class cost structure. TeliaSonera is an international group with a global strategy, but acts as a local company in the areas in which it operates.

¹ Statements in this section relating to TeliaSonera's competitive position in the geographical markets in which it operates are based upon internal calculations by TeliaSonera's management with respect to number of customers and/or revenues generated for each geographical market.

² Free cash flow restated as of 1 January 2010. Please refer to basis of preparation on page 17 in the interim report of January-March 2010 of the Issuer.

Strategy

TeliaSonera's overall strategy is to deliver products and services to its different customer segments based on a deep understanding of present and future customer needs. To create shareholder value through sustainable and improved profitability and cash flows, TeliaSonera aims to deliver its services in a cost-effective and sustainable manner.

TeliaSonera's focus areas are:

- To build a world-class service company
- To secure high quality in its networks
- to create best-in-class cost efficiency

The Nordic and Baltic markets — focus on margins and cash flow

The Nordic and Baltic markets are mature markets with high mobile penetration. Here TeliaSonera has a leading market position. The aim is to grow in line with the markets, to take advantage of the increased growth in mobile data and to maintain profitability.

The Nordic and Baltic markets are exposed to price pressure caused by intense competition and regulatory intervention. In this environment operational efficiency is a top priority. TeliaSonera strives to improve efficiency continuously in order to be able to develop new mobile and IP-based services.

Our strategy in the Nordic and Baltic markets is to focus on:

- Strong growth in mobile data
- Migration to IP-based services
- Margins and cash flow

Eurasia, growth and high margins

TeliaSonera aims to expand in Eurasia and the surrounding region. Therefore TeliaSonera aims to increase its ownership in core holdings and make complementary acquisitions within its existing footprint.

The focus is on markets with low mobile penetration, reasonably sized populations and growing economies where we can leverage our management experience.

In Eurasia, the mobile penetration is lower than in TeliaSonera's other markets and the fixed networks are not as developed. These countries therefore must rely on the mobile networks. This creates great potential for TeliaSonera.

Our strategic priorities for Eurasia in the coming years are:

- Strengthening and creating leading market positions
- Securing high quality networks and services
- Achieving balanced growth and cost control
- Providing new services like mobile broadband
- Securing strong corporate governance and risk management

Spain — development of Yoigo

In the Spanish market TeliaSonera aims, together with its local partners, to create an efficient low-cost mobile operator with a market position that achieves sustainable strong profits and cash flows and thereby grow the value of the operation.

Capital structure

TeliaSonera targets a solid investment grade long-term credit rating (A- to BBB+) to secure the company's strategically important financial flexibility for investments in future growth, both organically and by acquisitions. The ordinary dividend shall be at least 50 per cent. of net income attributable to shareholders of the parent company. In addition, excess capital shall be returned to shareholders, after the Board of Directors has taken into consideration the company's cash at hand, cash flow projections and investment plans in a medium term perspective, as well as capital market conditions.

Organisational structure

TeliaSonera is an international group of companies, providing telecommunication services in the Nordic and Baltic countries, the emerging markets of Eurasia, including Russia and Turkey, and in Spain.

TeliaSonera's business areas are Mobility Services, Broadband Services and Eurasia, which includes Kazakhstan, Azerbaijan, Uzbekistan, Tajikistan, Georgia, Moldova and Nepal and associated companies in Russia, Turkey, Ukraine and Belarus. In order to ensure strong leverage for profitable growth, TeliaSonera is organised in three international business areas focusing on these growth opportunities. The business areas have full profit and loss responsibilities for their assigned businesses. Customers will meet TeliaSonera as one company, via operation under the respective local brand, common local web sites and common local customer service entrances and customer engagement registers.

TeliaSonera had at the end of 2009 48,5 million subscriptions in the majority-owned operations and 99,1 million subscriptions in the associated companies. Sales totaled SEK 109,161 million and operating income excluding non-recurring items totaled SEK 31,679 million. A large part of Group earnings comes from TeliaSonera's majority- and minority-owned operations in Eurasia, which represented around 40.5 per cent. of the Group's operating income in 2009.

TeliaSonera changed its business organisation on 1 January 2007 from a country-based profit centre organisation into a product-based business area organisation. On 1 January 2008, TeliaSonera further refined its business organisation. Since that date, Integrated Enterprise Services no longer exists as a separate business area, but is replaced by a sales organisation named Business Services. Its operations are reported as part of Mobility Services, Broadband Services and Other operations.

Regulation

European Union

As member states of the European Union (the "EU"), Sweden, Finland, Denmark, Lithuania, Latvia and Estonia are required to follow EU regulations and enact domestic legislation to give effect to EU directives. Norway is under similar obligations as a party to the European Economic Area Agreement.

In 2002, the European Parliament and the Council adopted a new regulatory framework for electronic communications networks and services (the "EU Communications Framework"), which applies to the types of telecommunications services that TeliaSonera offers. It aims to bring the sector-specific rules for electronic communications more into line with the general competition rules. Under the related Framework Directive, the definition of significant market power is based on the concept of a dominant position used in

EU competition law. It embraces single company dominance and joint dominance, and *ex ante* regulatory measures are intended to redress identified competition concerns.

National regulatory authorities (“NRAs”), including those in the countries in which TeliaSonera operates, are expected to undertake a market analysis on the basis of markets listed in so-called Relevant Market Recommendations established by the European Commission (the “**Commission Recommendations**”). The present Recommendation of December 2007 comprises 7 markets that the NRAs must analyse. NRAs then determine and designate companies having significant market power (“**SMP**”) within those markets. They can also impose or maintain *ex ante* sector-specific obligations when *ex post* remedies of competition law are not adequate to meet the market problems identified. Possible obligations could include *inter alia* transparency, accounting separation, network access and price control. If a market is found to be effectively competitive, existing obligations should, according to regulatory framework, be withdrawn.

Other applicable EU directives included in the EU Communications Framework cover areas such as authorisation of networks and services, access and interconnection (including local loop access), universal service, and privacy and security issues. There are also special directives on electronic commerce and on a number of other areas of relevance to TeliaSonera’s operations. The regulatory regimes in each of the aforesaid countries in which TeliaSonera operates are generally based on the requirements of the EU Communications Framework and other directives.

In December 2005, a political agreement was reached at EU level on a directive on data retention. The directive entered into force in May 2006 and should have been implemented by member states by 15 September 2007. However, in several member states the implementation has been delayed. For example in Sweden the Government has not yet presented final proposals for implementation to Parliament. In other countries where TeliaSonera operates, data retention provisions entered into force during 2008 and 2009. The directive requires all 25 member states to impose obligations on the telecommunications service and network providers operating in their jurisdiction to retain traffic data and location data for law enforcement purposes. Depending on the national-level implementation of the Directive, there may be adverse economic effects on the Issuer’s operations.

The EU deemed it pertinent to regulate the charges for international roaming voice calls as of 30 June 2007 and also the wholesale charges for data roaming traffic and both wholesale and retail SMS roaming charges as of 1 July 2009.

Implementation of EU Communications Framework

Sweden

In Sweden, the Act on Electronic Communication implements the legislation relating to the EU Communications Framework. In 2005, the Swedish NRA published final SMP decisions on the retail markets for access to the public telephone network and on the market for wholesale terminating segments of leased lines. In these markets the NRA imposed obligations on TeliaSonera. On the retail markets for telephone services and the wholesale market for access to mobile networks, TeliaSonera was not found to have SMP status, and hence no obligations were imposed.

In 2006, the Swedish NRA published final SMP decisions on the wholesale markets for international roaming and for trunk segments of leased lines. In these markets TeliaSonera was not found to have SMP status, and hence no obligations were imposed. In summary, since 2004 TeliaSonera has been found to have SMP status in nine markets. In 2008, the NRA started a second round of SMP analyses of these markets based on the current Commission Recommendation on relevant product and service markets within the electronic communications sector susceptible to *ex ante* regulation. In 2009, the NRA published revised decisions on the markets for interconnection in the fixed network and on the retail market for access to the public telephone network. Final decisions for remaining markets are scheduled for 2010.

Finland

In Finland, TeliaSonera is subject to the Communications Market Act, and related regulations, decrees and administrative decisions, which implement the EU Communications Framework. The Finnish NRA has issued SMP decisions on a number of markets.

Based on the current Commission Recommendation on relevant product and service markets within the electronic communications sector susceptible to *ex ante* regulation, TeliaSonera and its competitors are

subject to obligations in several markets. The Finnish NRA has issued SMP decisions on the following markets: call termination and call origination on individual fixed networks, wholesale unbundled access, wholesale terminating segments of leased lines, wholesale broadband access and voice call termination on individual mobile networks.

Access to the fixed network and local telephone services (retail markets) were previously analysed under previous Commission Recommendation and SMP decisions are in force. These markets are currently being analysed based on the current Commission Recommendation.

Markets for access and call origination on public mobile networks, wholesale national market for International roaming, wholesale trunk segments of leased lines, transit in the fixed network, retail international telephone services and retail national telephone services have been found competitive.

Other

In Denmark, TeliaSonera is designated an SMP operator in the wholesale markets of fixed and mobile termination. TeliaSonera has also been designated SMP operator in the wholesale market of SMS termination. It has not yet been decided whether or not TeliaSonera will be price regulated on SMS termination. A draft decision is expected before summer 2010.

In Norway, NetCom has been designated an SMP operator in the market for mobile termination.

In Estonia, Latvia and Lithuania, TeliaSonera's companies have been found to have SMP status both in fixed and mobile markets.

Implementation of pricing restrictions such as fixed or cost-based pricing or other obligations imposed by the relevant NRAs on TeliaSonera in any of the jurisdictions it operates might have an adverse effect on its business, financial condition and results of operations.

Competition Laws

TeliaSonera is subject to the competition laws of the countries in which it operates, in particular Swedish, Finnish and EU competition laws.

The European Union

The EU competition rules set out in the EC Treaty and EU legislation are binding on EU member states and are therefore applicable to TeliaSonera's operations in the EU. If those rules are breached, the European Commission may impose fines of up to ten per cent. of a company's revenues on a consolidated basis in the preceding financial year. The EU competition rules are applicable to restrictions on competition which may have an appreciable effect on trade between member states.

So long as the Kingdom of Sweden exercises a significant influence over TeliaSonera, the European Commission could bring proceedings against TeliaSonera directly, under Articles 81 and 82 of the EC Treaty, or bring proceedings against the Kingdom of Sweden under Article 86 of the EC Treaty, to ensure that TeliaSonera complies with EU competition rules. This means that TeliaSonera might face two different proceedings, the latter of which it could not directly influence and to which it would not be a party.

Given that the Swedish State and the Finnish State hold 37.3 per cent. and 13.7 per cent. of TeliaSonera's outstanding shares, respectively, there is always a risk that TeliaSonera's competitors might allege that TeliaSonera's transactions with the Finnish State or the Swedish State involve an element of state aid, or that the European Commission may launch a formal investigation of such a transaction on its own initiative. The European Commission has the power to order suspension of aid payments and require the recovery of aid already granted, including accrued interest. These rules do not apply when a state contributes capital in circumstances that would be acceptable to a private investor operating under normal market economy conditions.

Sweden

The Swedish Competition Authority is empowered to issue injunctions, and to enjoin a party to discontinue immediately practices that are not permitted under the Competition Act. The Swedish Competition Authority and the Swedish NRA cooperate to facilitate investigations of anti-competitive behaviour in the telecommunications services sector.

Finland

The Finnish Competition Authority is empowered to issue injunctions, and to enjoin a party to discontinue immediately practices that are not permitted under the Act on Competition Restrictions.

International Obligations

Over 70 member countries of the World Trade Organisation ("**WTO**") have entered into a Basic Telecommunications Agreement ("**BTA**") to provide market access to some or all of their basic telecommunications services. The BTA took effect in February 1998. Signatories under the BTA have made commitments to provide "market access", requiring them to refrain from imposing certain quotas or other quantitative restrictions in specified telecommunications services sectors, and to provide "national treatment" by ensuring that foreign telecommunications service suppliers are accorded the same treatment as national service suppliers. In addition, a number of signatories, including Sweden and Finland, have agreed to abide by certain pro-competitive principles set forth in a reference paper relating to the prevention of anti-competitive behaviour, interconnection, universal service, transparency of licensing criteria, independence of the regulator and non-discriminatory allocation of scarce resources.

Environmental Matters

The principal environmental impact of TeliaSonera's operations arises from vehicle use, travel, transport, energy use and the consumption and use of materials. Pursuant to European Union legislation, TeliaSonera may be responsible for the recycling costs of used telephone poles and cleaning up of impregnation sites in several of the jurisdictions in which it operates.

TAXATION

The Kingdom of Sweden

The following summary outlines Swedish tax consequences to holders of Notes who are not residents of the Kingdom of Sweden for income tax purposes. Purchasers are urged to consult their professional advisers as to the tax consequences of holding or transferring Notes.

Under Swedish law as presently in effect, payments of any principal or interest to the holder of any Note will not be subject to Swedish income tax, provided that such holder is (1) not resident in Sweden, (2) does not carry on trade or business in Sweden where the payments of principal or interest are attributable to a permanent establishment or (3) is an estate which is liable to pay tax in Sweden. Inheritance and gift tax was abolished in Sweden as of 1 January 2005.

A person is resident in Sweden if he (a) is domiciled in Sweden or (b) has his habitual abode in Sweden or (c) earlier has been domiciled in Sweden and after having moved abroad continues to have an essential connection with Sweden (for example is engaged in trade or business in Sweden).

Swedish law does not impose a withholding tax on payments of principal or interest to the holder of any Note except on payments to a holder who is either an individual with tax residency in Sweden or an estate of a deceased individual resident in Sweden at the time of his death. The intermediary of the payment is obliged to notify holders of Notes outside Sweden and the Swedish tax authorities of payments exceeding SEK 150,000 made to holders who are private individuals, an estate or a legal entity.

Under Swedish law, capital gains on the disposal of Notes will not be subject to Swedish income tax provided that the holder is not tax resident in Sweden, holds the Notes as assets involved in a trade or business in Sweden or is a Swedish estate. The Swedish net wealth tax was abolished as of 1 January 2007.

EU Savings Directive

Under European Council Directive 2003/48/EC on the taxation of savings income (the “**Directive**”), Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in that other Member State. However, for a transitional period, Luxembourg and Austria will subject to certain exceptions, apply (unless during that period they elect to provide information in accordance with the Directive) a withholding system in relation to such payments deducting tax at rates rising over time to 35 per cent. (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries, and certain dependent or associated territories of certain Member States, have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident or certain limited types of entity established in one of those territories.

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the Directive, which included the Commission’s advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above. Investors who are in any doubt as to their position should consult their professional advisers.

Luxembourg Taxation

The following summary is of a general nature and is included herein solely for information purposes. It is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Withholding Tax

(i) Non-resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the laws of 21 June 2005 (the "**Laws**") mentioned below, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident holders of Notes.

Under the Laws implementing the European Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments and ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of EU Member States (the "**Territories**"), payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner or a residual entity, as defined by the Laws, which are resident of, or established in, an EU Member State (other than Luxembourg) or one of the Territories will be subject to a withholding tax unless the relevant recipient has adequately instructed the relevant paying agent to provide details of the relevant payments of interest or similar income to the fiscal authorities of his/her/its country of residence or establishment, or, in the case of an individual beneficial owner, has provided a tax certificate issued by the fiscal authorities of his/her country of residence in the required format to the relevant paying agent. Where withholding tax is applied, it is currently levied at a rate of 20 per cent. and will be levied at a rate of 35 per cent. as of 1 July 2011. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Laws would at present be subject to withholding tax of 20 per cent.

(ii) Resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005 as amended (the "**Law**") mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident holders of Notes.

Under the Law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is resident in Luxembourg will be subject to a withholding tax of 10 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Law would be subject to withholding tax of 10 per cent.

Further and pursuant to the Luxembourg law of 17 July 2008, Luxembourg resident individuals who are the beneficial owners of interest payments and other similar income made by a paying agent established outside Luxembourg in a Member State of the European Union or of the European Economic Area or in a jurisdiction having concluded an agreement with Luxembourg in connection with the Directive, may also opt for a 10 per cent. levy (which is final for Luxembourg resident individuals acting in the course of the management of their private wealth). In such case, the 10 per cent. levy is calculated on the same amounts as for the payments made by Luxembourg resident paying agents. The option for the 10 per cent. levy must cover all interest payments made by the paying agent to the Luxembourg resident beneficial owner during the entire calendar year.

SUBSCRIPTION AND SALE

The Dealers have in an amended and restated programme agreement (the **“Programme Agreement”**) dated 6 May 2009 agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under *“Form of the Notes”* and *“Terms and Conditions of the Notes”* above. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment of the Programme and the issue of Notes under the Programme.

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that except as permitted by the Programme Agreement, it will not offer, sell or deliver Notes (i) as part of their distribution at any time and (ii) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons and it will have sent to each dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding paragraph and in this paragraph have the meanings given to them by Regulation S under the Securities Act.

In addition, until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and regulations thereunder.

Each issue of Index Linked Notes and Dual Currency Notes shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer shall agree as a term of the issue and purchase of such Notes, which additional selling restrictions shall be set out in the applicable Final Terms. Each relevant Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will offer, sell or deliver such Notes only in compliance with such additional U.S. selling restrictions.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a **“Relevant Member State”**), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **“Relevant Implementation Date”**) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (b) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000; and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;

- (c) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an **“offer of Notes to the public”** in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression **“Prospectus Directive”** means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

United Kingdom

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (i) in relation to any Notes having a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of the FSMA by the Issuer;
- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Law No. 25 of 1948, as amended; the **“FIEA”**) and each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Control Law (Law No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

General

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that it will comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Notes or possesses or distributes this Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and none of the Issuer and any other Dealer shall have any responsibility therefor.

None of the Issuer and any of the Dealers represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

With regard to each Tranche, the relevant Dealer will be required to comply with such other additional restrictions as the Issuer and the relevant Dealer shall agree and as shall be set out in the applicable Final Terms.

Significant or Material Change

Save as disclosed in this Prospectus, there has been no significant change in the financial or trading position of the Group since 31 March 2010 and there has been no material adverse change in the prospects of the Issuer since 31 December 2009.

Legal and administrative proceedings

In its normal course of business, TeliaSonera is involved in a number of legal proceedings. These proceedings primarily involve claims arising out of commercial law issues and regulatory matters. TeliaSonera is also involved in administrative proceedings relating principally to telecommunications regulations and competition law. In particular, TeliaSonera is involved in numerous proceedings related to interconnect fees, which affects future revenues. Except for the proceedings described below, TeliaSonera or its subsidiaries are not involved in any governmental, legal, arbitration or regulatory proceedings which management believes could have a material adverse effect on TeliaSonera's business, financial condition or results of operations.

Regulatory proceedings

During the second half of 2001, a number of operators filed complaints against TeliaSonera with the Swedish Competition Authority and the Authority initiated an investigation regarding TeliaSonera's pricing of ADSL services. The complaints suggest that the difference between TeliaSonera's wholesale prices and retail prices is too low to effectively enable competition in the retail market. In December 2004, the Competition Authority sued TeliaSonera at the Stockholm District Court claiming that TeliaSonera has abused its dominant position. The Authority demands a fee of SEK 144 million. TeliaSonera's position is that it has not engaged in any prohibited pricing activities. Following the Competition Authority's lawsuit, Tele2 has on 1 April 2005 and Spray Network on 29 June 2006, respectively, claimed substantial damages from TeliaSonera due to the alleged abuse of dominant market position. TeliaSonera will vigorously contest Tele2's and Spray Network's claims. The actions for damages have been stayed pending the case between TeliaSonera and the Competition Authority.

Other legal proceedings

TeliaSonera is currently involved in court cases with Primav Construcoes e Comercio and Telmig, former shareholders of the Brazilian mobile operator Tess, relating to such shareholders' disposal of their investments in Tess as well as certain call options and subscription rights in Tess. Whilst TeliaSonera has sold its holding in Tess, it has entered into certain guarantees to compensate the buyer for certain losses in connection with the above-mentioned court cases. TeliaSonera will vigorously contest any claims in connection with the disputes. TeliaSonera believes that losing the disputes is not probable but, given the anticipated duration of the court proceedings, TeliaSonera has recognised a provision for estimated future legal fees.

Geocell LLC, a subsidiary of TeliaSonera in Georgia, has received a decision from the local tax authority claiming a value added tax penalty in the amount of GEL 101 million (approximately SEK 450 million). On appeal, the claim has been remitted to the tax authority for a renewed assessment of the case. Geocell will vigorously contest the tax authority's claim.

Auditors

The auditors of the Issuer are PricewaterhouseCoopers AB, associated with *FAR/SRS*, who have audited the Issuer's accounts, without qualification, in accordance with IFRS for each of the two financial years ended on 31 December 2009 and 2008. The auditors of the Issuer have no material interest in the Issuer.

Post-issuance information

Save as set out in the Final Terms, the Issuer does not intend to provide any post-issuance information in relation to any underlying in connection with any issues of Note.

Certain of the Dealers and their affiliates may have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services to the Issuer and its affiliates in the ordinary course of business.
